A. J. Barton, General Superintendent, Kansas City, presented the

TENTH ANNUAL REPORT OF THE EXECUTIVE BOARD OF MISSOURI BAPTIST GENERAL ASSOCIATION

October 1, 1924, to September 30, 1925

(Financial Exhibit October 16, 1924, to October 15, 1925)

Arthur J. Barton, General Superintendent

With a deep sense of gratitude to our Lord and Savior for His continued guidance and blessing upon the labors of the year, your Executive Board presents this annual report. The year has been one of earnest and prayerful effort on our part for the promotion of all the interests and institutions fostered by our Missouri Baptist people. We are happy to record that it has been a year of manifest blessing from our Heavenly Father and of marked increase of interest in our Lord's work upon the part of our pastors and churches. We thank God and take courage.

Change in Personnel of Working Force

For the most part the personnel of our working force has remained the same as heretofore. During the year Rev. J. S. Deaton, who had served as our representative in the Springfield District, retired from the work. Rev. P. H. Seise, formerly City Missionary in Kansas City, Kansas, was elected to reside for the present at Springfield to promote the interests and cause as our representative in that section under the title of Enlistment Evangelist. Rev. J. M. Haymore, who was General Missionary for the St. Louis District, has been transferred to the position of General Evangelist and to succeed him as General Missionary. Rev. L. F. Maynard, formerly of Shreveport, Louisiana, was elected, Brethren Seise and Maynard, the two new members of our general force, have shown themselves faithful and diligent and have been cordially received by our people. Rev. F. Y. Campbell has been continued in the work at Kansas City under the title of Enlistment Evangelist.

Emphasis Upon Evangelism

As indicated above, Rev. J. M. Haymore, who was General Missionary at St. Louis, has been transferred to the position of General Evangelist. This change was made both because of Brother Haymore's earnest zeal for evangelism and his adaptability to that type of work and also because of our desire to inaugurate and maintain a department of evangelism in which certain brethren shall give themselves wholly to the task of winning the lost to our Lord and Savior. In addition to Brother Haymore, the Board has employed Rev. A. J. Johnson of DeSoto. These two brethren, each of them zealous and faithful, are giving all of their time to holding protracted meetings and to winning the lost. It is the hope of your Board that next year we may be able to increase the number of brethren employed in this department. This will be done if we can find it wise and feasible to increase the number of evangelists and if we can find brethren whom we regard as in every way worthy, qualified and capable for service in that department who are willing to accept employment on the basis of our plan. It is the conviction of your Board that one of the things that we most need in Missouri is to kindle the fires of evangelism and to keep them constantly aglow in all of our hearts. All about us are lost men who need to be saved and who can be saved only through faith in the Lord Jesus Christ and who will come to have this faith only as we carry to them the message of the Gospel in His spirit and power.

Not only must we keep a number of earnest hearted men employed as evangelists; we must also pray constantly that our pastors and churches may be filled with the spirit of winning the lost and that they may be endued with the Spirit's power to this end. We must pray constantly for convicting and converting power to come upon pastors and churches and to be manifest in our regular service. The cold, formal, commonplace service can never win men to Christ, can never be a great factor in promoting His kingdom among men. It is a sad day for us when we assemble for worship and sing and pray and preach without having men "pricked in their hearts" and made to cry out, "Men and brethren, what shall we do?" We are commissioned by Christ to preach the Gospel in all the world. The Gospel is the power of God unto salvation to everyone that believeth. Multitudes of men will believe if the Gospel is preached with power and if our churches agonize in spirit because of a lost condition of men who are strangers to His grace.

We must enlist our pastors in the field of evangelism. We must develop a great company of warm-hearted pastors endued by the Spirit, filled with compassion for the lost that shall be able to lead our people in soul-winning campaigns. These things can be done only as we approach the whole kingdom task in the right spirit and as we wait constantly on God

in prayer. May the Lord deliver us from a tearless and soulless Gospel; may He send us to our knees; may He clothe us with might and use us to His glory.

Helpful Courtesy From Railroads

Again we would record our grateful thanks to the railroads which have recognized the value of our work and the large contribution which it makes to the material development and prosperity of our commonwealth and because of this recognition have shown their interest and co-operation by furnishing transportation for the General Superintendent. Such roads are Chicago, Burlington and Quincy; Chicago, Rock Island and Pacific; Kansas City Southern; Missouri Pacific; St. Louis-San Francisco; and St. Louis Southwestern. We bespeak for these roads grateful appreciation and courteous consideration from all our people. We hope to be able to add to this list the names of other roads from year to year.

Departments of Women's Work and Sunday School and Young People's Work

As a part of this report we are glad to present the reports of these two departments by their respective heads, Mrs. J. G. Reynolds and Mr. J. C. Hockett, Jr. We rejoice in the continued faithfulness of these heads of departments and in enlarged effort and increased fruits in these spheres of our activity. Like all of our workers, Mrs. Reynolds and Mr. Hockett have been diligent in their unceasing efforts to promote not only the particular work committed to them but all of our denominational causes and our whole denominational program. During the year Miss Viola Beagle, who had served so well as Young People's Leader in the W. M. U. Department, resigned because of her approaching marriage which would take her from the state. To succeed her Miss Reitha Hight, representative of the Home Mission Board in Havana, Cuba, was chosen. Miss Hight, as is well and generally known, is a Missouri woman. She was serving in Havana under the Home Board but her health was not the best in the Cuban climate and she was confronted by the probable necessity of having to give up her work and return home. Before we approached her we took the matter up with Dr. Gray of the Home Board, feeling that this courtesy should be shown another denominational agency before tendering employment to one of its servants. After this approval was secured, Miss Hight was elected and has been proving herself a valuable addition to our working force. It is not the purpose of this general report to go into details of the work of the two departments. This will be done by the departmental reports. We commend these reports and the work of the departments. It would be impossible for us to estimate the far-reaching and grateful results which are being achieved. Our women are becoming more and more enlisted, better and better organized and more and more

efficient. We must not relegate the work of our churches of the denomination to the women. The men must do their part. But we have great occasion to be thankful for the increasing intelligence and devotion of the great army of Baptist women under the efficient leadership of the Woman's Missionary Union. Likewise the department of Sunday School and B. Y. P. U. work shows great gain during the past year. We are raising up an army of young people of intelligence and devotion. From the ranks of the Sunday School and young people's unions will come efficient leaders and great givers upon whom the Lord's work may confidently rely.

Business Organization and Methods

During the year we have strengthened our business organization in the office by employing for full time a thoroughly experienced and competent man as bookkeeper and office manager and by the addition of a thoroughly experienced young woman who devotes her time to the handling of correspondence and other details in connection with the budget. We now have as faithful and efficient office force and organization as could be found anywhere. We follow the best known business methods in the daily office routine and in handling all the affairs of the work. Your Board recognizes that it is the servant of the denomination and the steward of a trust. It gives all diligence and is exercised by the most scrupulous care that it may not in any instance fall below the most exacting demand of stewardship. During the year we have installed a complete double-entry system of bookkeeping which adds much to the efficiency of the bookkeeping department and guards against the possibility of mistakes.

The Publication of Cash Receipts

Several times during the past year we have published in tabulated form cash receipts coming from all the churches for all purposes. This is done for the information of the whole denomination. The Board recognizes that denominational affairs are public and that the denomination is entitled to the fullest and most accurate information about the amount of money received and disbursed and how it is disbursed and about all other matters affecting the welfare of the work, the co-operation of our people and the promotion of our several causes. The publication of receipts enables each pastor and church to know the amount of money which they have sent. It also enables them to keep check on our office and to know whether or not any mistake has been made in crediting funds. It reveals both our strength and our weakness. It lists the churches and enables us to discover those which are measurably enlisted and taking their God-given tasks with somewhat serious concern. It reveals also the large number of churches which are uninformed and unenlisted and whose con-

dition appeals to us beyond human speech for brotherly solicitude and help that they may be awakened spiritually and may share with us the responsibilities and joys of our world enterprise.

Reports of Institutions

In keeping with the obligation imposed upon your Board and Superintendent, the Superintendent, some sixty days ago, called the attention of the heads of institutions to the fact that the annual meeting was drawing near and suggesting that their reports be filed somewhat in advance if possible. We have received reports from all of the institutions except La-Grange College, Will Mayfield College and the Sanitarium. Doubtless copies of these reports will be presented by the respective heads of these institutions at the proper time according to the schedule of this session. We are advised by Dr. Wilkes that the report of the Sanitarium has been somewhat delayed because the auditors have not been able to finish the work. It is hoped that this may be completed in ample time to be included in the minutes before they come from the press. The report from the Missouri Baptist Ministers' Aid Society, which we have in hand, consists of financial statement prepared by Brother J. R. Jesse, the Treasurer. We are advised that the President, Brother C. F. Clark, will have a general statement covering receipts and disbursements and assets and liabilities and will present same to the association. The report of the Orphans' Home in hand is a general report and contains no financial statement. We presume that the full report including financial statement and proper auditor's certificate will be presented. The reports of the Home for Aged Baptists, William Jewell College and Southwest College are complete and have financial statement to which auditors' certificates are attached. The report from Hardin College gives financial exhibit but does not bear auditors' certificates. President J. M. Wood advises that the auditors have not completed their work, but that the financial report of Stephens is based on their figures and is correct. Doubtless there have been unavoidable delays or hindrances. Your Board calls attention to these matters in no spirit of fault-finding but only in fulfillment of the duties and responsibilities placed upon it. It is well to emphasize the importance of full and complete reports with the provision always that the financial report should contain a full statement of receipts and disbursements and of assets and liabilities and in every case should have attached the certificate of a certified public accountant.

Philanthropies

During the year the Board created a special committee consisting of the regular committee on Philanthropies and Rev. R. M. Inlow, Chairman of the Executive Committee, to visit our several philanthropic institutions

and to make a thorough survey of their plants and business methods with the view to suggesting any improvements that might seem necessary and wise. This committee made full and careful survey and made full and definite report to the Board which report was communicated to the institutions concerned. The most material features of the report were certain recommendations concerning necessary improvements and repairs at the Orphans' Home. The committee suggested what it thought would strengthen the Home in its plan of organization and administration and certain very substantial and material improvements to the property, chief of which was the installation of an adequate water supply with power and light plant and an adequate system of fire protection. We are advised that the Orphans' Home Board has these matters under serious and sympathetic consideration, that some of the improvements have been made and that others will be made. The annual report of the Home to be submitted at this session says: "Our greatest needs are a larger water supply and better trained house mothers." We recommend that your Executive Board be authorized and instructed to keep itself fully informed as to the needs and to counsel and co-operate with the Orphanage management in carrying to completion these improvements and any others that conditions may demand from time to time.

The Home Mission Board and the Sunday School Board of the Southern Baptist Convention

During the year these two great agencies of Southern Baptists have continued their sympathetic attitude and co-operation and help for all of our work for which we are deeply grateful. The Home Mission Board has contributed $12,875.00 to our co-operative work. The Sunday School Board has contributed $975.00 to the maintenance of our department of Sunday School and B. Y. P. U. work and has contributed $2,855.85 to the promotion of the Rural Campaign during the summer season and in other ways has shown its deep interest in the welfare of our Missouri Baptist churches. Your Board recommends that by the adoption of this report the General Association recognize gratefully the services of these two agencies and express our sincere and hearty thanks to each of them. It is a matter of regret that the Home Board, because of the heavy debt on its treasury and lack of funds, was forced at its meeting in June to reduce the appropriation to Missouri from $13,500 to 12,000.00, or to $1,000.00 per month. This reduction is not due in any sense to lack of interest in the work of Missouri but only to the force of circumstances. It is gratifying to note that in the schedule of gifts and work prepared by the Commission on Co-operative Program of the Southern Baptist Convention the Home Board has been alloted a larger percentage of funds by which we hope during the next year the financial condition of the

Board may be relieved. We must give continued and enlarged support to the interests of the Home Board along with all other interests.

Laymen's Work

We have not yet been able to find a man who is at the same time well fitted for leading in the organization of our men and in the development of the laymen's work and at the same time available for the position. We hope soon to find such a man and to engage his services. It is highly important that we make definite and systematic effort to indoctrinate the men of our churches in stewardship and enlist them in constant, active and generous support of all our denominational interests. Your Board could not overstate the importance of this vital matter.

Helping the Colleges

It will be seen that in the total receipts for the year the share of our six colleges amounts to the sum of $30,319.37. While the amount is not as large as we could wish, it has served greatly to aid the colleges in meeting their current obligations. Figuring the income of endowment funds at five per cent, which is a good rate of interest on funds securely invested, this amount is equal to the income on the sum of $606,387.40 of endowment. Thus it will be seen that through our regular co-operative work we can in some measure at least offset the lack of endowment until such time as we may be able to provide endowment for our schools.

Budget Expense

It will be seen that a small charge has been made against the Unified Budget. The Commission on Co-operative Program of the Southern Baptist Convention took action requesting all the states to charge to the Unified Budget such items as were strictly chargeable to the budget and deduct the same before distribution of funds is made. We have followed this suggestion in a very conservative way. Recently the Board took action appointing a committee to go over the matter with the General Superintendent and to decide on what items are properly chargeable to this account. This will be entirely just and proper. It will distribute equitably the expenses of the budget among the several participating interests. On the enlarged scale on which your Board is now representing all of the interests, it would work an unbearable hardship upon the State Mission account for it to be charged with all of the expense of administration while all of the other interests were wholly relieved of their part of this general expense. Your Board recommends that this plan be approved and that the Board exercise its discretion and best judgment in the matter.

Expenses of the Education Commission

Last year the report of the Education Commission was referred to a new committee or commission to report this year. No provision was made for meeting any expenses that might be incurred. Your Board is advised that this committee had a meeting at Jefferson City on September 29 and that some of the members had to incur some traveling expenses in connection with this meeting. Your Board recommends that it be authorized to defray these expenses upon the filing of proper itemized reports and that the same be charged against the amount due the colleges from their regular percentage of receipts.

Cash Awards for Best Minutes of District Associations

With the purpose and desire to promote interest and efficiency in gathering denominational statistics and in the prompt issuance of the minutes of the district associations in the best form possible the General Superintendent and the members of your Board have contributed from their personal funds the sum of $50.00, to be given in awards to the clerks of the associations for the best, second best and third best minutes on the conditions which have been published on the following basis: $25.00 for the best minutes, $15.00 for the second best and $10.00 for the third best. This offer has created widespread interest among the clerks of the associations as shown by the large number of minutes which have been received at the office and by the excellent form in which the minutes have been printed. More and more we must arouse interest in the district associations as an efficient working unit in our scheme of Baptist organization. As regards Baptist policy the district association is not any closer to the churches within its bounds than any other Baptist body with which a church is affiliated. But it is closer by geographical distance and by reason of smaller territory and smaller number of churches. The district association is the most vital and important factor, and, if efficiently organized, it may render a service in organizing our forces and encouraging weak churches which is not possible to our larger general organizations. It was with the hope of quickening interest in the district association as a body that this offer of awards was made and your Board has been greatly pleased and gratified at the definite and sympathetic response which it has provoked.

Missionaries Employed and Results of Their Labors

During the year our working force has consisted of the General Superintendent, Secretary of Woman's Work and Young People's Leader, Secretary of Sunday School and B. Y. P. U. Work and Elementary Worker, three General Missionaries or Enlistment men, two Evangelists, 30 Associational Missionaries, 76 Missionary Pastors and one Negro Mis-

sionary. Thus it will be seen that we have employed during the year 114 workers. The summary of their work is as follows:

Days of service	23,082
Sermons and addresses	13,137
Homes visited	24,087
Professed conversions	2,366
Baptisms	1,719
By letter and otherwise	1,043
Total additions	2,762

It is the purpose and desire of your Board to publish as a part of this report the tabulated statement listing the name of each of the evangelists, associational missionaries and missionary pastors, giving in tabulated form the name, address, field of labor, time devoted to the work; conversions and baptisms, money raised and other items of special interest.

Word and Way

The constant, sympathetic and generous support given to all of our causes by our State paper, the Word and Way, is greatly appreciated by your Board, as by the denomination at large. At the quarterly meeting in St. Louis in April the following statement by the Superintendent was approved by the Board.

"Our Word and Way Campaign last year was one of the most fruitful of all the things we have done. The Superintendent recommends that a like campaign be put on this summer, the details of the campaign to be left to the Superintendent and Executive Committee in co-operation with the Word and Way. We must reach our people with information if we expect them ever to become deeply interested and thoroughly enlisted in our work. It is a matter of great satisfaction to mark the growing spirit of harmony and co-operation among all of our agencies and forces. It is fitting that the Board take suitable recognition of the large amount of space given to our work by the Word and Way and the generous attitude of co-operation and support which has marked the editorial policy of the paper. In connection with the general work the Superintendent has used three pages of advertising space in the Word and Way. This is a small financial recognition of the service of the paper to all of our causes and will have your approval. Even the papers that are owned by the denomination in the several states of the South receive good amounts of paid advertising from the denominational interests in those states."

This action was communicated to the Word and Way. After full consideration the editors did not feel that they would be justified in making so large a reduction in subscription price as was made last year to

give impetus to the Word and Way Campaign. It seemed impracticable, therefore, for us to put on an intensive campaign for increase of the circulation of the Word and Way, but all the employees of your Board are enjoined to give constant support of the Word and Way and to do everything in their power, to increase its circulation. We are deeply grateful for the large amount of space given to our work and for the hearty editorial support. We recommend that our people pledge themselves to increase the circulation of the paper both as a fit recognition of the service which the paper renders and as a means of getting the information and the message of our work into our Baptist homes. We cannot expect active and generous support for our missionary program from the masses of our people unless our people are informed. Our State paper offers the best, cheapest and most expeditious means of communication with the Baptist masses. Put the Word and Way in every Baptist home in Missouri and our whole Baptist situation would be transformed immediately. Your Board stands ready at any time to co-operate with the Word and Way in a special campaign for the enlargement of the circulation when and as the Word and Way management thinks wise and proper.

Personal Canvass for the Southern Baptist Theological Seminary

As was set out in our last annual report, your Board co-operated with the Southern Baptist Theological Seminary in a personal canvass for raising funds for the building program of the Southern Baptist Theological Seminary. Dr. P. T. Hale spent some time in the state in this canvass. He was not able to cover the state thoroughly and the total collections made by him were not an adequate expression of Missouri's interest in our great Seminary. President E. Y. Mullins has requested that at some future time to be agreed upon we give our approval and co-operation in a further canvass. Your Board recommends that this be done; that the time for such canvass be agreed upon between the Seminary and your Board; that the canvass be put on under the advice and counsel of your Board in such manner as to cause the least conflict with our general program and that, as heretofore, the Seminary make full report to your Board of all cash raised and all pledges taken so that we may be intelligently advised as to what Missouri is doing for the Seminary and may from year to year include the cash in our report and financial exhibit.

It will be seen from our financial statement that from the beginning of Dr. Hale's canvass up to October 15th, Missouri has given $5,728.01 in cash, and that there is a balance of $2,670.50 in unpaid pledges, most of which will doubtless be paid as they mature. We record our loyalty and love for the Seminary which has made such large contribution to the promotion of all the interests of our Redeemer's kingdom through the education and training of our Baptist ministers.

Needs and Building Plans of First Church, Columbia, Missouri

Last year we called attention to the inadequacy of the church plant at Columbia to meet the growing needs of the great student bodies in that city in addition to the normal local congregation which has long been a matter of comment and of deep concern to all serious and thoughtful persons in our Baptist ranks. Under the vigorous and aggressive leadership of the present pastor, Rev. Luther Wesley Smith, the church at Columbia has rapidly taken on new life. The building is crowded and overflowing. Many students are turned away from its doors during the hours of service. Similar situations exist in other college towns. But at Columbia the condition is acute. At its meeting in Kansas City in July, your Board adopted the following report:

"We, your Committee appointed to consider and make recommendations touching the Columbia Church and the student situation at that place, would make report that in our opinion there is no more important task now confronting the Baptists of Missouri than that of conserving the religious life of the thousands of young men and women attending the State University and other large state schools.

"We further believe that immediate, wise and vigorous action on our part is necessary to avoid a loss of position and influence by our denomination which it would be most difficult, if not impossible, in after years to recover.

"We recognize the fact, however, that, in view of the pressing demands of other denominational activities already undertaken by this body, and the consequent financial obligations, it is seemingly impracticable for the Executive Board at any time within the near future to undertake a financial campaign to secure the necessary funds for the erection of an adequate church building and Students' Social Center at Columbia.

"We therefore recommend: First, that the heroic action of the Columbia Church in pledging $121,000.00 for this purpose be heartily commended by this Board and that we express to the Baptists of Missouri our belief that the imperative denominational obligation now rests upon us to provide from the State at large at least an equal amount for the erection of the needed building.

"Second, that the Columbia Church be authorized to conduct a Statewide campaign for the raising of such funds, such campaign to begin at such time in the future as may be agreed upon by this Board, or the State Superintendent, and the Columbia Church, as will least interfere with the campaign for the Unified Mission Budget, the time suggested by your committee for the commencement of said campaign being January 1, 1926.

"Third, that this Board, the State Superintendent and all other representatives and workers of this Board give all friendly aid and assistance within their power to such campaign.

"Fourth, that the action of this Board taken at this time be reported to the next meeting of the Missouri Baptist General Association for its information and endorsement."

We here call attention to this matter and express the hope that at some suitable time the Association may hear Pastor Smith discuss this problem and his plans for enlisting sympathy and help. It is clearly understood that the Columbia pastor and church will confer freely with your Board and will not inaugurate any plan which in the judgment of your Board would interfere with the Unified Mission Budget and the Every-Member Canvass. With your approval your Board will co-operate and will give hearty moral support to this worthy task. We must take care of "the student situation" at Columbia.

Other Situations Similar

While the situation at Columbia is perhaps more acute, there are other situations quite similar and almost as needy. This is especially true of Cape Girardeau, where the Southeast Missouri Teachers' College is situated. Pastor J. Pendleton Scruggs and his church at Cape Girardeau have been doing heroic things with the view to meeting the situation there. They have launched a building campaign, have raised $73,000.00 and now have the foundation in. They have been able to "finance the enterprise," but feel that they will be financially unable fully to meet the demands of the situation. Undoubtedly this pastor and church are entitled to the full sympathy and to the assistance of the denomination in providing an adequate church plant to care for the large number of Baptist students who attend the college in that city.

There are still other situations of a similar nature. We are glad to record that the church at Bolivar has made good progress in the erection of its new plant and the church at LaGrange has remodeled and beautified its plant so as to make of it a quite attractive and, at least for the present, an adequate equipment. Your Board is aiding the church at LaGrange to the amount of $1,750.00 in the purchase of its heating plant which will cost $3,500.00. This was necessary by the fact that the church had practically reached the limit of its financial strength in the enlargement and repairs on the building. The need was greatly accentuated by the recent scourge of typhoid fever with which LaGrange has suffered and which has affected materially the plans and work of the church.

We understand that the church at Mexico has plans in the making and hopes in the not distant future to erect a worthy plant. The Mexico Church has a large and comparatively strong congregation and will undoubtedly be able to erect a worthy building with little or no assistance from the outside.

We have briefly sketched the situation. We must provide adequate church plants at our college centers. We must care for the spiritual life

and development of our Baptist students whether they be in our Baptist schools or State schools.

Student Conference

Our first Missouri Baptist Student Conference was held at Mexico, January 21-23. It was held under the auspices of the Inter-Board Commission at Memphis, Tennessee, and your Executive Board. It was well attended, there being 114 registrations, representing 17 colleges. The spirit of the meeting was fine and the program was calculated to impart much information to the young people and to create real inspiration and purpose in their hearts concerning the Lord's work. Another such conference is to be held at Bolivar November 13-15. Your Board has a committee consisting of Mrs. Cora F. McWilliams, Mrs. W. P. Hawkins and Dr. R. M. Inlow to co-operate with the Student Committee and with the Inter-Board Commission in preparation of the program for the Conference. The expenses of the Conference were borne last year by an appropriation from the Inter-Board Commission and by registration fees. The same will be true this year. We are making a good beginning in our student work and hope to see it carried forward with increasing proportions and on the ascending scale. It will be the purpose of your Board so soon as our finances and circumstances will allow and so soon as we can find just the right person to employ a capable Student Secretary who will give all of his time to visiting the colleges and co-operating both with the students in our Baptist schools and the Baptist students in our State schools to co-operate with them and to assist them in their religious life and activities. The college period is the most transforming and in many ways the most critical of one's life. The closest possible touch and bond of sympathy must be maintained between the denomination and our Baptist students.

Church Building Fund

Again we record and call attention to the need for a great revival in church building throughout Missouri. We are happy to observe and record that during the past year a large number of good, substantial, modern buildings have been erected. Many, many others are needed. Many of our church houses are utterly inadequate and antiquated. The old fashioned church house that consists of four straight walls no longer meets the needs of a church. A church that will live and grow and do the work of Christ in the present day must have a plant both adequate and adapted to present day methods and tasks. The Sunday school, as now organized and conducted, must be housed and equipped. The young people must have assembly rooms and be enabled to carry forward their work of development and training. To the end that we might help in

some measure to meet the needs of the situation, your Board recommended last year that the Permanent Funds in the hands of your Treasurer be dedicated as a church building fund to be lent from time to time to churches erecting new houses; that the income from this fund be made a gift fund to be donated to church building enterprises under proper conditions; that the percentage included in the budget for church buildings be used in a similar way. This met your hearty and unanimous approval. At its meeting in St. Louis the Board took the following action concerning the church building fund:

"It was voted that the interest of the Permanent Funds and amount coming from the Unified Budget may be used either for loans or gifts in the judgment of the Board."

At this meeting the Board also adopted the following rules and regulations concerning the administration of this fund:

"For its own guidance and for the information of the denomination, the Executive Board of the Missouri Baptist General Association adopts and publishes the following rules and regulations which shall govern appropriations from its church building fund to aid Baptist churches in Missouri in the erection of church buildings:

(Note: These rules were approved by the General Association by the adoption of this report except paragraph 5, which was referred to the Board for further consideration.—A. J. B.)

"1. In every case appropriations from this fund will be made directly to the church to receive the aid, upon application of said church, which application shall be formally adopted by the church at a regular business meeting and signed by the moderator and clerk, the application blank to be furnished by the General Superintendent. The application shall contain information upon the following points, to-wit: Location of church; population to be served; proximity of other Baptist churches; size and value of lot; size, plan and cost of buildings; amount already paid on building; present indebtedness, if any; and portion of this the church and community could raise conditioned on a gift from the Board.

"2. In every case the application shall be accompanied by Blue Prints or adequate pencil sketches of the building plans together with adequate specifications, which shall be subject to the approval of the Board, the Executive Committee, or the General Superintendent. In every instance in which the church may so desire the Board will lend its good offices and advice to aid the church in securing good and acceptable building plans at the least possible cost.

"3. In no case will this Board appropriate a sum of more than one-fourth of the total cost of the building to be erected, not including cost of lot, and in every case the gift of the Board shall become effective and payment of the Board's appropriation shall be made only when all conditions as agreed on by the Board and church have been met. This does

not mean that the Board will give a fourth in every case or in any case, but only that it will not in any case give more than a fourth.

"4. The Board will make appropriations from its building fund only to such churches as are in sympathy and co-operation with the missionary, educational and benevolent work of the Missouri Baptist General Association and give to it regular and faithful financial support.

"5. As a condition to receiving an appropriation from the building fund the church making application shall agree in advance "to execute ing the church liable for the return to the Executive Board of the full a legal contract creating a lien on the property of said church and render amount of said contribution in case the said church shall at any time cease to conform to the doctrines and practices of Baptist churches in union with the denomination as represented by the said Executive Board; or in case its house of worship and the land on which the same is situated shall be alienated or abandoned as a place of Baptist worship, as herein set forth, without the written consent of the said Executive Board."

It will be noted that in the financial statement the sum of $4,379.59 stands to the credit of the Church Building Fund. This will be materially reduced by the payment of the appropriation to the church at LaGrange already referred to. It will be noted that the Unified Mission Budget and Program herein recommended for next year contains an item of $25,000.00 for Church Building Fund. With your approval, your Board hopes to continue its efforts in this direction until from year to year it may have some considerable amount upon which it can draw to save the situation at critical and strategic points. Appropriations from this fund will be made only after the most mature deliberation and only in the conviction that the church is not financially able to meet its own needs and that the Board by some small appropriation and by its co-operation can secure the erection of a worthy building in each case.

Ministerial and Missionary Training

As will be seen from the financial report, during the year your Board has disbursed $4,649.80 for this cause. This money has been appropriated to worthy and needy students. In every case the Board has sought diligently by co-operation with the president of the college to ascertain exactly the needs of the student and his promise of usefulness in the ministry. If any student has received such help when he was really able to care for his own living expenses, it has been because we were unable to ascertain the facts even after most diligent effort. The matter of aiding students in meeting their living expenses is not a matter of charity. It is an investment by the denomination. The student may accept such aid without the slightest compromise of the finest sense of manhood and self-respect. On the other hand, it is not an inherent right which the student can claim. It is the privilege of the denomination to invest money in

growing and promising men for the ministry and women for missionary service, but students have no inherent right to demand such help from the denomination and have no claims upon such funds except such claims as grow out of their inability to meet their living expenses while they continue their preparation for their high calling. It ought to be understood that in every case such aid received by a student will be refunded to the denomination if for any reason he does not give himself to the work of the Gospel ministry. At the present time the funds for ministerial and missionary training are low, but there is a good allotment in the program for 1926 devoted to this cause and it is the hope of your Board to continue to render such assistance as may be imperative both to young men preparing for the ministry and the young women preparing for missionary work. Your Board will safeguard the administration of this fund as wisely as possible and will secure as heretofore the co-operation of the college presidents and their approval of all appropriations.

Strengthening Our Missionary Policies

During the year we have pursued the policy outlined in our last annual report and approved unanimously by the Association of making appropriations directly to the churches needing help in the support of their pastors in maintaining direct contact with such churches, receiving reports from the pastors and sending checks directly to the pastors. This policy has been applied with two or three important exceptions. Undoubtedly it has served to strengthen the bond between your Board and its constituency. It is the purpose of your Board to continue this policy, making exceptions, if at all, only in rare cases where the circumstances or the strength of local organizations seems to justify. We have also cultivated a closer and more direct relationship with associational missionaries. The plan of grouping associations in order that we may secure the best possible talent for district missionaries and that we may provide them more adequate support is gradually taking hold of the minds of our people. It is the purpose of your Board in line with this general idea to pursue, subject to your approval, the following policy, namely, to co-operate with an individual association in the employment of a missionary whenever the association is able to raise two-thirds of an adequate salary and is large enough to offer an adequate field for the missionary's full time. Whenever this is not the case, we will encourage two or more associations to co-operate with us in the employment of a missionary or enlistment evangelist, to be selected by mutual conference and to be supported by your Board and the co-operating associations. If neither of these plans can be put into operation, it will be the policy to employ capable enlistment evangelists and station them at strategic points, assigning them a given territory and asking the associations in that territory to co-operate in their support. These items do not involve any material change in the policies we have always pur-

sued. It is only an effort to secure the most capable men possible as missionaries and to carry the message and spirit of our co-operative Baptist life and work to each association and each church in the state to the limit of our ability. If we are ever to enlist the masses of our Baptist people in Missouri and to bring them to a high plane of information and active co-operation, this we must do through the personal contact of well informed and deeply devout men who will move among the churches and the associations. The printed page will do much good. The denominational paper and tract will make steady appeal and carry an abiding message but the inspiration and power of a man indwelt by the Holy Spirit is the peculiar means appointed and approved by the Lord for carrying to men the convincing message both of redemption and of service.

Increasing Harmony and Strength

Your Board is exceedingly grateful to be able to record again the growing spirit of harmony, fellowship and co-operation among all our Missouri Baptist people and institutions.

> "Behold how good and how pleasant it is
> For brethren to dwell together in unity!
> It is like the precious oil upon the head,
> That ran down upon the beard,
> Even Aaron's beard,
> That came down upon the skirt of his garments;
> Like the dew of Hermon
> That cometh down upon the mountains of Zion
> For there Jehovah commanded his blessing,
> Even life for evermore."

If we continue to cultivate the things that make for peace, as please God we will do, we shall soon have a great united solidified Baptist life and strength in Missouri that shall challenge the admiration of our brethren everywhere and that shall provoke them to love and good works. The cultivation of this spirit is essential in all co-operative effort. Co-operation of necessity must grow out of a recognition of the things that are common among us. We rejoice that among our Baptist people in Missouri there is so much in common and so little and so slight difference. We are Americans; we are Missourians; we are Baptists; we are fellow-soldiers and fellow-servants of our common Lord and Master. During the year quite a number of churches which have heretofore continued the plan of dividing their contributions between the Northern and Southern Baptist Conventions have voted heartily that hereafter their co-operation shall be entirely with the General Association and the Southern Baptist Convention. Such action has always been taken on the initiative of the church

and in line with the growing spirit of harmony and fellowship among our people. Be it understood always and everywhere that these are matters in which each church has exclusive and inalienable right and authority. No general Baptist body anywhere, North, South, East or West, can exercise one whit of authority over a Baptist church or say "Yea" or "Nay" to a Baptist church except to invite and welcome such church into its co-operative plans. On the other hand, the autonomy, rights and independence of a Baptist church find their highest and finest expression in co-operation with its sister churches on this basis. We invite active support from all our Missouri people for all the interests which we foster. Whatever any church may do as to a division of its contributions to Home and Foreign Missions, this need not in the least degree affect the fine spirit of fellowship among us nor limit its privileges in full and hearty co-operation in the support of our state program and state institutions .

Denominational Agencies and Institutions Not Independent

As set forth in the preceding paragraph, it is a fundamental of our Baptist polity that Baptist churches are autonomous and have full authority to determine their own affairs and the course they will pursue in all matters touching denominational co-operation. This does not apply to denominational boards, agencies and institutions. Every denominational board, agency and institution is the creature of the co-operative life of the denomination. It would have no existence but for the denomination. All such agencies are subject, or should be, to the direction and control of the denomination which has founded, fostered and promoted them, and is under the highest obligation to conduct all its affairs in harmony with the spirit of the denomination and so as to promote the harmony and strength of the fostering body. Your Board recognizes that it is entirely subject to the will of the General Association whose creature and servant it is. This principle applies all the way along. Mission boards, educational and benevolent institutions, denominational agencies of any kind whatsoever, are, and of right ought to be responsive and sensitive to the will of the denomination. The obligation to support and the right to control and direct go hand in hand. Otherwise it would be a vain and futile thing for the Baptists to hope ever to found and maintain agencies and institutions that would serve their high purposes and promote their doctrines and spirit throughout the world. This principle, so patent and so potent, lies at the very foundation of all we do. We rejoice to believe that all of our Missouri agencies and institutions recognize and pursue this principle in the conduct of their affairs.

Unified Mission Budget

Again this year your Board appointed a Committee of Seven and in-

vited into conference with this committee two representatives from each of our Missouri Baptist institutions to take counsel concerning the Unified Mission Budget for 1926. This action was taken at St. Louis on April 9. On June 12 this committee met with the Executive Committee of the Board and went carefully over the whole situation and outlined what seemed to be a well balanced budget for next year. On July 14 at the St. Regis Hotel, Kansas City, the Budget Conference assembled. We had present the committee from the Board and two representatives from each of six institutions and one representative from each of four institutions. The budget suggested by the committee from the Board was adopted with one single adjustment. Of the $32,000.00 which it was proposed to send to the Relief and Annuity Board, Dallas, Texas, $16,720,000 was transferred to the Missouri Baptist Ministers' Aid Society, Mexico. By this arrangement $13,680.00 will go to the Relief and Annuity Board for annuities and $16,720.00 will go to the Ministers' Aid Society for relief work. This plan was carefully considered with the Board of Directors of the Ministers' Aid Society and has their hearty concurrence and approval. It has also been submitted to the Relief and Annuity Board of the Southern Baptist Convention and has its approval.

Without this transfer, the division between Southwide or general denominational and State interests would have been 42 2/3% and 57 1/3% respectively. After this transfer was made the percentage of division is 40.4% for Southwide or general objects and 59.6% for State objects. This change of percentage is only apparent for in sending this money to the Ministers' Aid Society and in doing our relief work through our own agency we are relieving the Relief and Annuity Board of what would have been a part of its task.

Total Objective

The total objective for this year remains approximately the same as last year; namely, $750,000.00. Last year it was $750,250.00. As we have fallen so far short this year, the General Superintendent ventured to suggest that maybe it might be best to place the objective at $500,000.00. The suggestion met instant and unanimous opposition; every member of the committee, every member of the conference and every member of the board felt that the total objective should remain at $750,000.00. We do know that the Baptists of Missouri are amply able to give this and much besides. Our only difficulty is that we haven't the spiritual ability, and the Lord will give us spiritual ability if we ask Him. We are living in the Cadillac and Pierce Arrow age in our luxuries and selfish indulgencies and we are still driving ox-carts in our gifts to the Lord and in our conception of our stewardship in our obligations and opportunities in the promotion of His Kingdom.

Each of these institutions and interests will receive its proportionate part of the receipts every month as they come to the office. If the whole amount is received each one will receive the whole amount indicatd. If less than the whole amount is received, each one will receive its percentage for each month. In the office in Kansas City we have an expert and

painstaking bookkeeper. He gives all of his time to the office work. Every cent is properly credited and every cent is forwarded each month to the object or interest for which it is intended.

Governing Principles

As to the general principles and policies upon which this campaign is to be conducted, the conference heretofore referred to and the Board adopted the following statement:

"1. That a simultaneous every-member canvass of every Baptist Church in Missouri be conducted from November 22nd to 29th, 1925 for subscriptions to cover the needs of our several denominational interests and institutions for the calendar year 1926, ever keeping before our people the ideal of an annual increase over the former year's gifts.

"2. That in this and future campaigns chief emphasis be placed upon the need for permanency in our financial plans through the practice of the Bible principles of stewardship and tithing.

"3. That we recognize the right of individuals and churches to designate their gifts, but it is earnestly hoped that contributions will be made to the whole program. It is urged that pastors, denominational representatives and all others of our workers shall present the whole program and press upon the people the importance of unity in its support. If, notwithstanding, there be individuals who of their own accord wish their gifts to go to special objects and who indicate the same when the gift is made, such gifts shall not be charged against the sums allocated to the objects for which they are designated. Any solicitation of such gifts through this Every-Member Canvass will be regarded as a breach of comity and opposed to the spirit of the campaign. All designated gifts of individuals and churches made subsequent to and above the campaign pledges shall go to the causes for which they are designated without being charged against the percentage which these causes are due to receive from the general fund, but not as counting on the amounts already pledged by churches or on the total amount of the pledges of the members of the church. Bequests shall be considered as "subsequent" gifts.

"4. We recognize, however, that participating institutions have the right to waive their further claims upon the budget funds when, and as, their needs set out in the budget may be met by designated gifts and that they are under moral obligation to exercise this right in the spirit of co-operation embodied in this unified effort by which we seek to meet the urgent needs and promote the interests of each of these institutions.

"5. After the pledges shall have been taken in this simultaneous campaign, participating interests and institutions shall have the right of approach to individuals in soliciting funds, especially large gifts. This should be done in the spirit of unity and co-operation embodied in the campaign. In no case will participating interests and institutions be ex-

pected to appeal to the churches and their auxiliary organizations for offerings during the year, and no institution shall have more than one canvasser in addition to its official head.

"In case of any real emergency in the work of any institution the institution shall confer with the Executive Board of the General Association with reference to meeting such emergency, the time, extent and method of canvass to meet such emergency to be approved by the Executive Board and the Executive Board and the Board of Control of the said institution to co-operate in the inauguration and prosecution of such campaign.

"6. That the Executive Board of Missouri Baptist General Association be empowered to put into effect plans for the promotion and conduct of this program, it being understood and emphasized that the representatives of each interest and institution to benefit by the campaign shall give themselves unreservedly to the campaign in co-operation with the Executive Board.

"7. That the expenses incident to the campaign shall be pro-rated among the several participating interests and institutions according to the proposed allocation of funds."

Perfect Unanimity

Every action taken concerning the preparation and adoption of this Unified Mission Budget of Missouri Baptists for 1926 has been absolutely unanimous and not only unanimous but hearty and enthusiastic. It will receive instantly the loyal and whole-hearted support of every right-minded, forward-looking, co-operative Baptist in the state.

Spirit of the Associations

At the meeting of the district associations the Unified Mission Budget has been presented for their consideration and action. In almost every instance the attitude of the associations is both favorable and sympathetic. The associations have approved the plan and the messengers of many of the churches have signed "Try Pledge" cards agreeing to recommend the apportionment to their churches and to urge their churches to put on the Every-Member Canvass and both to subscribe and contribute the full amount of their suggested quota. We have on file in the office the "Try Pledge" cards from 59 associations representing 1,284 churches. The messengers of 615 churches have signed the cards. Last year we found it difficult to get the church clerks to report even after the canvass had been put on. This year already far in advance of the canvass we have received a large number of reports from church clerks advising that the churches have definitely accepted their apportionments or have fixed their own goal and have definitely voted to put on the canvass and to co-operate heartily

in the program. Everywhere our people are coming to understand the Unified Mission Budget and are falling heartily into line. If we are diligent and prayerful, Missouri Baptists in 1926 ought to give at least twice what they have given in 1925.

Every-Member Canvass

It is purposed to secure an Every-Member Canvass as nearly as possible in every church in the state during the week of November 22-29, or at the earliest possible date following this week, to secure weekly, or monthly, subscriptions to meet this budget. The thing can be done if we enter upon the task in a united and joyful way, trusting not our own wisdom and strength but trusting to the wisdom and strength of the Holy Spirit, our Comforter and Guide. It will take much prayer and deep consecration; it ought to call forth in many cases genuine sacrifice. All these our Savior expects us to give and to do for Him and a lost world and it *ought to be our most joyful privilege* to do to the fullest this worthy task.

How It Can Be Done

The complete success of this whole endeavor rests primarily with the pastors and churches, as is true of all our Kingdom enterprises. The pastor is the keyman and leader in every case. Let him see to it that the church as a whole is fully informed; that the membership is divided into groups; that canvassing teams are organized and drilled; that each team is furnished with the names of one group of members, is supplied with pledge cards, which will be furnished by the State Board, and that a thorough every-member canvass is made November 22d to 29th, and the thing will be done.

It is only a question of whether or not we shall actually try. If we try we shall raise every dollar of the Grand Total and more. Missouri Baptists will soon be giving millions and what we do now will look so small that we shall wonder why we were ever content to do so little.

Finances

Hereto attached and made a part of this report will be found a complete financial exhibit showing all receipts and disbursements together with assets and liabilities, the whole financial report being audited and certified by the report of the certified public accountant. While the totals are not so large as we could wish, they are the source of great encouragement. While we regret there is a deficit in the State Mission account, we are not discouraged by it in the least. This deficit is due to the following causes: First, an enlarged program and appropriations; second, the allotment for State Missions in the Unified Budget for this year was not

as large as it should have been; third, a considerable percentage has been set aside for a church building fund; fourth, the income of the Permanent Funds which heretofore has been devoted to the current expenses of the Board and which has amounted to about $3,000.00 per year is dedicated to church building purposes; fifth, we have not as yet received the annual income from the Mary Gibbs estate which we hope to have in hand very soon; and, sixth, the general fact that our people are not so well informed and so thoroughly enlisted in our work as they ought to be and do not contribute to it according to their means.

But our income for all interests, especially in the past few months, serves to fill us not only with gratitude, but with inspiration and abounding hope for the future as indicating the widening vision of our people and their increasing interest and liberality in the work. We are glad to record that during July of this year our receipts in the office for all purposes were 83 per cent greater than July last year; August 42 per cent; September 60 per cent; making an average gain for the three months of over 61 per cent. During the first few days of October the receipts showed large gains, though for the first fifteen days they were only approximately the same as the corresponding period of last year. These facts clearly indicate a growth of sentiment among our people for the Unified Mission Budget and a heartening increase in regular, systematic practice of stewardship. More and more the individual appeal or the appeal of the specific object will be displaced by the appeal of the whole kingdom and by the conviction of stewardship which will express itself by honoring the Lord with our substance and with the first fruits of all our increase. Heartened by the Lord's blessings upon us throughout the year, in joy and strength, we turn our faces to the future.

A Heartening Comparison

It is well for us to compare our present doings with the past so that we may see whether or not we are making progress. We feel that the following figures will serve greatly to hearten our people, to confirm the wisdom of our present plan of work and to inspire us with purpose and devotion for the future. Owing to the Home and Foreign Mission drive in March and April, 1924, the closing days of the 75-Million Campaign, we have to go back two years to get a normal basis of comparison. For the year ending September 30, 1923, twelve months, we received in the office a total of $139,829.96. For the year ending October 15, 1924, twelve and one-half months, including the great Home and Foreign Mission drive, we received for all purposes $223,095.46. For the year just closed, October 15, 1925, twelve months, we have received for all purposes $201,101.01. Thus it will be seen that for the year just closed we have made a net gain of $61,271.05, or 43.8 per cent, over our financial record of two years ago. It will be seen also that for the year just closed

we have fallen short of the record of last year, including the big Home and Foreign Mission drive, which brought in over $100,000.00 only the sum of $21,994.45. This demonstrates conclusively that the Unified Mission Budget is getting a strong hold upon our people and that we are making great far-reaching progress in enlisting our forces in the practice of stewardship expressed in regular systematic giving for all of the interests of the Kingdom. Herein lies our hope for the conservation and promotion of all the causes fostered by our people.

Conclusion

Thus we have set out somewhat extensively, and yet far more briefly than the importance of all the interests might easily have justified, a record of the year and our hopes for the immediate future. In closing this report your Board would lay upon the hearts of all our fellow Baptists in Missouri the word of the Apostle, "Not slothful in business, fervent in spirit, serving the Lord." We find it easy to become fervent in spirit about our own plans for pleasure and business. We find it easy to become fervent inspirit about public civic questions and political campaigns. May we learn by the power and enduement of God's spirit how to become fervent in spirit about public civic questions and political campaigns. May New Testament doctrines of Christ's glorious redemption and of His world-wide program, of His complete ownership over us and our stewardship to Him; we must displace the lack of information with facts about our blessed and glorious co-operative life and plans; we must wait patiently and prayerfully on God; we must become "fervent in spirit, serving the Lord." So shall we become the instruments of His choice and power for bringing in the day when His will shall be done on earth as it is in Heaven.

SUNDAY SCHOOL AND B. Y. P. U. DEPARTMENT

Activities of Secretaries

The hand of our God has been very gracious in His blessings upon the work of the Sunday School and B. Y. P. U. Department during the year which has just passed. For the secretaries it has been the busiest year. Every week brings increasing demands for the services of the secretaries in connection with a significant movement among our people. Both the Secretary and the Elementary Secretary have been on the field or in the office every day of the past year. We will not here undertake to summarize the individual activity of the workers but together we have traveled 57,000 miles. The Secretary has visited 131 separate churches and the Elementary Secretary has visited 60 churches. We have mailed from the office 16,288 letters, 210 postal cards and 6,441 parcels. It is only fitting

that we should make mention of the co-operation and assistance rendered by the Sunday school superintendents, pastors, B. Y. P. U. presidents and others. Among this fine company there is a growing sympathy for the work of this department and an increasing readiness to help.

The Sunday School

While during the past year our Sunday schools have not made spectacular growth, there has been a steady enlargement and strengthening of the forces all along the line. When the work of this department was started in 1921 there was a gap of nearly 90,000 between the Sunday school enrollment and the membership of our churches. During the years that have passed, and particularly in the past year, we have seen this gap grow less and less until at present the difference between the Sunday school enrollment and the church membership is about 30,000. One aim of the department will be as speedily as possible to bring the Sunday school enrollment up so that it will equal the membership of all the churches in the state.

Big Sunday Schools

The number of big Sunday schools continues to grow. The Sunday School Board lists as big Sunday schools all those with a total enrollment of 900 or more. The list for 1925 carries 17 Missouri schools.

The Work of Teacher Training

The above term is not an exact one because our task of teacher training includes also the training of the officers in the Sunday school. The modern well organized Sunday school has about as many officers as teachers and although we have made some creditable advances with the task of training teachers, until recently we have done very little toward the training of the officers. Yet it is quite evident that it is impossible to build a great Sunday school without trained officers as well as trained teachers. The Sunday School Board of the Southern Baptist Convention has been the pioneer in teacher training as well as in all phases of Sunday school development. During the past year the Normal Training course has been greatly enriched and enlarged. It now contains, after the Sunday school Manual, optional books for each of the seals required to complete the diploma. We have had added to our training course work a series of books on Sunday School Administration which includes "Building a Standard Sunday School," "Sunday School Officers and Their Work," "The Department Sunday School," and "The Sunday School Secretary and the Six-Point Record System." This will be further enriched by the addition of other books on related subjects. The past year has seen the training work go forward in Missouri, more than 1500 persons having completed half of the Sunday School Manual and 1,368 having finished the Sunday

School Manual and received the King's Teacher Diploma, while 4,628 other persons have completed an additional book in the course. Our goal of 5,000 new King's Teacher Diploma holders for the year 1925 may not be realized but it is a worthy goal and with the co-operation of all it can be easily reached early in the new year.

Standard Sunday Schools

The study of Sunday School Administration has brought new departmentized Sunday schools. The emphasis has been shifted from the individual classes to the departments, which will provide classes to meet the needs of the whole school, both the small school and the great. This advancement in Sunday school organization and the increased interest in Sunday school work generally has made possible the increased number of Standard Sunday Schools. The schools which have been approved as Standard and placed on the Honor Roll for nine months of 1925 are as follows: Victor, Anutt; Ellington; Mt. Vernon; Dry Fork; Jack; Marble Hill; Gallatin; Billings; Mt. Pleasant; Charity; Chariton; Glasgow; Harrisburg; Fifth Avenue, Hannibal; Windsor; Spencer Creek; Vandalia; Marionville; Prince Avenue; Oakwood; Kirksville; Shelbina; Buffalo; Bloomfield; Park, Brookfield; Farmington; Calvary, Hannibal; Albany.

Our Standard Elementary Departments

This year has brought increased interest in our Elementary work. Standard departments have been approved as follows: Cradle Roll—Cainsville, Bolivar, Liberty. Beginners—Calvary, Hannibal. Junior—Centralia.

A New Method of Enlargement

The idea is not new but its application in Missouri as well as elsewhere is new. This means a definite and systematic plan for the enlargement of the Sunday school so as to make it reach to the limit the possibility for membership. This effort is based first upon an accurate census of the community, which reveals the prospects for the school. The returns of the census are then carefully graded and tabulated and the organization of the school enlarged so as to make it possible to reach and enlist and hold the people found in the census. Some of our schools using this method have doubled their attendance and at the same time greatly increased the efficiency of the work done. Indications are now that most of our work in the future along the line of enlargement will take this direction.

Daily Vacation Bible Schools

During 1925 for the first time we had definite and active part in the promotion of Daily Vacation Bible Schools. This work is new with many

of our churches and until this year we have been handicapped for lack of literature and helps. But for 1925 the Sunday School Board gave us an admirable series of lessons to be used by the teachers for the Beginners, Primary, Junior and Intermediate Departments and about fifty churches of the state conducted vacation Bible schools during June, July and August. As our people come to understand that it is possible to have a vacation school, we may expect larger numbers of the churches to conduct them during the vacation season.

B. Y. P. U. Progress

We are happy to be able to report the progress in the B. Y. P. U. work. The number of churches having B. Y. P. U.'s continues to increase. Our records show that we have a total of about two hundred more B. Y. P. U.'s than a year ago. It is true that many B. Y. P. U. organizations have ceased to function and had to be revised and some of these have been reported as new organizations, but during the last quarter of this year we added to our list of new B. Y. P. U. organizations more than 150, thus bringing the total of unions, whose President's name and address is recorded in the office, to the following numbers: Senior, 920; Intermediate, 160; Junior, 235; Total, 1,315. It will be seen by comparison with last year's report that we have had a fifty percent increase in the number of Intermediates and almost twenty percent increase in the number of Senior Unions. This growth in numbers has been surpassed by growth in efficiency, the number of Standard unions having increased by about fifty percent. There has also been a very noticeable progress in efficiency on the part of unions not reaching the Standard of Excellence. This is reflected in the reports showing the number doing Daily Bible Readings, Study Course and Systematic Giving. During the year we had eleven unions reporting one hundred percent Study Course, 139 reporting one hundred percent Giving and twenty-three reporting one hundred percent Bible Reading.

The B. Y. P. U. and the 1926 Program

The B. Y. P. U. lends itself to the promotion of every Baptist enterprise, and particularly will it render assistance in connection with the 1926 program. The programs from time to time are planned with the intention of informing the young Christians with reference to denominational work. One program each month has a missionary topic which deals with the practical side of Baptist life. Further than this, the treasurer of the B. Y. P. U., who is Chairman of the Missionary Committee, will seek to lead members of the B. Y. P. U. to the scriptural basis of giving and to enlist them to participate according to the plan of the church.

B. Y. P. U. Study Course

This has been our best year in B. Y. P. U. Study Course. More than 500 of the B. Y. P. U.'s of the state have conducted a Study Course during the year and a total of 7,154 of the young people have completed one book and passed the examination and received the award during the year.

Many of our churches are working toward a B. Y. P. U. organization adequate to train and enlist all of the young church members. This means that the churches appoint a Director of B. Y. P. U. work who is to have charge of the promotion and assist in planning for the work, thus making it possible to have in the training service all of the inexperienced and untrained members of the church.

The 1925 Rural Campaign

In accordance with the plans approved by the State Board, the Rural Campaign for 1925 was planned on a somewhat larger scale than heretofore. The work is directed by the Sunday School and B. Y. P.

U. Department and financed in the following manner: the Sunday School Board, fifty percent; District Associations each $75.00, and the State Board paying the remainder, which is approximately twenty-five percent of the entire cost. Under this plan twenty Field Workers were secured and placed in the several associations for the months of June, July and August. These Field Workers reached for definite service 196 churches and took a census in 108 communities. They taught 227 classes in Sunday School training work in which were enrolled 2,590 persons, 1,732 of which took the examination and received the award. In these churches they taught 244 classes in B. Y. P. U. work, with 2,757 people enrolled. Of these, 2,081 took the examination and received the award. This makes a total enrollment in all the study classes of 5,557 and the total number receiving awards 3,813. The Field Workers organized sixty new B. Y. P. U.'s and assisted in setting up new organizations in fifty Sunday Schools. The total cost of the campaign was $6,034.45. Of this amount the Sunday School Board paid $3,017.23, the cooperating associations paid $1,512.50 and the State Board paid $1,504.72.

The surveys made by these workers in 196 of our churches indicate that as a whole our country Sunday schools have enrolled fewer than fifty percent of those who ought to be enrolled and that only about thirty percent of the members of our country churches are in Sunday school. These facts ought to challenge us to greater effort and more earnest prayer for our work throughout the country. A careful study of the situation brings one to the conclusion that if this type of Sunday school work could be following in our country churches for the next few years we would be easily able to double the enrollment and attendance of the country Sunday schools throughout the state as well as to increase the general efficiency of the schools. We would accordingly recommend that the Rural Campaign as projected heretofore be continued and as rapidly as possible enlarged until every country church in the state has been reached.

Some Objectives For Next Year

Missouri has more than a million and a half unsaved people. Our Baptist churches are strategically located. We have the true gospel. In the light of these three facts we would set some goals for another year toward which this department would work:

1. A great increase in our Sunday school enrollment and attendance.
2. The enlistment of at least 10,000 new teachers and officers for our Sunday schools.
3. The strengthening of our effort in Sunday school training, reaching at least 5,000 people who would study the Sunday School Manual and receive the award.
4. The complete departmentizing and standardizing of at least 500 churches in our cities and towns, and 100 in the country.

5. A campaign for evangelism through our Sunday school organizations.

6. An adequate B. Y. P. U. organization in every District Association to promote the work and to assist in organizing B. Y. P. U.'s in the unreached churches.

7. The enlistment of every young Baptist for the training which is given by the B. Y. P. U.

8. At least 300 Daily Vacation Bible Schools in our churches.

9. At least 50 Standard Departments in the Elementary Division.

MISSOURI BAPTIST ORPHANS' HOME

It is with a deep sense of gratitude for the goodness of God that we come to report the work of the Home during the year just past. His hand has been guiding, challenging us to greater zeal and more determined effort. Someone has written: "God's deliverance is always magnificent, always absolutely complete."

Only those closely connected with the Home know of the urgent need there is for such a work.

Children

There are at present one hundred and eighty-seven children in the institution, of this number fifty-six have been received during the year.

Six of our children have been placed in homes, the management conducting a follow up system such as would render every possible help in the work undertaken. Others have gone to relatives who have found themselves able and willing to maintain the children.

Health of Our Children

Considering the number of children in the institution the health of our large family has been remarkably good. Our hospital has been a source of comfort in case of contagion. We employ a trained nurse when one is needed. Two of our children are patients at the Baptist Sanitarium. Several children have dental work done each week there. "He who has lightened another's pain, never more may think he has lived in vain."

Our School

Our school consists of eight grades. We employ a school teacher for primary age. Our older children attend public school. We are looking forward to the completion of the new county school building which will accommodate all our children of school age. We gave two thousand dollars toward this building. We ought to have a high school. We have several boys and girls who will graduate, this year, from the eighth grade. The tuition in the City High Schools is one hundred dollars, another of our problems.

Religious Training

Seventeen of our children united with the Fee Fee Church last year which is adjacent to the Home.

One hundred and fifteen of our older boys and girls are active in B. Y. P. U. work.

We pay five hundred dollars toward the support of the pastor, so we might have full time preaching.

Improvements

During the year the nursery and Franklin Cottage have been renovated and new floor covering placed at the cost of five hundred dollars. Thirty-six trees planted and electric machinery replenished in laundry.

We are spending four hundred dollars on our grounds, and plans are under way for stately entrances and a retaining wall.

Our greatest needs are a larger water supply and better housemothers.

Supplies

We are greatly indebted to our many women's Missionary Societies, Sunday Schools, B. Y. P. U.'s and individuals for services rendered.

Our supply room shows the demand made for vegetables and preserves, we know our kind friends will send more. We have shipped barrels of empty jars to be filled.

We have fifteen Girls Auxiliaries and Sunday School classes who have each adopted one child to clothe during the year, in this way greater

interest is secured and larger service rendered as many that would not otherwise come in touch with the Home, are brought close to child life and its needs in the institution, and the joy of making and packing and shipping of these clothes to some lonely child.

Entertainment

August is play month for our children, those who do not visit friends or relatives are entertained by Sunday School classes.

One hundred and thirty-six of our children were guests of the Rotary Club at Forest Park Aug. 16th. After having a feast of good things to eat each child received a gift.

August twenty-third the Lions Club entertained one hundred and thirty children at the County Fair. They had a wonderful time.

"He that is good to a little child, will long remember the day he smiled."

Our Garden

The children have enjoyed fresh vegetables, corn, beets, beans, etc., for the past two weeks they have had home grown watermelons.

Our children look, and are well fed. The bread bill the past month was one hundred fourteen dollars and milk bill was three hundred twenty-five but we feel it wiser than paying a doctor bill.

Christmas Week

By December 20th the excitement was really on, packages were coming by the dozens. Three or more persons were kept busy for the next five days arranging gifts for each child. To distribute about 1000 presents among 180 children in a way to make each child have a pleasant and happy day is no small task.

Christmas Day

The morning dawned bright and beautiful. The usual morning devotions in the dining room were begun by singing "Joy to the World." We wish all our friends could have heard the singing. Then followed the recitation of Christmas story as recorded in Luke. After a short prayer they proceeded with their breakfast.

At nine o'clock the morning tasks were finished and the children received their gifts and the day's pleasure began in earnest. We had visits from different Sunday Schools bringing more gifts.

The Dinner

The Turkey dinner was made possible by individual checks from

friends in the State. The menu consisted of turkey with gravy and dressing, cranberry sauce, fruit salad, cake and ice cream.

Obituary

The grim hand called "death" has claimed two of our valuable members, Mrs. R. S. Fleming of the Second Baptist Church who was generous and faithful in all duties, and Mrs. W. H. Conaway of Maplewood Church whose interest in this work was untiring.

Above everything else we desire your sympathy and your prayers for those in our charge of such an important trust, as the care and training of fatherless and motherless, homeless and friendless children.

We have reason to be grateful for the experience which throws us back upon God.

Milford Riggs presented the report of the

MISSOURI HOME FOR AGED BAPTISTS

With profound gratitude to God we bring to the Missouri Baptist General Association this our eleventh annual report of the Home, which report has been adopted by the Home's Board of Trustees.

We record with sorrow the death of one of the members of our Board. Our brother, H. G. Craft, of St. Louis, was taken from earth May 25, 1925, at the age of eighty years. Bro. Craft was one of the most useful members of our Board. He loved the Home and did much for it. He was a good man. We shall miss him. The cause of Christ will miss him.

With respect to the old people in the Home, we are happy to report that we have been able to care for forty-two this year. Of these twenty-eight were women and fourteen were men. The old people have never seemed happier, more contented or more appreciative of their home than they have during the past year.

The demands upon the Home increase continually. We had hoped by this time to have the use of the elevator so that the second bed-room floor might be available. The floor is ready for occupancy, but we have refrained from putting but a few on this floor until such time as we can have the use of the elevator. It is uncertain now just when the electric power company will be able to furnish us sufficient current, but we expect to have it soon. As we cannot take all the old people of the Baptist churches in the state who need to come to us, we try to take the most needy cases first. This has given us a large percentage of helpless ones among our number. Right here we believe is a good time to reaffirm our conviction in the wisdom of the Home in confining its benefactions to members of Baptist churches in Missouri who are dependent upon their churches for support, and in keeping the Home as it is, a charitable institution rather than making it a boarding house.

The experience of the past two years in financing the Home emphasizes the importance of the Million-Dollar Endowment Fund for which we are working. In 1924 the Home was largely deprived of the Spring offering to which it had come to look as the chief source of its support. by the special campaign for Missions. In 1925 we were prohibited by the unified budget plan from soliciting the churches. The well-nigh complete failure of the budget plan to yield the Home any support has made it necessary for the Home to operate to a considerable extent upon borrowed money. We believe in the unified budget, and hope for better things from it in the coming years. Meantime, let us press the endowment. There are easily ten thousand Baptists in Missouri who can give to this fund ten dollars a year for ten years. Let us find them. So far, we have found a few more than a hundred. There are easily ten thousand Baptists in Missouri who ought to put the Home into their wills for at least one hundred dollars apiece. There are easily ten thousand Baptists in Missouri who ought to insure their lives under our insurance plan, thus securing at the very least a hundred dollars each to the Home. Every friend of the Home can help create and disseminate sentiment for this fund.

More and more we are impressed with the thought of the good hand of God leading us in the acquisition of our splendid property. One visiting the Home will find improvements have been made in the past twelve months. The elevator has been installed, and we hope will soon be useable. The entire face of the granite walls has been pointed, so as to render the walls moisture-proof. Considerable other work has been done upon the house and upon the landscape. We have also improved our new burying ground. Already nine bodies have been laid upon it. We have made roads and otherwise developed the cemetery. A receiving vault has been built of granite. The cemetery is located on a most advantageous site of the farm, for its purpose, and entirely hidden from view from the Home and premises, as much so as though it were located

in another county. We have remodeled the barn, converting it into a modern dairy barn, so as to enable us to get the best possible results from our pure-bred Guernsey herd. The chicken house and yard have been remodeled to make it possible for us to get better results from our poultry. All these things have cost money, but we are convinced it is money well invested.

The expenditure of more than thirty-nine thousand dollars listed under the heading of "General Fund, including the operating expense account, seems like a large item, at first glance. And so it would be if the entire amount had been expended in merely operating the Home. Let it be remembered that in this total are included several sums that do not belong to the current expense account, such as interest, building, furniture and household supplies, and live stock. These items are in the nature of equipment, permanent improvements and investment. Two other items in this account are of a temporary nature and belong to the initial stages in launching the work rather than as permanent features, the paper and field secretary. When the Home has become sufficiently advertised, and when we shall have secured our million-dollar endowment fund, we can eliminate these two expense items. Deducting the several items mentioned above from the total of the expense account, we see that it has cost us just about twenty-five thousand dollars to operate the Home. The cost per capita to keep the old people will be reduced with increased numbers of inmates.

The impression prevails in some quarters that a lot of money is being given to the Home. During the twelve months ending April 30th, the Home received as gifts from all sources for general expenses $10,756.51, and for building $4,274.38. A total of $15,030.89 represents the beneficence of Missouri Baptists, and other friends, to the Home for the last year. Again we are reminded of the importance of securing a large endowment fund.

The hundred-dollar note proposition has been a large factor in the progress of the Home to its present status, enabling us to acquire property, to build, and to operate. The indebtedness on these notes looks alarming at first glance. But when we remember that their payment extends through a period of ten years, and that many of them can be renewed beyond that, if desired; and when we remember that we can always sell more notes to redeem those falling due; and when we remember further that many holders of notes will eventually contribute the notes to the Home, the debt loses its terrors.

We observe with gratification the growing interest in the Home on the part of our people over the state. This is especially noticeable among those who had once been suspicious and critical of the Home, and had actually opposed its work. The success of the Home, and the good work it is doing in caring for homeless old Baptists is steadily disarming criticism. The Home has an able ally in our General Superintendent, Dr.

A. J. Barton. Dr. Barton is intelligently and sympathetically interested in all our Baptist work in the State, and this is as it should be with one in his position. His cooperation has meant much to the Home.

We face the future with faith in God, and with faith in the willingness and ability of Missouri Baptists to make the Home all that it ought to be as a haven of rest and vestibule to their heavenly home for all the old members of Baptist churches in this state who need our care. May we have the sense and grace to do our part.

S. E. Ewing presented the report of the

MISSOURI BAPTIST SANITARIUM

The Missouri Baptist Sanitarium Association, together with the Board of Managers are happy to submit the following report for the year closing September 30, 1925.

In practically every phase of our work, the Sanitarium has made the most marked progress of any year in its history. Four new workers have been added to the staff of workers which promise much for the welfare of the patients, namely, E. W. Collier who will assist Dr. Wilkes in the management and executive work; Mrs. Kathryn R. Germany as Hospital Missionary and Librarian; Miss Gladys Foster as Director of Social activities and recreation; and Miss Margaret Jennings as Superintendent of the Occupational Therapy Department.

We regret to report three deaths in the membership of the Sanitarium Association, namely, John Gallup and Marshall Hall of St. Louis and Steve B. Yancy of Armstrong; also, one removal from the state—Dr. C. B. Miller of Springfield. We would respectfully suggest the following persons to fill these vacancies: Frank E. Atwood, Jefferson City; J. B. Reynolds, Kansas City; J. P. Licklider and J. J. Maddox, St. Louis.

The Annual Meeting of the Sanitarium Association was held Thursday, October 8th. Immediately on the adjournment of the Association the Board of Managers was called to order. Reports from Dr. Wilkes and the Heads of Departments of the Sanitarium, including the Treasurer, were read and carefully studied. We herewith submit a summary of these reports.

Woman's Board

During the year the Woman's Board has held twelve meetings with an average attendance of eighteen. The present membership of the Board is 86. The Board members report 1,297 calls made in the Sanitarium; 600 books, magazines and other perodicals placed in the Wards; 12 bedside tables were purchased, together with many other articles of service which add to the comfort and pleasure of the Ward patients.

The Board gave its annual Christmas and Easter entertainments and also had charge of the program on National Hospital day—May 12th.

The total expenditures as reported by the Treasurer were $527.39. The following officers were elected for the ensuing year:

President	Mrs. F. J. Ballak
First Vice President	Mrs. J. M. Shumate
Second Vice President	Mrs. O. H. Bobel
Recording Secretary	Mrs. Fred Williams
Ass't Recording Secretary	Mrs. Oliver Shank

Benson, Fayette; Mrs. J. W. Clemson, Oran; J. L. Downing, Concordia; Mrs. Yancey, Springfield; B. A. Wilkes, St. Louis; S. M. Brown, Kansas City. Mrs. Kathryn R. Germany, Librarian and Social Service Worker of the Sanitarium, was introduced to the Association.

E. A. Shannon, Mexico, presented the report of the

MISSOURI BAPTIST MINISTERS AID SOCIETY

1. The Missouri Baptist Ministers Aid Society would report that during the past Associational year it has carried forty-seven beneficiaries on its roll. During the year, five have died and four have been added, leaving the total number of beneficiaries forty-six at this time, and with three applications pending. Of the beneficiaries, seven are receiving $30 per quarter, thirty are receiving $35 per quarter, seven $40 per quarter, and two $45 per quarter. In this connection we may add that not one of the beneficiaries is receiving as much as he or she deserves to receive and as the Society would cheerfully and promptly pay had it the necessary funds. In addition to the above there are fully double this number who should and would be receiving help if the funds at the command of the Society permitted.

2. It will be seen from the detailed financial statement herewith included that the total receipts of the Society for the past Associational year, outside of interest received from permanent endowment funds, has been only $5161.06. This is not one-fourth what it ought to be and what the 225,000 Baptists of Missouri could easily supply, and without self denial.

3. In this connection we would record our appreciation for the consideration shown the Missouri Baptist Ministers' Aid Society by the Executive Board and by the Budget Conference in making up the denominational budget. Both in the budget for this year and for the year 1926, the Board has accepted our suggestions and made the allotment which we requested. However, we would call attention to the fact that if we are to care for our aged and infirm ministers in an adequate and worthy way we shall have to have a larger income for them in the years just ahead. In behalf of the aged and infirm ministers, we appeal to the Baptists of *Missouri with full confidence.*

4. We would not be understood as being in any manner opposed to the designation of any sum thought proper in our state budget for the benefit of annuities provided by the Southern Board, as a number of our younger ministers in this state have, and are availing themselves of this provision made by the Southern Board, and it is proper that our state should carry its proportionate part of this expense; but this is entirely apart from the relief given by the Missouri Baptist Ministers Aid Society to the aged ministers of our own state. It is our special duty to look after these and this we are not doing in a just and proportionate way. It is hoped that this mere suggestion of the inequality of treatment may induce the proper and fair readjustment of our state budget.

5. We submit herewith a detailed statement of the financial affairs of this Society for the Associational year ending October 1st, 1925, prepared by the treasurer, Mr. J. R. Jesse, of Mexico, Missouri:

Mrs. J. G. Reynolds, Kansas City, presented the report of the

W. M. U. DEPARTMENT

As with thankfulness of heart we present the annual report of the Woman's Missionary Union of Missouri we can testify to the truth of the promise of long ago "The Lord shall open unto thee His good treasure." Unmistakable are the evidences of a more general appreciation among our members of the ideals and accepted methods of our organization and a more settled purpose in co-operative effort to carry forward our full program. The spirit to learn, to co-operate, to be, and to work is manifested in a degree of fineness and wholesomeness that encourages to face, even with enthusiasm, the hard, difficult problems incident to the development of the details of enlistment and efficiency in individual and organized life.

The admonition of Jesus to "Lay up for yourselves treasures" presents an appeal of charm and worth, and in our Woman's Missionary Union plans every woman who wills may become rich in mind and heart and life. Daily Bible readings, Bible study outlines designed especially for use in the society circles, are given in the monthly issues of Royal Service and Dr. Carver's book "All the World in all the Word" for use in study classes acquaints the student with the Bible as God's great missionary textbook revealing His world-wide purpose and our place in His world-wide plan. The mission study books required and recommended in our Mission Study courses are mines of information and inspiration from which to store the treasures of the mind. Such stores produce thoughts of eternal value and react on the spiritual and mental and social life of the individual and make a sure foundation for intelligent missionary service and support of the program of missionary endeavor. For a Baptist to have no such "treasures of mind" from which to draw means an unenlisted, unattached Baptist. The year's record shows 438 mission study classes with an enrollment of 6,752 in our women's societies, and 1281 small seals, 13 official seals and 2 Honor certificates having been awarded. The W. M. U. Young People's Leader reports 83 classes and 474 awards in the auxiliaries. It gives us pleasure to report, also, that our office awarded 39 Laymen's Certificates and seals. More than 5000 subscriptions to our missionary periodical, including "The Missouri Baptist Bulletin" were reported in the homes of our W. M. U. members.

"The Lord shall open unto thee His good treasure," and W. M. U.

members are finding the open way thereto in individual and united prayer. By means of the Woman's Missionary Union's nine o'clock prayer covenant and the prayer calendar given each month in *Royal Service*, hundreds of our members are giving themselves to daily prayer for definite things in Kingdom work. During the past year 319 of our societies observed the seasons of prayer for Foreign, Home and State Missions and many testimonies were received of rich experiences in individual and church life and a deeper conviction that God does hear and bless the whole world 'round because of our petitions. And as they gathered together to pray they brought a small love gift,—small, perhaps, because such gifts do not count on the apportionment, but an offering because a sincere prayer must first be answered in the heart of the one who prays, and $6,716.69 was brought into the treasury for these three mission causes. Thus reverently and sincerely are our women trying to find the place of intercession that the world may share in the blessings of "His good treasure."

How faithfully the Master sought to lead us to discriminate between the temporary and eternal values in completing the admonition, "Lay up for yourselves treasures in heaven where neither moth nor rust doth consume, and where thieves do not break through nor steal." Our W. M. U. plans include definite efforts to bring our women to a right understanding of the principles of stewardship in doctrine and practice, and as a part of that teaching emphasizing the stewardship of money. We know that not nearly so many of our women are tithing as should be or our contributions would be far larger than they are and we would hear no more of organization efforts to make money to support His work, but it was with real thanksgiving of heart that we culled from the last reports 2902 tithers in our women's societies. The contributions of our W. M. U. organizations during the past year of which we have a report total $68,292.18 in cash and $10,120.35 in box values sent to missionaries and our institutions. According to the teaching of Jesus, this amount of our spending has been our savings for the year and wise, indeed, are we if we give more attention and diligence to our accounts at the place of "eternal treasures."

"The good man out of good treasure of the heart bringeth forth good things." One phase of our Woman's Missionary Union work especially, is a fair test of what is really in our hearts and proposes a program for heart energy and supply. This we call our personal service department which includes our efforts to enlist Baptist women in service, win the unsaved among whom we live, and minister to the physical and spiritual needs of those all about us. It is systematically giving out the "good things," which our own hearts know and experience through knowledge of Him, to others, whose hearts are hungry and sad and lonely, whose spirits are discouraged and bitter, whose lives are barren and fruitless, and whose homes lack the necessary comforts of life. More emphasis

has been placed on organized effort to thus meet the needs, which differ only in kinds and proportions, of the community of every missionary society.

What parent is there if asked to name their chief treasure would not unhesitatingly say "my child" or "my children?" What church is so short sighted that it fails to recognize that its chief treasure is its young people? And yet, perhaps, some might answer, "the men should be so considered because they are the leaders and have the money," but suppose they do not lead anywhere and keep the money in thir pockets? Perhaps, some would say, "we could not have a church without the women," but who wants just a women's church? The church's greatest hope and promise and the most charming and appealing endeavor for both men and women reverts back to the young life in plastic stage, and youthful alertness, and bounding energy. Rightly directed preparation in spiritual life and missionary and denominational intelligence of our Baptist young people will make for a healthy, vigorous church life and save from waste and perhaps untoil sorrow these precious responsibilities of ours. Our W. M. U. Auxiliaries afford the opportunity to gather our young people in groups for the purpose of bringing them in intimate touch with Him "In whom are hid all the treasures of wisdom and knowledge," and from which source their hearts and minds and life expressions shall be nourished and stabilized and vitalized. Kept ever prominent in teaching and life expression is the spirit and work of missions so all-inclusive and vital to the life and worth of the churches. Miss Reitha Hight is our State Young People's Leader and College Correspondent. For nearly five years she served as missionary in Cuba and gave up the work there because of her condition of health. She has been wisely and joyously directing the work of 374 Auxiliary W. M. U. organizations during the past nine months and such progress has been made in the work of these organizations that her strength is taxed even in the climate of her native state.

Very briefly have we reviewed some things of the past year's work and fold them away with our treasures "old." From our treasures "new" we mention the second annual meeting of the Woman's Missionary Union of Missouri auxiliary to the Missouri Baptist General Association held at the First Baptist Church at Carthage October 19, 1925, and the promise of the first issue of the Minutes of that organization to be in print very soon, giving reports of all departments and plans of work for the coming year. With reverent hearts we gratefully acknowledge the blessings of the "old," and with strengthened faith and cheerful spirits we glimpse the treasures of the year ahead and gather in eager hands the treasurers belonging to the "things new."

MRS. J. G. REYNOLDS, Cor. Sec'y.
REITHA HIGHT, Young People's Leader.

Mrs. Reynolds introduced Miss Reitha Hight, Kansas City, State Young People's Leader, and Mrs. F. W. Armstrong, Plattsburg—President Missouri W. M. U. Mrs. Armstrong addressed the Association and, in turn, introduced Miss Kathleen Mallory, Birmingham, Ala., Corresponding Secretary of the W. M. U., of the Southern Baptist Convention, who addressed the association.

WHEREAS, our brethren at Columbia are entering upon an extensive building campaign involving an expenditure of at least $250,000.00, and

WHEREAS, our Baptist people there, with the students of both the University and Stephens College, have already subscribed for this project the munificent sum of $123,000.00, and

WHEREAS, the Baptist Church at Columbia constitutes our one hope of reaching these thousands of students with our Baptist message, and

WHEREAS, our Executive Board of this Missouri Baptist General Association, after due consideration, has recommended that appeal be made to all the Baptist Churches of the State for a sum at least equal to the amount subscribed by our Columbia people, therefore be it

RESOLVED: That we, the members and messengers of the Missouri Baptist General Association, assembling as we are, in Carthage, Missouri, on this, the 21st day of October, 1925, do most heartily commend the action taken by our Columbia brethren and pledge them our help in this praiseworthy enterprise."

John W. Crouch, La Grange, presented the report of

LA GRANGE COLLEGE

First of all we desire to record our profound gratitude for the high degree of health which has always prevailed among our students and faculty. Cases of serious sickness in La Grange College have been few and far between. Its location is evidently unusually healthful.

We can again make the encouraging report of an increasing attendance. The total enrollment for summer and winter in 1919-'20 was one hundred twelve. The present enrollment for this year for the summer and this semester is three hundred sixteen. The enrollment for the last summer term was one hundred sixty-three. The enrollment for the present semester is one hundred forty-eight.

Another significant fact has been the relative increase in the college department. In 1919-20 the college students composed less than twenty per cent of the total enrollment. During the present year more than seventy per cent of the enrollment are of college rank.

This increase in the college department has made necessary additional courses in our curriculum for this year and the employment of one more teacher.

The following nine states are represented in the student body of this year: Missouri, Illinois, New York, Virginia, Tennessee, Mississippi, Texas, Colorado and Wyoming.

There were graduated this year from the junior college twenty-six, from the academy twenty-three, and from the music department one.

The high quality of the work done by the college continues to be confirmed by the record of the students after their graduation. A graduate of 1923 offers a striking illustration of this fact. He went to Brown University and received his bachelor's degree at the head of the class in his department in 1925. On the basis of his record he was appointed to fellowship for the present year. President Faunce in reporting his appointment wrote that the head of the department in recommending the selection of this student stated that his high scholarship and superior character made him as worthy of special recognition as any student whom he had ever known, either graduate or undergraduate.

There were twenty-nine students during the last year preparing for the ministry of the gospel. The assured enrollment during the present year of ministerial students is twenty-four. Through the preaching and pastoral work of these young men the college continues to be an important religious force in a large section of surrounding territory.

The highly satisfactory religious life of the institution has been maintained. A large percentage of the students participate in the various religious organizations of the college and the activities of local church. During the year the church has built and put into service an unusually well-arranged Sunday school addition to its house of worship. This will make it possible for this chucrh, which has always been a large factor in the religious life of the students, to be still more effective in its ministry to them.

A Sunday School and B. Y. P. U. training school was conducted among the students during the year. This was under the successful supervision of Secretary J. C. Hockett, Jr. We expect to make it a regular annual feature of our work.

La Grange College was one of the first, if not the first, among the denominational colleges in Missouri to establish a summer term. The chief purpose was to meet the needs of teachers in the public schools. This service has met with constantly increasing success. The attendance during the summer terms is now usually larger than during the regular school year. It offers the college an opportunity to make a religious impression upon the teachers who are so largely influencing the lives of the children in the public schools. This is one of the greatest fields of service open to the denominational colleges. More than one hundred and fifty students who have attended La Grange College during the last year are now teaching in the public schools. When to these are added the hundreds of teachers who were students of the college during previous years the number becomes an influential host.

While the receipts of the college thus far from the unified budget have not been large, we still believe heartily in the plan and purpose to be loyal to it in the fullest measure.

Our pressing need is for an income which will make possible the enlargement and improvement of our administration building, the increasing of the capacity of our dormitories, and the making of our curriculum more inviting by additional courses and departments.

SOUTHWEST BAPTIST COLLEGE

With a consciousness of the blessings of God and a feeling of gratitude to the denomination, we come again with our annual report.

Enrollment

With an enlarged enrollment in both regular and summer sessions, we reached our largest total. Not counting duplicates, this reaches more than five hundred. Of this number, more than sixty were ministerial students. Many others are preparing for definite Kingdom work.

Denominational Relations

Our happy connection with the Home Board of the Southern Baptist Convention as a Mountain School is maintained. As a participant in the unified budget, we are working in full harmony with all Missouri Baptist institutions.

Educational Relations

Through the proper standardizing agencies our work continues to be accredited. More than one hundred students completed courses of various kinds with us the past year. Many of these were issued certificates to teach in our public schools by the State Superintendent of Schools.

In Polk County, the home of the school, practically one-third of the teachers have been our students. Many others are teaching in other Missouri counties and numbers in other states. In one county in West

Virginia, four of our students of last year are teaching to the credit of themselves and the institution.

Buildings

The steady growth of the school has overtaxed the capacity of the administration building. This has made an imperative need of enlargement. We now have in process of erection on the campus, an Auditorium and Gymnasium, combined. In addition, there will be offices and music rooms, making it possible to remove the business offices and the music department from the present administration building. This will, when this building is rearranged, increase its capacity at least fifty per cent. Not all of the funds for the new building are in sight, but the Board of Trustees felt that the need was so great that we could not longer delay. We are trusting the Lord and our Brethren in this emergency.

Each year we have a complete and detailed audit of our financial transactions. We herewith append the showing of our accountants covering receipts and expenditures, assets and liabilities.

WILL MAYFIELD COLLEGE

After eighteen years of faithful service, President A. F. Hendricks resigned from his task. W. C. Ferguson, of St. Joseph, Mo., was elected to the presidency and entered on the work August 1, 1925.

During the school year 1924-1925 196 pupils were enrolled, and for the summer school there was an enrollment of 200.

The faculty is of extraordinary high standing, much more than meeting the requirements.

Our present needs are:

To raise immediately $27,000.00 to pay off some bills, overdue, and redeem notes in bank;

To secure $25,000.00 cash to complete and equip the almost finished new building now shut up and looked.

Our hopes are to hold and raise the standards, secure a larger number and larger percentage of Baptist boys and girls, and make a larger contribution to the kingdom and denomination.

HARDIN COLLEGE

During the year of 1924-25, Hardin College enrolled 298 students. Of this number, 40 were the honor graduates of standard high schools. Eighteen states were represented. A more serious attitude was observable among the students all through the year than in previous years.

The Religious Education Department, always active and efficient, sur-

passed any previous year in the number of its students and the effectiveness of its work. The Southern Baptist Sunday School Board issued to Hardin College students 310 awards for Bible and Sunday School courses completed in the College classes. This was nearly half of the total number of awards made to all the Baptist schools in Missouri.

In addition to the regular college classes in Religious Education, Dr. Whitson, the head of the Department, conducted a class in Bible Study for the women of Mexico, enrolling 40 women. Furthermore, Dr. Whitson with two other members of the Faculty conducted a teacher-training school for the Mexico Baptist Church, enrolling 42 members. The final examinations were passed by 35 members and awards were issued to them by the Sunday School Board.

With reference to the soundness and the quality of our instruction, we urge inspection, invite criticism, and welcome suggestion and advice. Disbursements:

Missouri Baptist Association	2200.88

This deficit was due to the failure of many of those who made pledges to the 75 million campaign to pay their pledges.

Hardin College regards itself as an instrument in the hands of the Denomination for Christian education and service. Girls entrusted to our care are given first class accommodations, the best possible instruction in small classes, and the very finest Christian and home-like influences. They are returned to their homes with their faith strengthened, their lives enriched, their talents developed, and their church loyalty undisturbed.

WILLIAM JEWELL COLLEGE

The school year of 1924-25 in many ways was the most successful year in the long history of William Jewell College. The enrollment in the College for the year reached 460, and 120 in the Summer School. This number is practically twice the enrollment in the College five years ago. It is readily seen therefore that the Baptist people of the state are realizing more and more the advantages of a college education under Christian influence. This is the only attitude our people should take and I wish here, on behalf of William Jewell College, to thank our people for sending us their boys and girls.

Our Summer Session was in like manner successful. We enrolled more students in Summer School than we enrolled in the previous summer. For the most part, these students in the Summer School are teachers in the High Schools of the state and we appreciate this opportunity of serving the High Schools of our state in this way. It is now the fixed policy of the College to have a summer school of ten weeks in which the Heads of our Departments regularly teach. Work done in our Summer School is fully accredited on the A. B. degree and on the life Diploma issued by the State Department.

We are still collecting pledges that were made during the 75 Million Campaign. All of these pledges are placed in our Endowment Fund. We are hopeful that we shall yet reach the $400,000 which was pledged, so that we may receive the full gift of $200,000 from the General Education Board of New York City. We have reached the place in the history of William Jewell College where we must have at least one million dollars in endowment. Practically every school in America maintaining like standards with us has one million dollars in endowment or more. Everyone knows that it is absolutely impossible for us to charge a tuition that will meet the expenses in operating the College. It is therefore incumbent upon our people to remember the College so that we can maintain the high standards of scholarship.

Our enrollment at the beginning of this present school year is 550. Including the number enrolled in our summer school, we have already enrolled 673 students, of these there are 91 ministerial students and 15 preparing for definite Christian service. We rejoice in our growth even though it means increased responsibilities. It should be mentioned in our report too that the Assembly which we have held at the College the past two years has been well attended. The choice boys and girls from our churches are thus made acquainted with William Jewell College.

I am glad to report that last December, because of the proposed gift from a friend in another state, the friends of William Jewell College privately pledged funds for the erection of a new Chapel, a Gymnasium and a Girls' Dormitory. We have already let the building contracts for two of these buildings and hope that we will be able to have our commencement exercises in our new Chapel building.

EDUCATIONAL COMMISSION

Your Committee appointed at the 1924 meeting of the Association and to which was referred the report of the Educational Commission made to the Association at its 1923 meeting (Minutes of 1923 pages 65-73), would report that, after due notice given by the chairman, the Committee met for conference at Jefferson City on September 29th, at which meeting a majority of the members of the Committee were present. Upon invitation, Dr. W. C. Ferguson, President of Will Mayfield College, was present and participated in the conference.

Expressing its entire confidence in and love for each of the six Baptist schools now affiliating with the Missouri Baptist General Association, towit: William Jewell, Stephens, Hardin, LaGrange, Southwest Baptist and Will Mayfield, and emphasizing the urgent necessity of their continued and more liberal support by the Baptists of Missouri, your Committee, having fully considered the report of the Educational Commission above mentioned, and without repeating the historical, explanatory and argumentative parts thereof, hereby reports same back with its approval of the three major recommendations therein contained, but with certain omissions, amendments and additions, as follows:

First: We recommend that any college desiring to be related to the Missouri Baptist General Association, whose charter, constitution or by-laws requires that its trustees or curators be elected, ratified or confirmed by the Missouri Baptist General Association; whose president and other chief officers are members of Baptist churches, in Missouri; all the members of whose faculty are members of Baptist churches, except in cases where this is practically impossible, and in which cases only teachers holding evangelical faith shall be employed; which gives so far as practicable to all students matriculating therein distinctive religious instruction, including a course in the Bible, and which has effectually safeguarded by its charter, articles of incorporation, or otherwise, to the denomination

of all college property held by it, shall, as concerns the Missouri Baptist General Association, be known and treated as a "Missouri Baptist College."

Second: We recommend that, subject to the approval and confirmation of the Missouri Baptist General Association, the Moderator thereof at the present session appoint or select three disinterested Missouri Baptist lawyers of high standing professionally as a committee whose duty it shall be to make careful examination of the charters or articles of incorporation of each of the six Baptist schools above mentioned, and make report in writing of their conclusions or findings as to which of said colleges, through and by their charters or articles of incorporation, have in the opinion of said committee already effectually safeguarded, in perpetuity to the denomination, their college properties and endowment, and likewise to designate which of said colleges, if any there be, whose present charters or articles of incorporation, in the opinion of said committee, do not properly safeguard its or their property and endowment to the denomination, together with their recommendations or suggestions, in the case of such last named colleges, as to what action is necessary or proper on the part of such college or colleges to accomplish such purpose. We further suggest that the report of such committee be filed with the Executive Board within ninety days from this date if the same can conveniently be done by said committee, and that the Executive Board forthwith furnish a copy thereof to each of said schools interested, and that said report thereafter be transmitted by said Executive Board to this Association for consideration at its next annual meeting.

Third: Your Committee recommends the use of the Executive Board of the Missouri Baptist General Association as the proper body or organization through which all Missouri Baptist schools desiring to be affiliated with said Association should function in their relations to the denomination at large. To accomplish this end, it is suggested that the Nominating Committee of the General Association should, each year, bear said colleges strongly in mind to the end that men and women suited by education, experience and breadth of vision to serve as members of the Committee on Education of the Executive Board be annually nominated and elected as members of the Executive Board; that Baptist colleges in this state desiring to affiliate with the General Association form a Conference of Baptist Schools, or College Union, meeting at stated times, preferably at the time and place of the quarterly meetings of the Executive Board, and that such Baptist College Conference, or Union, appoint and nominate from its own body a standing advisory committee to confer, advise and co-operate with the Educational Committee of the Executive Board in all matters pertaining to said Baptist schools.

Fourth: Your Committee recommends that, as an important factor in the correlation and co-ordination of Missouri Baptist schools, each of said schools, so far as same may be found possible, should maintain

standards of courses of study, faculties, equipment and endowment in keeping with those fixed by the recognized college standardizing agencies, to the end that the work done by any one of said colleges in any given grade may equal that done by any of the others, and that in the accomplishment of this result the schools should have the active co-operation and assistance of the Executive Board.

Respectfully submitted for the Committee.

DAVID H. HARRIS, Chairman.

RELIGIOUS PUBLICATIONS

Isaiah said to the Jewish nation, "Wisdom and knowledge shall be the stability of thy times. "Paul said to Timothy, "Till I come; give attention to reading, to exhortation, to doctrine." Both Isaiah and Paul are setting forth the utility of knowledge gained by reading. Indeed it has always been true that information is indispensable to the active soul whether one is a business man or is with all a servant of God. Likewise, a man must have instruction if his work has stability. He must have inspiration also if his faculties are to be at their best and his work hopeful and helpful. While all of this is true in the business and professional world it is certainly true in the religious world.

Religious publications, aside from the Bible, in the form of books, magazines, tracts and newspapers, are numerous. Each of these is indispensable to the welfare of our denomination; especially the Baptist newspaper, the use of which your committee would urge wtih all possible emphasis. What we affirm of the newspaper we affirm of all our publications. This being understood, our report, for the sake of simplicity, will relate itself to the religious newspaper. This recommendation is based on three outstanding contributions the denominational paper has made.

I. It Gives Information

Our religious newspaper is the medium of expression for our denominational leaders, our boards and institutions, both state, southwide and abroad. Our editors, whose business is to be familiar with denominational affairs, are rendering a service second to none as they gather and publish facts concerning every phase of our denominational work. Information brings action. This means enlistment which means cooperation. Co-operation means progress and progress means success. *The enlisted are the informed and the informed work.*

II. It Offers Instruction

Our denominational newspaper brings to us expositions of Bible doctrine. It is the only practical source of denominational propaganda.

Our denominational newspaper is a safeguard against the anti-Biblical and anti-christian teaching. It is a restraint to the young and old. The secular newspaper comes with much that is good but the spiritual life is submerged when it alone is read. It is in the service of the religious newspaper to give instruction which will stimulate an intelligent and firm stand in the face of teachings which today are opposed to the cardinal doctrines of God's Holy Book.

Another service of instruction is regarding the method of doing our Lord's work. A generous publicity is given to the successful means of

conducting our Sunday School, B. Y. P. U., W. M. U. and Layman's work. This creates among our people a uniformity which is highly essential to progress in kingdom affairs. Our denominational publication is, therefore, a practical and potent educational organ. Its use is essential if we are to realize strong Baptist men and women from our young people and dependable S. S. teachers, church officers and leaders from those who are older.

III. It Lends Inspiration

In the circle into which we are ushered by the denominational publication we catch the spirit of loyalty to Christ whose blessed redemptive work is ever before us. We sense the crying need of means for relief in every field of service. We come to know the personnel of our fellow workers and feel the tie of brotherhood. Here too, we grip the good news from fields far and near and join in praise to God to whom all glory is given.

Our denominational publications are intentionally informing, instructive and inspiring. Therefore your committee would commend to Missouri Baptists the use of the literature of our Sunday School Board at Nashville, Tenn., The Home and Foreign Field, Royal Service, The Missouri Baptist Bulletin and The Word and Way.

COMMITTEE OF CONFERENCE

"Resolved: That the editors of the 'Word and Way' desire to render the most helpful and satisfactory service possible to our Baptist Institutions and enterprises in Missouri and they most respectfully request that, at this session of the Body, the following named persons be recognized and appointed to serve as a committee of Conference to whom the editors may appeal for counsel in matters pertaining to the best possible service: C. P. Storts, Slater; A. J. Barton, Kansas City; R. B. Whiteside, St. Louis; Mrs. J. G. Reynolds, Kansas City; O. R. Mangum, Liberty."

Resolution adopted.

The Secretary read the report of the Committee on

PRESS AND PUBLICITY

We have endeavored to the best of our ability to serve the news agencies in giving the greatest possible publicity to the annual meeting of the Missouri Baptist General Association. The local press has been very generous in the space given to the activities of the Body and the several meetings of organizations held in conjunction with the General Association, and the associated press has carried numerous stories prior to and during the meetings of this Body.

We acknowledge a debt of gratitude to our State Denominational organ, the "Word and Way" for its generous allotment of space for use of the General Superintendent each week and congratulate Missouri Baptists on the strong editorial policy and loyalty to our denominational interests of our Missouri Baptist paper.

It will be an additional burden to our already overburdened general headquarters, but we venture to suggest that some means be found whereby a news article may be sent out regularly, at least once each month, to all the newspapers, rural and metropolitan in the state. This will materially serve to enlighten all the people and especially those of our own faith as to all our denominational activities and growth.

J. C. Pike, Bolivar, read the report on

TEMPERANCE

Your committee on "Temperance" has undertaken its work seriously. While we do not feel that the situation amounts to a crisis, it is serious. This seriousness is more largely psychological than material. The Eighteenth Amendment and the Volstead Act have been the target for the most persistent and vicious propaganda ever since their existence. When a movement runs counter to depraved appetites and greed for gain, its friends need ever to be watchful. Besides, the liquor traffic has been enmeshed in politics since it had an existence, and the enforcement of the Volstead Act had from the first to meet dirty politics and dirty politicians with all their devious ways and devices.

The Present Situation

In view of the wide spread propaganda and confident assertion that enforcement has been a failure, many sincere friends of the measure have become alarmed and have come to wonder if this is not true. Let us see if we can discover the actual condition and find some secure ground

on to which to rest. In early 1922 the Manufacturers Record of Baltimore addressed several hundred letters to leading business men, educators and professional men asking their views as to the moral and economic value of our Prohibition laws. From the replies received 98.5 were in favor of some kind of prohibition, while 85.5 were for strict prohibition. Seven per cent wanted beer and wine, 2.75 per cent were undecided and 1.5 per cent definitely opposed to any kind of prohibition. A very large majority gave positive and definite testimony from observation to the value of the Volstead Act. During the recent summer this paper was challenged to ask the same question of the same individuals and to publish their replies, the challenger expressing doubt as to their giving such positive opinions and testimony in favor of the law. The editor accepted the challenge and sent letters to the same parties asking for a restatement of their views on the whole matter. From 336 letters sent out, 237 replies were received. This is a large percentage, as any one can testify who has engaged in similar work. Of the replies received 96.2 per cent are for strict prohibition, 2.5 for modification, noncommital .9 and opposed only .4 of one percent. This is certainly a fine showing. Many of these give the strongest testimony possible to the benificent effects of the act, even as poorly enforced as it has been in some sections.

Lawlessness

We desire to call particular attention to the statement of Dr. Jordan concerning the lawlessness of the traffic. Let us not be swept off our feet by the cry that the law is making criminals. Those who have engaged in it have always been criminals. Under the regime of the licensed saloon there was incomparably more violation of the liquor laws than there is now under the Volstead Act. The saloon was hedged about with laws to try to restrict its evil, such as not selling to drunkards and minors, not permitting games of chance, not putting screens in front of the windows, etc. The saloon habitually violated all these prohibitions. Besides, the moon shine still, the "speak easy" and the bootlegger plied their trade alongside the saloon.

Our Duty

What should be our attitude and our acts in the present emergency? In the parlance of the street, we say "sit tight" and redouble our efforts to observe and enforce this act. If the Christian people will so act, speedily will organized opposition cease and only sporadic violations will have to be met. Prohibition will so vindicate itself that no respectable individual will dare raise his voice against it. Those of us who have been in this fight any considerable length of time knew that we had a long hard fight to win complete respect for the law. The writer watched the fight in the state of Kansas for a third of a century preceding national

prohibition. He remembers the time when the Kansas City Star used every opportunity to poke editorial quips at the Kansas law. He lived to see this same paper won to the complete and hearty support of the Kansas law and then of national prohibition.

The Outlook

The recent reorganization of the enforcement unit under the leadership of General Andrews brings a decided hope for betterment. It seems that there will be at least a measure of freedom from the interference of the pernicious place hunter without regard to merit at all. Some recent dismissals from the force give genuine hope that a better day is dawning in this direction.

The recent demoralization of the rum fleet along the Atlantic coast gives encouragement to hope that the supply from outside sources will be cut off. This will leave only the small and comparatively easily handled supply from the moonshine still. Of course this will continue to exist. Likewise will theft and murder continue, despite our laws against them. When people learn to be consistent, they will cease to be unduly disturbed by this small source of supply. They cry out against this law on account of the violations, saying that it should be repealed. Fords are being stolen by scores and hundreds daily, yet we do not hear any proposition to repeal the law against their theft and to make the Ford the rightful property of him into whose hands it falls.

The Church at Work

We contend that churches of Jesus Christ are the best temperance societies in the world. The Anti-Saloon League has marshalled them against the saloon. Let us support this organization vigorously. The W. C. T. U. continues to be a great constructive force in teaching and enforcing temperance. Let us continue our support of it. Let us as individual Christians do our duty to our country and our God.

Report of Custodian

It is my pleasant duty, at this time, to submit my two-fold report for the Associational Year ending October 22, 1925 to the Baptists of Missouri.

As Committeeman on Missouri Baptist Biography, I report that the manuscript of volume five, that was reported three years ago as ready for the printer, has been printed in a beautiful book of 344 pages, in an edition of 250 copies. The excellent work done in producing this volume was done by the William Jewell Press.

This book is dedicated to the Godly Women who have stood bravely and faithfully by their companions as they went forth sowing the seed of the Gospel. Forty-four Life-Sketches of these beloved Sisters, twenty-two sketches of devoted Laymen, and the same number of sketches of the lives of our consecrated Preachers of the Word—eighty-six life sketches in all, are found within its covers. The completion of this volume brings Missouri Baptist Biography the aggregate number of life sketches produced to 344 with over 2000 pages of printed matter.

As for the present I gladly, even gratefully accept your commission to go on with the work of collecting biographies, and the sixth volume is well on the way. Brethren, come to my help, by suggesting the names of those worthies who have been overlooked in our work. You can help me greatly by so doing.

As regards my Report as Custodian of the Archives of The Missouri Baptist Historical Society, I am able to give you a mere hint of the valuable material on the shelves. Everything is safe in a genuinely fire proof building, but my strength and the heat of the summer have prevented my doing as much toward bringing them into the order that they were in before the fire in the Library Building mentioned in my

last report, as I had hoped to do. I am expecting conditions more favorable for my doing this work when the cooler weather comes.

Within the past year we have had no special additions to the valuable material on our shelves. The Baptist Papers sent gratuitously, as reported in the past continues to come regularly, and the same friend who has in the past supplied us with the Missionary Publications of the North and South continues to do so.

When we beg hard enough reports of the various Denominational Activities, North and South find their way to our shelves. Our District Associations when they do not forget to do so send us copies of their Minutes, and much transient but valuable matter comes casually.

R. P. RIDER, Custodian.

COMMITTEE ON PUBLICATIONS

At the Brookfield meeting one year ago, the manuscript of Volume V of Missouri Baptist Biographies was placed in our hands. Bids for printing were received from several sources and the lowest came from the press of William Jewell College. This was accepted, and in addition to being the lowest bid, also had the advantage of placing the work under the direct supervision of our custodian and President Emeritus, Dr. R. P. Rider, who is also the author of the volume. All of the funds collected for life and annual memberships and money from the sale of previously printed volumes were drawn upon to pay the printing bill of $607.28, as shown by the report of the treasurer of the Society.

The Committee has presumed to transgress the orders of the General Association a year ago, printing not 300 copies as suggested but only 250, as the funds in sight were not sufficient.

Volume V is now on sale at $2.00 per volume, the printing of which cost $2.43 per volume. All of the work of compiling was donated by our honored President Emeritus, Dr. Rider. The committee considers its work completed and asks to be discharged. No funds are in sight for any further publications and we feel that the income from life and annual membership and from the sale of books on hand are needed at present for the current expenses of the official work and the care of our archives.

History—Missouri Baptists

At the meeting of the Missouri Baptist General Association held at Brookfield, Missouri, October, 1924, J. C. Armstrong was requested to begin the preparation of an History of Missouri Baptists and report his views of the matter through the Missouri Baptist Historical Society. (See Page No. 122 of the 1924 Minutes). This request was passed on to Dr. Armstrong, who under date of Sept. 23, 1925, made the following reply:

"I am keenly sensible of the compliment paid me in that request, and for various reasons which I need not recount, I would be glad to accept the suggestions, if circumstances would permit. But, taking all things into account, I cannot think of assuming that task. At my age, it would require more time than I shall live to complete such a history. It would be a work of great magnitude, demanding patient investigation. It could not be done in a hurry. I could not count on living through the period necessary to bring it to a finish. Thanking you and the brethren for naming me in this connection, I must ask you to dismiss me from your minds in this matter, and find someone to do the work who has more years ahead of him than I have, and who does not have to keep his nose on the grindstone till the sun goes down."

Submitted for the Historical Society,

C. M. TRUEX, Secretary.

Subscriptions were taken for the publication of another volume of Baptist Biography. On motion, the Association expressed its regret that J. C. Armstrong, Liberty, could not undertake the writing of the "History of Missouri Baptists." (See Page No. 122 of the Minutes, 1924 Session.) This matter was referred to the State Executive Board.

W. C. Ferguson, Marble Hill, presented the report on

SABBATH OBSERVANCE

The first day of the week is the Lord's Day. The early Christians observed this day in commemoration of the fact that the Lord arose from the dead on the first day of the week. All that the Bible says about the Sabbath inheres in the Christian observance of the Lord's day. We believe that the day should be kept sacred for religious purposes, that on it no unnecessary work should be done, nor should sinful recreation be engaged in.

"The Sabbath was made for men," by which words we understand Jesus meant that the day should be used for man's highest development. We regret the tendency throughout our State to secularize the day, and above all deprecate the fact that the sporting interests are seeking to commercialize Sunday. It is well that we remember that laws are already upon our statute book, forbidding the commercialization of Sunday, and we believe that Christian people ought to insist that these laws be enforced.

The general observance of Sunday is of supreme interest to our

homes, to our churches, and to the nation at large—yea to the whole advancement of the Kingdom of God upon earth. We call upon all people who are interested in Christian civilization to help us preserve the day for worship and Christian service.

OBITUARIES

It is but fitting that each year the Brotherhood of Missouri Baptist Association pause to pay a passing tribute to our brothers and sisters, who have gone home since we last met in Annual Session. We can not gather the names of all, but of those whose work and service have called them out to places of leadership. We would also silently remember all the group, who though not leaders, have lived their quiet stressful life, and have gone home, though we have been unable to secure their names. We pray the Lord's blessings to be on all our brotherhood, and may we all be cheered and urged on by the fine christian lives these, our brethren, have lived in our midst.

RESOLUTIONS

Your committee on Resolutions is gratified that the Baptist folk seem to be so busy doing things that they have small time for passing resolutions that may be of impractical value.

I. We have all been impressed with the splendid work of the Program Committee this year. Every interest has been presented under due proportion of time and emphasis, therefore be it

Resolved: That we especially and heartily thank Russell B. Whiteside, Dwight H. Willett and Mrs. D. C. McClung for this unusually fine service.

II. Whereas, it is highly desirable that every pastor should be protected from the possibility of future want for himself or his widow, and whereas the annuity plan of the Relief and Annuity Board of the Southern Baptist Convention can supply such protection at the minimum of expense, therefore be it

Resolved: First, that we urge every pastor in Missouri to take membership in the Relief and Annuity Board of the Southern Baptist Convention. Second, we recommend that our churches throughout the state consider favorably the entering of their pastors in the annuity plan and place the cost of same on the regular budget of the church, thereby relieving the pastor from the annual payments. Third, we request the Executive Board to call the attention of the churches and pastors to the wisdom of taking advantage of the insurance provided for Ministers and Missionaries under the Relief and Annuity plan.

III. Whereas, we the delegates and visitors of the Missouri Baptist General Association meeting in Carthage, Missouri, October 20-22, 1925, have been accorded such splendid hospitality on every hand by our own Baptist brethren, by the churches of other denominations in the city and their members, by the Chamber of Commerce, by the whole citizenry of Carthage, and by the hotel management, therefore be it

Resolved: First, that we hereby express our hearty appreciation to W. W. Pierce, Pastor, and his committees, and all our Baptist brethren for their painstaking, able, and praiseworthy manner in which they have anticipated and cared for our every need, for their unstinted labor in our behalf, and for their gracious hospitality evidenced in innumerable ways.

Second, That we hereby voice our appreciation to the other churches of Carthage for their most generous co-operation and helpfulness—to the First Methodist, Christian, and First Presbyterian churches for the use of their buildings for meetings and to their ladies for the serving of

meals, and to the members of all the churches who so kindly opened their homes to entertain us.

Third, That we hereby extend a vote of appreciation to the Hotel management—the Drake and Harrington Hotels, for their fine spirit and the large part they have had in the entertainment of many of our delegates.

Fourth, That we most heartily thank the Carthage Chamber of Commerce which, at its own expense, has made available for our use this Memorial Hall—than which could not be found a more ideal meeting place for our sessions.

Fifth, That we hereby express our gratitude to the Kings Daughters and to the Y. W. C. A. for the use of their equipment and their hospitality.

Sixth, That we express our appreciation to all who so generously have given of their time in making this session of the Association one of the best in all of its history.

IV. Resolved: That our Secretary be hereby instructed to forward a copy of these resolutions to the parties named therein.

L. M. PROCTOR.
L. W. SMITH.

WOMAN'S MISSIONARY UNION OF MISSOURI

Annual Meeting, Carthage, Missouri, Monday, October 10, 1925

The second annual meeting of the Woman's Missionary Union auxiliary to the Missouri Baptist General Association, convened with the Carthage Baptist church, Monday, October 19, 1925, with the president, Mrs. F. W. Armstrong, presiding.

The opening devotional was led by Missionary John W. Lowe, China. The theme was "enlargement" based on II Cor. 5. The period was closed with an earnest season of prayer.

The enrollment of delegates and visitors and appointment of committees was the first order of business. The following missionaries and out-of-state visitors were recognized and welcomed:. Dr. and Mrs. J. W. Lowe, Rev. and Mrs. C .C. Marriott, Dr. Jeanette Beall, Miss Ethel Ramsbottom, China; and Miss Leachman, Atlanta, Ga., Home Board field and Miss Kathleen Mallory, Corresponding Secretary Woman's Missionary Union, Birmingham, Ala.

Mrs. R. T. Stickney of Carthage extended to the delegates and visitors a warm, hearty welcome. Mrs. W. L. Byars of Kansas City, responded.

Reports of the Corresponding Secretary and Young People's Leader and College Correspondent were presented and adopted, as, also, those of the six Division Chairmen. In Miss Hight's report, mention was made of the sudden death of Mr. D. P. Appleby, one of our Missouri missionaries in Brazil supported by First Church, Springfield. Special recognition was given our splendid Grace McBride Chapter at the Missouri Baptist Sanitarium and Mrs. Kathryn Germany, Missionary and social service worker at the Sanitarium and director of the chapter, and Mrs. C. L. Hennon, counselor for same, responded.

The afternoon devotional period was conducted by Missionary C. C. Marriott.

Dr. Luther Wesley Smith brought a stirring message on our Baptist opportunity at Columbia and at the call of the President the audience stood as a pledge of support to the church building project.

Mrs. J. L. Lowe of Kansas City, presided while the president, Mrs. F. W. Armstrong, gave her message, the theme of which was "Strength for Service." Mrs. John A. Hope, St. Louis, led in the prayer that our Union might fully respond to the import of the message.

Reports from the chairmen of Mission Study, Stewardship, Personal

Service and White Cross, were heard with interest and Mrs. R. E. Major of Windsor, the new White Cross chairman was introduced.

Miss Emma Leachman, Atlanta, Ga., Home Board field worker, gave an inspiring address on the need of enlistment of our Baptist hosts, and reminded us that much of the need was in Missouri.

The Plan of Work for 1925-26 was carefully discussed and adopted.

The Women's banquet was largely attended, beautifully served, and the messages from our missionaries given at this time stirred all hearts.

Miss Gabriella Campbell directed the song service for the evening session. The Unified Mission Budget of Missouri Baptists and the relation of our W. M. U. to the Budget was ably presented by Dr. A. J. Barton, General Superintendent. Miss Kathleen Mallory, Corresponding Secretary of Woman's Missionary Union of S. B. C., charmed and thrilled all hearts with her fine missionary address, "Faith, Hope, and Love."

The meeting adjourned to meet on Monday, October 18, 1926, at the place of meeting of the Missouri Baptist General Association.

For the list of officers see introductory pages of the minutes.
