CONSTITUTION OF THE MISSOURI BAPTIST GENERAL ASSOCIATION

(Adopted at Cape Girardeau, October 24, 1928)

ARTICLE I—Name

This body shall be called the Missouri Baptist General Association.

ARTICLE II—Object

The object of the Association shall be to extend the Kingdom of our Lord Jesus Christ, to provide a convenient means for the co-operation of the churches in their work and an efficient agency for their enlistment in Missions, Education and Benevolence.

ARTICLE III—Time and Place of Meeting

The General Association shall meet annually on Tuesday after the third Sunday in October at such hour and place as it may choose at the next preceding meeting.

ARTICLE IV—Membership

This Association shall be composed of accredited messengers and life members as follows:

Sec. 1. Any regular missionary Baptist church in sympathy with the objects of the Association and desiring to co-operate with the Association shall be entitled to one messenger and one additional messenger for every one hundred members or major fraction thereof above one hundred, provided that no church shall be entitled to more than fifteen messengers.

Sec. 2. Each Baptist District Association wishing to co-operate with the General Association shall be entitled to two messengers.

Sec. 3. Such persons as have hitherto been admitted as life members of this Association shall be accredited as members-at-large.

ARTICLE V

Rights of the Churches and of the General Association

Sec. 1. The relation between the General Association and the churches and associations shall be fraternal and co-operative. The General Association shall never exercise any authority over the churches nor do anything that would in any way interfere with

their complete autonomy and independence as New Testament churches nor to limit the exercise of their freedom.

Sec. 2. The General Association shall always have the right to sit in judgment upon the qualification of its own members and may at any time decline to seat as a messenger any person who may be considered by the Association disqualified on personal grounds or by reason of the character or attitude of the church or association from which such messengers shall come.

ARTICLE VI—Officers

The officers of this Association shall be a Moderator, Assistant Moderator, Recording Secretary and Statistical Secretary, who shall be chosen at each annual meeting provided that the office of Recording Secretary and Statistical Secretary may be held by one and the same person if deemed best. They shall serve from the close of the annual meeting of the Association at which they are elected until the close of the next annual meeting of the Association, or until their successors are elected.

ARTICLE VII—Duties of Officers

Sec. 1. It shall be the duty of the Moderator to preside over the meetings of the Association, keep order, take the vote on all questions properly brought up and perform all other duties usually performed by a presiding officer.

Sec. 2. In the absence of the Moderator, or at his request, the Assistant Moderator shall serve as Moderator and perform all the duties of the office.

Sec. 3. It shall be the duty of the Secretary to keep correct minutes of all the proceedings of the meetings and prepare the same for publication. It shall be the duty of the Statistical Secretary to collect, digest, tabulate and present to the Association such statistics and data as will accurately convey to our people the work and standing of our denomination within our state and to perform such other work in the line of statistics as the Association and the Executive Board may from time to time require of him. Each of said secretaries may appoint such assistants to aid him in the performance of the duties of his office as he may desire.

Sec. 4. The officers of this Association shall be chosen by ballot, each messenger casting one ballot, a majority of the ballots cast being necessary for an election, provided, that when there is only one nomination the vote may be taken viva voce.

ARTICLE VIII—Executive Board

Sec. 1. Structure:

There shall be an executive board which shall be incorporated under the laws of Missouri under the corporate name of the Executive Board of the Missouri Baptist General Association, which shall have charge of the Missionary, Educational and Benevolent work of the Association, and which shall be composed as follows:

a. The Board shall consist of thirty members, of which at least one-third shall be women, provided that no church shall have more than one representative on the Board at any one time, and that no elected member of the Board shall be eligible to serve more than two successive terms. Any elected member who may serve two successive terms shall be eligible for re-election to the Board after the expiration of at least one year from the close of his second term. (Adopted 1934. This paragraph effective at the opening of the session of the Association in 1935.)

b. The Board shall be elected at the annual meeting of the Association. Those first elected shall divide themselves into three equal classes, one of which shall serve for one year, one for two years and one for three years.

c. After the first year ten members of the Board shall be elected at each annual meeting of the Association to serve for three years.

d. No salaried employee of this Board nor any employee of any institution fostered by this board shall be a member thereof.

e. If a member shall miss two executive meetings without, in the judgment of the Board, a good and acceptable reason, his position on the Board shall automatically become vacant.

Sec. 2. Organization:

The Board shall elect a Chairman, Vice Chairman and Recording Secretary, who shall serve without pay. It shall also elect a Treasurer who shall have custody of all the funds that may come into the possession of the Board; who shall disburse them only as directed by the Board for the purposes for which they were given; whose accounts shall be properly audited; and who shall give such bond as the Board shall require. The Treasurer of the Executive Board shall be the Treasurer of the General Association.

Sec. 3. Powers and Duties:

General:

a. The Board shall determine the times and places of its meetings; fill vacancies occurring during the year; adopt all necessary regulations for the conduct of its business; appoint such com-

mittees as it may deem wise, and shall report annually in writing to the General Association.

b. The Board shall have full power and authority to act for the General Association in the interim of the sessions of the Association in any and all matters that may arise affecting the interests fostered by the General Association, provided, that this shall not be interpreted as authorizing the Board to reverse any action of the General Association or to do anything contrary to this Constitution or to accepted Baptist faith, polity and practice.

c. It shall present annually to the General Association a budget including both state and Southwide objects. This budget shall be presented to the district associations and churches for their consideration, approval and support. All contributions made to this budget without further designation shall be faithfully distributed among the objects included in the budget upon the basis of the percentage fixed for each institution and interest and shall be promptly and regularly forwarded to said interests and institutions.

Specific:

a. The Board shall elect a General Superintendent of Missions, Education and Benevolence and such other workers as it may deem necessary for the prosecution of the denominational work and fix the salaries of all employees.

b. The Board shall devise means for the creation and increase of a fund to be used for assisting Baptist churches in Missouri to erect meeting houses by gift or loan under such conditions as may be wise.

c. The Board shall have general oversight over any and all educational and benevolent institutions owned, operated or maintained in whole or in part by the denomination; shall keep itself fully informed as to the conditions and needs of all such institutions; shall approve arrangements for all campaigns for funds; shall conduct a continuous campaign for enlightenment as to the claims and needs of these institutions; and, in general, shall promote in every way possible their interests and the things for which they stand.

ARTICLE IX—Amendments

This Constitution may be amended at any regular annual meeting by a two-thirds vote of the messengers voting, provided that notice of such amendment shall have been given in writing at the annual meeting next preceding, and provided that Article V shall not be subject to any amendment that would violate the principles which it embodies.

REPORT OF THE EXECUTIVE BOARD

"We are ambassadors therefore on behalf of Christ,—and working together with Him—." II. Corinthians 5:20, 6:1.

"And these all, having had witness borne to them through their faith, received not the promise, God having provided some better thing concerning us, that apart from us they should not be made perfect." Hebrews 11:39-40.

Our greatest need:—"A Holy Spirit Revival in Every Life and Every Church".

Your Board has endeavored to bring to the attention of our people throughout the state this year our need for a genuine revival in our individual hearts and in all our churches. You have specifically from year to year charged us with the responsibility of promoting our denominational plans and policies and we have during the past year endeavored to recognize this responsibility. We have realized that our greatest need is a closer fellowship with our Heavenly Father. If such fellowship should be established the promotion of our denominational undertakings would be easier and more effective. We wish here to impress on your hearts the necessity for this revival and urge that during 1936 every denominational interest, every church and every individual endeavor to promote it. We have distributed through our district associations and a large number of our churches a display sign carrying these words, "A Holy Spirit Revival in Every Life and Every Church", with the request that these be put in some prominent place for the purpose of calling to the attention of those who see them this dire need among Missouri Baptists.

Expressions of Gratitude

We happily acknowledge our gratitude to God for His blessings during the year. Our needs are many and urgent but favors of our Heavenly Father have been so gracious and bountiful that we should continually give thanks to Him and express this gratitude through our lives set apart anew to His service. We also wish to express the appreciation of your Board of the cooperation of the officers of our district associations, our district missionaries, the pastors of our churches and multiplied thousands of our people throughout the state during this past year. Without such cooperation all of our promotion efforts would have been in vain. We are glad to say that the reports that have come to us from over the state during the past few weeks show that Missouri Baptists have decided to go on with the Lord's work in a more telling manner. There are signs everywhere of more aggressive plans for the new year in our

district associations and in our churches and among groups inside the churches. We wish also to acknowledge our deep gratitude to the railroads for the favors shown a number of our workers. Missouri Baptists owe a great deal to the Sunday School Board of the Southern Baptist Convention, not only for the $3,500.00 appropriated during the year to our Sunday School and B. T. U. Department, and the $800.00 per annum for our B. S. U. work, but also for the assistance given in many places throughout the state through the employees of this Board and other selected workers during training schools in our associations and churches.

Beginning Our Second Century

This year should mark an epoch in denominational progress in our state, the one hundred and first year of our co-operative work among Missouri Baptists. Notwithstanding the severe drought through which the entire state went in 1934 our people showed more interest and gave heartier cooperation in our denominational work than in many years previous as shown by the enthusiasm and attendance during the sessions of this body in St. Louis last year, there having been 1,258 accredited messengers enrolled and 2,685 visitors, a total of 3,947, the largest during our history. Those who attended our centennial meeting in St. Louis will never forget the occasion. We had our memories refreshed concerning the accomplishments for the past one hundred years. Our fellowship was renewed and there was every evidence of a new day for Baptist work in our state. Nearly all of the fifty-nine centennial churches were represented by special messengers. Every one of the eight district associations that have been carrying on during the century took cognizance of our celebration as shown by the messengers present from them. Our centennial volume, "The History of Missouri Baptists", by R. S. Douglass, has increased this interest in our denominational accomplishments wherever it has been read. We wish to commend this book to our people. We have on hand at present 575 copies which we are anxious to distribute as widely as possible. We have a number of the centennial souvenir medallions which we are distributing free of charge as we have opportunity, with the hope that they will remind us that this is the beginning of our second century of co-operative endeavor in this state and that we should rededicate our all to our Lord in the very beginning of this new year that His work may be accomplished in a more God-honoring way during this first decade of the new century. As this second century goes forward we should measure the progress of our Lord's work by that of the same decade of the first century wherever records can be secured. Our forefathers set a worthy example for us during the first ten

years of the first century. We cannot do better than to lay our plans deep and strong for the first ten years of the second century because we have the blessed example of those who labored during the first decade of our existence and the reports of all those who followed them during the remaining ninety years to encourage us.

Our Statistics

Your Statistical Secretary, S. E. Ewing, will put in our permanent records as complete reports as he can compile from the information furnished him by the churches and district associations. During the year of our centennial celebration there were added to our churches 21,768 new members, of whom 12,309 were received by baptism, which brought us a net gain of 4,495. We shall not be surprised if when all reports are in there should be a reduction in the total membership of our Baptist churches in the state as reported for this year. At the close of last year we had 247,867 on our church rolls, that is on the rolls of the churches that are cooperating in our General Association work; but because so many of our churches, especially a number of our larger churches, have begun to revise their church rolls so as to bring them up to date we need not be surprised if Brother Ewing's report should show a decrease in this total. It is especially interesting to study the statistical reports of our district associations during the past year. Wherever these organizations have adopted and promoted aggressive plans and policies there have been increases in every line of endeavor, more baptisms, more money contributed to local and denominational causes and more active work in the organizations inside our churches. There will undoubtedly be a decrease in the total amount of money contributed to all causes because of the severe drought of 1934. Throughout a major portion of the state our people found themselves embarrassed because of no income from the farms during 1934. We are glad to report that there is a decided trend toward a better situation among our farmers throughout the state during this year. They are in better condition financially than for several years and our rural churches especially should show a marked increase in their offerings for the support of all the Lord's work during next year.

Our Cooperative Missionary Program

During 1934-1935 our undesignated receipts for this Program have been $67,047.33 as compared with $68,873.72 for 1933-1934, a decrease of 2.7 per cent. Our records show a commendable increase in the number of churches that have contributed to this Program during the year. The interest has been greater and the general support more satisfactory. Because of the drought of last year our people found themselves unable to do what they desired. The designated receipts of your Board during 1934-1935 were $76,018.95 as compared with $78,287.82 during 1933-1934. These figures prove that we need a more aggressive promotion of our work to bring forth increased support from our people. We are convinced that Missouri

Baptists must either promote our Cooperative Missionary Program more earnestly or must allow it by force of circumstances to have a smaller and smaller place in the plans and prayers of our church members. The hope of our Cooperative Program, which is the basis of all our cooperative work, is in our pastors and other leaders in our churches. Your Board must depend on these leaders very largely in promoting this Program. We recommend the following percentages of distribution of the receipts of this Program during 1936:

Southwide Objects:		*State Objects:*	
Foreign Missions	22.5 %	State Missions	33. %
Home Missions	10.5 %	Church Building Fund	1. %
Relief & Annuity Board	3.15 %	Ministerial & Missionary Education	2. %
Education Board	1.5 %	William Jewell College	4. %
Southern Baptist Seminary	1.89 %	Southwest Baptist College	3. %
Southwestern Baptist Seminary	1.89 %	Will Mayfield College Board	.5%
Baptist Bible Institute	1.755%	Stephens College	3. %
Negro Seminary	.45 %	Hannibal-LaGrange College	3. %
New Orleans Hospital	1.125%	Missouri Home for Aged Baptists	1.5%
W. M. U. Training School	.24 %	Missouri Baptist Orphans Home	2. %
	45. %	Missouri Baptist Hospital	2. %
			55. %

This is the same as last year except that the allocation to the Board of Trustees of Will Mayfield College is reduced to one-half of one per cent and the amount released is given to the Church Building Fund in order that your Board may be able to meet promises already made to a number of church building undertakings in the state that are in embarrassing circumstances. We were anxious to increase the proportion going to worldwide causes but felt it unwise to do so now in view of the special gifts that have been made to these causes during the past year, which specials have increased the amount going from Missouri Baptists to our Southern Baptist Convention interests to the extent that our support of state and worldwide objects now is practically equal.

The Wigger Resolution

You referred to your Board last year the following resolution and instructed us to report to you concerning this matter:

"Whereas, the offerings to the Cooperative Program are not

sufficient to take care of all our work, and Whereas, it is necessary for our schools and institutions to go into the field for special offerings because of this condition, and Whereas, such campaigns may react against our offerings toward the Cooperative Program, and Whereas, the offerings to the Cooperative Program with the above mentioned institutions included may react against these special offerings,

"Therefore, Be It Resolved:

"1. That the Missouri Baptist General Association instruct its Executive Board to work out a program if possible whereby the above mentioned institutions may be separated from direct missions and

"2. That a plan be evolved by the Executive Board in cooperation with the above mentioned institutions and colleges whereby they can be more adequately supported in accordance to the service rendered the denomination, and

"3. That the program or programs be submitted to this body for its consideration at its sessions in 1935."

A special committee was appointed to consider this matter fully *of which Brother W. M. Wigger who introduced the above resolution* was a member. As thorough consideration as possible was given to it. It was finally referred to the Executive Committee of the Board for further consideration. The result of all this study is that your Board suggests that we continue the plan which we have been using for a number of years, which plan includes our institutions. Your Board would further suggest that we follow the policy of dealing with each interest in our Cooperative Program on its own merits, that if a certain interest is not as effective as it should be in setting forward our Lord's work as represented by our denomination, that interest be dealt with individually, that those having suggestions for improvements present these suggestions to the Board of Control of that interest, that if such Board of Control cannot be brought to see the advisability of a change in its policies those suggesting such changes then bring them to our General Association. We feel that every interest whether a missionary cause or an institution that is affiliated with the Missouri Baptist General Association has the sympathetic support of our people so far as they believe that that institution is cooperating in the promotion of Kingdom endeavors. When an interest fails in such cooperation suggestions for improving her work should go directly to the corporation or group responsible for such policies. If and when this board or group cannot be made to see the advisability of changing the work of this interest it will then be necessary if the demand is sufficiently urgent and widespread and

the situation is sufficiently critical to bring to the General Association the advisability of terminating our affiliation with that interest.

Missouri Baptists should bear in mind that the property and control of the institutions affiliated with our General Association are wholly in the hands of the boards of trustees or boards of managers respectively. We do not own in fee simple the property of any institution in the state. Therefore, it is advisable that those of us who have constructive suggestions for improving the work of these institutions go direct to the respective boards of these institutions. This will enable us as a denomination to deal with each institution or interest on its own merits.

The Hardin College Suit

About two years ago a creditor of Hardin College, The Farm and Home Savings and Loan Association of Nevada, brought suit against approximately one hundred individuals who in the past had been messengers to the meetings of this body as representing the Missouri Baptist General Association in an endeavor to hold our General Association liable for the indebtedness of that institution. We are glad to report that this suit was decided in our favor in the district court where it was first tried and on an appeal to the supreme court of our state the decision of the district court was affirmed. The supreme court sitting *en banc* handed down an unanimous decision. Our denomination is greatly indebted to Brother M. H. Winger, a member of our Executive Board, who was our attorney in this suit. He had associated with him Brother A. L. Reeves, Jr., and Walter C. Goodson. We have tried to express to these attorneys our appreciation of their work. The cost of the entire suit including expenses and an exceedingly small honorarium was $807.64. This has been added to the Hardin College account which is now in a note held by the bank of our Board and is being paid gradually by the allocation from the Cooperative Program which you have instructed us to use for this purpose.

Affiliated Institutions

All institutions affiliated with our General Association, except our Orphans Home and William Jewell College, have large debts that have been brought forward for several years. Under your instructions the Executive Board is charged with the responsibility of seeing that each of these institutions complies with the requirements of affiliation with us, that is that each one live within her income from year to year, that each one stand for and promote our Baptist principles and policies and that each one has not more than one field

agent in addition to its executive head. Your Board through the Committee on Institutions, one of our standing committees, has been endeavoring to cooperate with the institutions affiliated with us in every possible way for their best interests. We have endeavored to see that not more than one of these institutions is before the people of the state or any one section at the same time in a special campaign for financial relief. For instance, last year the Missouri Home for Aged Baptists had on a special campaign to care for the mortgage against that institution in such a way that it would not be the cause of closing her doors. This year Southwest Baptist College has on a debt-paying campaign covering the territory South of the Missouri River, which effort will be explained in the report of that college. Unless you instruct otherwise your Board will continue to confine these special debt-paying campaigns or enlargement campaigns to not more than one each year, that is every endeavor will be made to see that not more than one institution will approach our people in any one section of our territory during each year. We would request that you instruct your Board concerning such campaigns for next year. Because two of our institutions are planning such campaigns next year we request that you instruct your Board what to do. We wish to commend to your favorable consideration the efforts of these institutions presented in their respective reports, to pay their debts.

We earnestly request that every one study closely the financial reports of the institutions affiliated with us. Our auditor has prepared a condensed balance sheet for each one where such a sheet was not furnished by the institution herself which accompanies the report of the institution and sets out the assets and liabilities and the operating accounts of each one. Furthermore, the comparative statement which we have prepared each year for all these institutions is presented again this year and sets forth the assets, liabilities, depreciation charges, interest costs, operating income, operating expense and the operating profit or operating loss in each case. This statement deserves your careful study.

We wish to remind ourselves again that the Baptist institutions in Missouri are not owned and controlled by our General Association or the Executive Board of that Association. They are only affiliated with us and in return for this affiliation such institutions grant us the privilege of electing their boards of trustees or boards of managers. This fact throws the responsibility for the conduct and welfare of these institutions on their respective boards of control. Our attitude toward these institutions should be so loving and considerate that they will always approach the denomination without hesitancy concerning any of their needs, plans and policies—and

the affiliation between them and us ought to be so close and warm as to be helpful to all concerned.

The Missouri Home for Aged Baptists

The report of the "Missouri Home for Aged Baptists" which was submitted to our General Association last year carried the information that they were in the midst of a financial campaign at that time to raise $60,000.00 to care for the mortgage of $125,000.00 that was on her properties in such a way that it would not endanger the future of that work. This campaign was closed successfully December 15 and the mortgage was assigned to the "Baptist Woman's League," a corporation composed of a group of Baptist women, for the most part from southeast Missouri, that was chartered for the purpose of raising funds to assist this institution. After the transfer of the mortgage to the "Baptist Woman's League" some creditors of the "Missouri Home for Aged Baptists," through their attorneys, who had obtained judgment against the Home, levied on the properties and forced the sale of them at the court house door at Ironton, Missouri, on or about April 1st, subject to the mortgage. The purchaser at this sale, who is not a Baptist but a citizen of Ironton and a well wisher of the work which this institution does, not desiring to conduct the institution for himself but that it should be carried on as nearly in line with her previous operations as possible, led in organizing a new Board of Trustees and securing a new charter. When the new Board was organized and the charter secured he immediately deeded the properties in fee simple to the new corporation which is now known as the "Home for Aged Baptists." Therefore, we now have two corporations—the "Missouri Home for Aged Baptists," which has nothing to do with the current operations but holds almost nothing except the unsecured liabilities of the original corporation, "Missouri Home for Aged Baptists," and the new corporation, "Home for Aged Baptists," which is entirely separate and now owns the property and conducts the affairs of the institution. The Board of Trustees of the "Missouri Home for Aged Baptists" have announced that they will report to our General Association this session concerning plans for securing funds to care for these unsecured obligations. Because of this situation it will be necessary for our General Association to decide what to do concerning affiliation with one or the other or both of these corporations. We are praying that the time will soon come when these entanglements will be straightened out. When your Executive Board was notified that these two corporations were in existence we were disturbed concerning the disposal of the allocation of funds going to the "Missouri Home for Aged Baptists" from the

Cooperative Program. The fact that the "Missouri Home for Aged Baptists" had very little left but the unsecured obligations against that institution and the new corporation, the "Home for Aged Baptists," had complete control of the current affairs of this institution your Board had to decide what to do with the undesignated income from the Cooperative Program. After earnest and prayerful study of the entire matter and with legal advice these funds have been used since that time, about May 1, solely for the current support of the inmates there. This was done because we felt that this money was given for the purpose of helping feed, clothe and otherwise care for these old people. We shall continue this policy unless developments force a change or you otherwise instruct us.

Our Other Institutions

We rejoice that our educational institutions report an increase in enrollment this year and an encouraging outlook for the future. The reports of our colleges deserve your sympathetic study. The Missouri Baptist Hospital is under exceedingly heavy pressure because of her indebtedness. Except for these debts she could carry on with ease and do an increased amount of charity work. We are happy to report that the Orphans Home has secured for Superintendent and Matron respectively Brother and Sister Sam T. Mayo, formerly of Ilmo, Missouri. Both of them are in love with their new work. Their enthusiasm is becoming contagious. We commend them to our people.

The liquidation of the funds of the original Ministers Aid Society with headquarters at Mexico, Missouri, is being carried forward as rapidly as the best business judgment we can find dictates. Our denomination should appreciate very keenly the services of Brethren I. R. Hazard of Centralia, Lex McDaniel of Kansas City and Orville Groner of Dallas, Texas, the members of the Liquidating Committee, and of Brother C. C. Brown of Mexico, the Secretary-Treasurer of this Committee, who gives direct attention to the properties belonging to this fund. As fast as the investments are liquidated the money is transferred to the Relief and Annuity Board, Dallas, Texas, to be used as a permanent fund, the income from which without any charges for administration will be devoted to the care and support of our aged and infirm ministers and their dependents. The report of this fund is submitted herewith.

State Missions

A very immediate responsibility of your Executive Board is the conduct of State Missions in Missouri. The opportunities and responsibilities connected with this work seem to increase from year to year. The real embarrassment that your Board faces in this matter is the lack of adequate funds for this purpose. We are almost wholly dependent on the Cooperative Program for State Missions income. When our people let this Program suffer because of their support of special appeals that may be made from time to time they hamper our work to win Missouri for Christ. We refer you to the statistical table, "Comparative Study of Denominational Income," for information concerning the amount we have received for State Missions each year since 1928. During 1933-1934 our total State Missions income was $31,027.63. During 1934-1935 our income for this purpose was $30,474.94. Let us urge in this connection that Missouri Baptists do everything in their power to increase the support given State Missions through our Cooperative Program.

We have in State Missions the following undertakings:

1. **Evangelism.** Your Board set up a special Committee on Evangelism one year ago of which Brother O. P. Joyce of Raytown, Missouri, is chairman. This committee has given earnest study during the year to this work throughout the state. The services of Dr. John F. Vines have been continued and we are grateful to God for His rich blessings on him and his work. The report of his work is as follows:

2. **Teaching the Bible**—This work carried on by our Sunday School Department under the immediate supervision of Brother J. C. Hockett as State Sunday School Secretary, has made progress. Associated with Brother Hockett is Brother C. A. Carlock of St. Louis who has rendered especially effective service through the year. Brother Hockett, in connection with his work of supervising all of the endeavors of our Sunday School and B. T. U. Department, has given special attention to the teaching of the Bible through our Sunday schools while

Brother Carlock has given more attention to the B. T. U. work if such a division can be drawn. Associated with these is a large group of volunteer workers throughout the state who have rendered very effective service as they have been called upon during the year. The report of this work is presented herewith by Brother Hockett.

3. **Training in Church Membership.**—This work is done through the Baptist Training Union part of our Sunday School and B. T. U. Department and has the same force of workers as the Sunday School Department and is combined with it throughout the state. The report of this work is also presented herewith by Secretary Hockett.

4. **Our Woman's Missionary Union Endeavors.**—Perhaps the most aggressive promotion agent of missions in Missouri is our Woman's Missionary Union Department under the leadership of Mrs. J. G. Reynolds as Secretary and Miss Cynthia Siler as Young People's Secretary. There has been commendable progress in this work as shown by the report presented by Mrs. Reynolds and attached hereto.

5. **District Missions.**—This work is fostered by your State Board through cooperation with the district associations. During the year we have contributed to the support of eighteen district missionaries. Many of our district associations are not able to employ a district missionary by themselves but by cooperating with one or more contiguous associations the group is able to secure a man for this work of sufficient strength to represent and promote Baptist work more effectively.

There seems to be a new day for district mission work among Missouri Baptists. Every district association in the state, with scarcely an exception, that earnestly and seriously promotes a definite plan of district mission work shows an increase in denominational strength and in the work of the individual churches from year to year. Not many years since a district missionary was primarily an evangelist and he was expected by the district mission board to give his full time to holding evangelistic meetings and securing sufficient funds from the offerings received during these meetings to pay his salary. This plan of missionary work has resulted in many sections in the death of scores of our rural churches. No opportunity for training and enlistment was offered and the new converts for the most part were finally lost to the churches and to the denomination. The

*3,148 days labored.

effective district missionary is now pursuing a different policy under the direction of his district board in that he gives definite attention to seeing that every church of his constituency is influenced to have at least one well-prepared-for revival season each year in which the preaching is done preferably by a pastor, that each church, in addition to the revival season, conducts at least one training school for each of the departmental organizations, Sunday School, B. T. U., W. M. U., and Brotherhood, and that the district association under the leadership of the district missionary fosters a program of enlistment and assists each church to have a really effective enlistment effort at least once a year for the purpose of adopting a financial budget, underwriting this budget with individual subscriptions and keeping it alive during the year. This district missionary is also charged with the responsibility of promoting associational organizations in Sunday School, B. T. U., W. M. U., and Brotherhood work and in many cases a monthly workers conference to which these different organizations make their reports and of which they are a part. Instead of determining the work of district missionary now by the number of baptisms he reports our standard of measurement for him is found in the denominational progress in all lines of endeavor made by and among the churches of his constituency. We do not have a more effective unit of denominational endeavor than the district association and Missouri Baptists must do all in their power to set forward the best interests of these time-honored units.

6. **City Missions.**—This is a part of the district mission endeavor in our state but because of the complex problems associated with it and the enlarged opportunities of service presented in our cities we give to you a separate statistical table reporting the work of our missionaries in St. Louis and Kansas City. Our two large cities influence directly nearly one-half the population of our state and therefore they demand a more vigorous denominational program and an enlarged support on our part. If we can win our cities to Christ we will much more easily and readily win our entire state. This work is done through the City Mission Boards in these cities by means of appropriations made to them by your State Board.

7. **Pastors' Support.**—From our State Missions funds each year a number of churches are given assistance in paying the salaries of their pastors. During the present year we have had

the privilege of contributing to the help of 43 men in this work. Your Board expects each church making application for help in this work to present evidence that she has done all she can to enlist her own members toward self-support before such application is granted. Furthermore, your Board has offered to provide assistance to such churches in putting on these enlistment efforts. We expect every church thus assisted to become self-supporting as soon as possible. Accordingly the amount appropriated to each of these churches wherever possible is reduced gradually year by year.

8. **Our Baptist Student Union Work.**—We are happy to report to you that we have secured for our leader in this work Brother W. O. Vaught, Jr., who came to us from Kentucky on last May 1. His report is submitted herewith. Brother Vaught comes to us with successful experience in student work. He is a graduate of Mississippi College and also of the Southern Baptist Theological Seminary of Louisville, Kentucky, a Kentuckian by birth and rearing. We do not have a more promising endeavor in our State Mission work. These college students will soon be the leaders in the various lines of endeavor in the communities in which they live. While they are growing mentally during their college years we have an enormous responsibility in seeing that all possible is done to provide them opportunities of spiritual growth at the same time. Our Baptist Student Union work reinforces the efforts of the churches contiguous to the campuses of our schools and through an organization of Baptist students set up on each campus plans for the enlistment of every Baptist student in the student body in active church attendance and in providing every possible means for their spiritual growth and enrichment.

9. **Our Work Among the Negroes in Missouri.**—Brother John Goins is still with us in this blessed work. He has been our missionary among the Negroes for many years and has been the moving spirit in keeping alive Western College for the training of Negro Baptist preachers and other workers among them. During the past year we have, in addition to the amount contributed to Brother Goins' salary, fostered two Bible Institutes for Negro Baptist preachers, one in St. Louis and the other in Kansas City. More than two hundred preachers and other leaders attended these institutes and during their attendance went to school for five days and nights at each one. We are glad here to acknowledge our appreciation of the help given us by a number of white Baptist pastors in St. Louis and also in Kansas City who

taught classes and delivered lectures in these institutes. Our Sunday School and B. T. U. Department has also had the good fortune of helping Negro Baptists in their Sunday School and Training Union work. Mrs. Reynolds and her associates in our W. M. U. Department have been happy in the opportunity that has come to them to help our Negro Baptist women and young people in their endeavors. We have more than two hundred thousand Negroes in Missouri and we must as white Baptists in this state render them every service we can. The Catholics and other denominations are making great inroads among them. It is easy for Baptist work to prosper in their midst if it is wisely and actively directed. We need more money for State Missions so that we can enlarge our work among the Negroes.

10. **Work Among Foreign Speaking People.**—At present this work is carried on only in our cities where we have large numbers of foreign-born and foreign-speaking people. The best available figures show that there are nearly one-half million in our state who are under foreign influence by birth and environment. Most of these are members of the Roman Catholic Church. On this account progress in this endeavor is very slow. It is difficult to win these foreign-speaking people to our Baptist viewpoint. With the exception of Baltimore, St. Louis has more Catholics per thousand of population than any other city south of the Mason Dixon Line. In Kansas City we have a definite section that is regarded as the Mexican section, another section that is inhabited by Slavs and still another section inhabited largely by Italians. This segregation of these foreign-speaking people provides a large opportunity in that city for State Mission endeavor. Let us urge you to study the reports of our city missionaries as presented in a statistical table appended hereto. We are fortunate in having in St. Louis Brother and Sister Ivan F. Beck and Miss Ruth Goodin in the Baptist Center and in Kansas City Brother A. B. Apra working among the Mexicans, Brother Anthony Soltys among the Slavs and Brother L. DiPietro among the Italians. Associated with these in both cities are groups of volunteer workers who are well trained for this service.

11. **Free Literature.**—Several hundred dollars of State Mission money is spent each year in evangelistic, doctrinal and other denominational literature to be used for free distribution throughout the state. In addition to this, State Missions bears its proportionate part of the cost of our publicity work through the columns of The Word and Way. We endeavor to keep be-

fore our people continually the fact that we are ready to furnish them tracts prepared by our own writers for general distribution.

12. **Our Stewardship and Brotherhood Work.**—This is under the direct supervision of your Board, a special committee of which is charged with the responsibility of recommending to the Board plans and methods. There are a large number of Brotherhood organizations in the state that are functioning effectively. This department also fosters our enlistment work and does everything in its power to set forward the best welfare of our Cooperative Missionary Program. Brother R. S. Douglass, who was our Stewardship and Brotherhood Secretary, resigned last December 15 and we have not as yet secured his successor. This is one department that more than pays its own way because its activities result in an increased income for our denominational work that abundantly justifies the employment of a statewide leader in this endeavor. We here gladly acknowledge our appreciation of the help given this department by Deacon Irving L. Bush of the First Baptist Church of Clinton who, when we have had a Secretary, has given $100.00 a month over and above his regular contributions through his own church on the salary of this worker.

We are glad to report that there is an ever-enlarging opportunity for State Missions in Missouri. We have not yet touched the hem of the garment in this endeavor. There are approximately two million people in our state who have reached the years of accountability who make no Christian profession of any sort. Missouri Baptists ought to enlarge their efforts to reach these people with the Gospel and win them to Christ for salvation and service. We must have an increased income through our Cooperative Missionary Program for this work.

13. **Our Book Department.**—We present herewith the financial statement covering the activities of our Book Department during the past fiscal year. This department is run for service and not at all for profit. The small margin of profit that is realized goes directly into our denominational work, fifty per cent of it to the Sunday School Board of the Southern Baptist Convention and the other half to our own State Mission work. Miss Mary Tongee, the Manager of this Department, has rendered very gratifying service and we commend her and her work to your most favorable consideration. She has an effective helper in Mrs. Dorothy Smith. We invite our people to visit our Book

Store located on the fourth floor of the old City Club Building at 1023 Grand Avenue in Kansas City. We are happy to say that the State Revenue Department has absolved us from the necessity of paying sales tax due to the fact that we are not a first floor store and do not engage in a general book sales business but confine our activities nearly altogether to our denominational books and departmental publications and similar products.

14. **Our Permanent Funds.**—Missouri Baptists owe a debt of gratitude to Brother Lex McDaniel, Treasurer of our Executive Board, who through these years has handled these funds. You will note from the report of our auditor that we have at present several thousand dollars in cash in the bank that belong to these funds. It is our purpose to invest this money which came from the sale of government bonds, which were called recently, in good interest bearing securities as soon as such can be found, preferably government securities.

Publicity and Promotion

We recommend to the General Association a continuation of our present policy of buying space in the columns of The Word and Way for publicity and promotion purposes. There has been a gratifying increase in the circulation of The Word and Way during the past year. The editors of this paper, Brethren S. M. and Joseph E. Brown, have rendered us every assistance and have cooperated to the limit in this endeavor. We commend to our people more strongly than ever our denominational paper. It ought to be in every Baptist home in the state. It is a very effective assistant pastor when placed in every Baptist home of the members of a church. The special club rate of $1.00 each for a club of five or more subscribers makes it possible for even the weakest of our churches to secure at least five subscriptions in her membership. During the past year we have paid to the Western Baptist Publishing Company $250.00 per month for the four pages of space each week that we have used for publicity and promotional work. In addition to these four pages the editors of The Word and Way have given us the privilege of inserting articles and informational material on the front page from time to time and on other pages of the paper than our own.

Our Enlistment Work

This is what we call the every-member canvass endeavor. Every interest in our denominational work bears its propor-

tionate part of this cost. Your Executive Board is anxious to serve in every way possible through the district associations and through the leaders of the individual churches in the state in setting forward this endeavor. Free subscription cards are furnished to any church on request. Free tracts that have to do with enlistment plans and policies are sent out almost every day upon request. It is our conviction that Missouri Baptists must put on a more aggressive enlistment policy through our churches. We should be consistent as Baptist people. We do not believe that church membership has any saving efficacy at all but that it is solely for service. This fact demands that we do all in our power to enlist every member of every church in all the work that the Lord would have us undertake and carry on.

Promoting Our Cooperative Program

If your Executive Board has any one task that is more urgent than others it is the promotion of the Cooperative Program of our General Association. Our Foreign Mission Board in Richmond, Virginia, our Home Mission Board in Atlanta, Georgia, our Southwide Seminaries and all the others of our worldwide causes are almost wholly dependent on the plans and policies of Missouri Baptists for promoting their work in our churches and among our people. It is impossible for these different interests to send into Missouri a field force to promote their respective endeavors. They are almost wholly dependent on us. We are happy to report that each of these has rendered every possible assistance during the past year. When we have called on them from time to time they have responded readily. Your State Board urges Missouri Baptists through the institutions affiliated with us here in Missouri to do everything possible toward the promotion of this Cooperative Missionary Program. We recommend that you instruct these institutions, our colleges and our institutions of benevolence, to give first attention in their plans and policies to setting forward this Cooperative Program, that they place the members of their field force at the disposal of our Executive Board and of our District Mission Boards and our churches throughout the state for the purpose of putting on more effective enlistment plans everywhere within our borders. It is nothing but consistent that every interest that participates in our Cooperative Program render every service in its power to this work.

We should realize that Missouri Baptists are wholly dependent on this Cooperative Program or some similar plan of en-

PERMANENT FUND

MISSOURI BAPTIST GENERAL ASSOCIATION

Report on Examination for the Year Ended September 30, 1935

October 7, 1935

The Executive Board,
Missouri Baptist General Association,
Kansas City, Missouri.
Gentlemen:

Pursuant to engagement, we have examined the records and books of the Permanent Fund of the Missouri Baptist General Association for the fiscal year ended September 30, 1935, and present herewith our report, together with the following named Exhibits:

EXHIBIT "A"—Balance Sheet as at September 30, 1935.

EXHIBIT 'B"—Statement of Receipts and Disbursements for the year ended September 30, 1935.

EXHIBIT "C"—Statement of Loans as at September 30, 1935.

Scope of Examination

All receipts of record were traced to their deposit in bank, and the balance on deposit at September 30, 1935, was certified to us by the depository, which amount after allowing for deposit of September 30, 1935, entered by the bank in October, and deducting outstanding checks, was found to agree with the books.

Disbursements were verified by paid checks and invoices.

Payments on principal and interest on loans were checked to the loan register.

General Remarks

Payments were received on loans aggregating $2,190.40, and of interest thereon, $1,851.61. However, we find past due interest as follows:

Loan No. 32—Norwood Investment Company	$ 430.00
Loan No. 34—Chas. L. and Mary L. Christie	151.00
Loan No. 42—August and Mary Heiman	90.00
Loan No. 45—A. E. and Muriel Cox	1,490.00
Loan No. 48—Allen and Elva Baker	324.00
	$2,485.00

The Treasurer had in his custody, United States Government Bonds purchased in the past from funds willed to the fund by Mary Gibbs, but which were not carried in the books. Interest

derived therefrom was regularly taken into the records. Those bonds were called by the Government for redemption and the amount of $24,000.00 was deposited in bank on July 26, 1935, as the result of such redemption.

We are informed that it is proposed to re-invest that amount in interest bearing securities, and we suggest that in future all assets of the Permanent Fund be carried on the books.

Exhibit "C" sets forth in detail the status of each loan at September 30, 1935, as revealed by the records. Past due interest reflected therein is not carried in the books, they being kept on a cash receipts and disbursements basis.

Respectfully,

CORNELL & COMPANY.

The Executive Board,

Kansas City, Missouri.

Gentlemen:

Pursuant to engagement we have examined the books of the Missouri Baptist General Association for the fiscal year ended September 30, 1935, and present herewith our report with the following named supporting statements:

EXHIBIT "A"—Financial Statement, State Missions Fund, as at September 30, 1935.

EXHIBIT "B"—Statement of Income and Expense from October 1, 1934 to September 30, 1935.

EXHIBIT "C"—Statement of State Missions Fund from October 1, 1934 to September 30, 1935.

EXHIBIT "D"—Itemized Statement of Budget Expense from October 1, 1934 to September 30, 1935.

EXHIBIT "E"—Reconcilement of Cash as at September 30, 1935.

Scope of Examination

All receipts of record were checked against remittance letters on file and traced to their deposit in bank.

Disbursements were verified by checks issued and invoices paid.

Test checks were made of cash receipts and disbursements.

Contents of Exhibit "A"

Cash receipts are forwarded to the bank each afternoon, receipt being given therefor by the Commerce Trust Company, and are credited by the bank on the following day.

The books were kept open until the close of business on October 1, 1935, and the following deposits were receipted for by the Commerce Trust Company, being credited by the bank in October.

September 28, 1935	$ 519.48	
September 30, 1935	1,443.63	
October 1, 1935	3,824.39	$5,787.50

They were included in the item "Cash in Bank, On Hand and in Transit $1,477.22."

Petty cash in amount of $100.00 was verified by count.

Increase of $55.67 in Furniture and Fixtures is accounted for by the purchase of additional equipment in amount of $89.27 and the sale of equipment from which $33.60 was realized.

The investment in an automobile was increased $40.20 through a trade-in for a new car.

A reduction was made in the Hardin College note by applying thereto, and to interest thereon, apportionment of funds for that purpose from the Missionary Program.

Notes Payable show a reduction of $1,050.00 which represents payment on note of $10,000.00 borrowed for Hardin College, the balance thereon at September 30, 1935 being $6,750.00, which was certified to us by the Association's depository.

In addition to the above note, there is a contingent liability against the Fund in amount of $77,651.26 for notes issued to Southwest Baptist College and Will Mayfield College, to be used by them as collateral. This contingency has been reduced in amount of $2,283.20 during the year.

deavor for promoting the best welfare of all of our work from the door of each individual church clear out to the uttermost part of this earth. For us it is either a cooperative plan of endeavor or utter chaos. In conversation with a group of pastors a few weeks ago one of your workers suggested that our institutions be separated from the Cooperative Program and that what we term purely missionary work be the only interests retained in it. The suggestion was discussed earnestly and seriously for some time. Finally, the realization began to dawn on the group that if our seven institutions are left out of our Cooperative Program each of them will be forced to employ its own financial field force and that our churches would then be compelled, if they give loyal support to these institutions, to hear the members of these field forces when they come to them. The pastors in the group when this suggestion was made figuratively threw up their hands in horror and expressed a desire that we do not go into such a chaotic plan of work but that we stay together, that we keep our interests together, each working for the other and for all at the same time. Your Board submits to you the fact that every Baptist church in Missouri should include our Cooperative Missionary Program in her financial plan for a worthy amount or she should use some more effective plan for carrying out the instructions of our Saviour as given us in His Great Commission. We plead with you to cooperate in the Lord's work through this Program. For progress, Baptists are wholly dependent so far as plans and policies are concerned on cooperation.

In Conclusion

We are glad to report to you that during the past eight years your Board has not brought forward a burdensome debt on current operations of our missionary work. We have lived within the income you have furnished us. While this had to be done at the expense of our State Missions endeavor the reports from year to year show that the blessings of the Lord have been plainly manifest throughout our state. The only money your Board owes at present is the note for $6,750.00 due the East Side Bank of Commerce in Kansas City on account of the loan of $10,000.00 that was made by us to Hardin College in 1931 to prevent a serious denominational embarrassment which was explained in our report to you last year. We are gradually reducing this note as rapidly as the Cooperative Program income provides the funds. We close this report with a repetition of our

appeal for enlarged support from our churches of our Cooperative Missionary Program. Let us repeat: For progress, Baptists are wholly dependent on cooperation.

EXECUTIVE BOARD, MISSOURI BAPTIST GENERAL ASSOCIATION

Walter C. Goodson, Chairman,

E. Godbold, General Superintendent.

On motion the report was received, the discussion of the report to be a later item in the program.

*No authentic statistics.

NOTE: For the years 1917, 1918, 1919, and 1920, the statistics were compiled in the Headquarters Office at Kansas City. The report above records only the money sent by the churches to the Kansas City office, hence a much lower figure is given as compared to other years.

NOTE: In 1921, the present method of gathering statistics was adopted, viz., the statistical secretary of the General Association makes up the statistical tables from the church letters as sent in by the church clerks to the clerk of the district association who in turn forwards a church letter from each of the churches to the statistical secretary of the General Association.

NOTE: For reliable and worthwhile conclusions, this financial table ought to be studied in connection with the report of the State Executive Board of the General Association as submitted each year and printed in the annual minutes.

ARTHUR WHORTON,
Treasurer

Report discussed by E. E. King, St. Louis; E. S. Pillsbury, St. Louis; James F. Gore, Rockport; W. W. Martin, St. Louis. Report adopted.

19. W. J. A. Schubel, Hillsboro, presented the report of the

MISSOURI HOME FOR AGED BAPTISTS, IRONTON, MISSOURI

(April 30, 1935)

The Lord has directed the affairs of the Home during the past year in a marvelous and miraculous way. The health of our Home Family has been splendid; only nine deaths throughout the year. The threatening mortgage has been adjusted and is now in the hands of the Baptist Women's League. All operating expenses have been paid for the year. There are more people being cared for in the Home than ever before. At the present time we have seventy-three in the Home. During the year we have cared for eighty-five different individuals, the average being about seventy. About fifty per cent are so helpless that their meals have to be carried to their rooms. Quite a few are perfectly helpless and have to be fed and cared for just like babies.

The actual operating expense for last year was $15,400.00. The average cast per head, per month, $22.00. This includes every item of expense for their care and keep. Fuel, board, room, funeral, medicine, laundry, insurance, nursing, clothing, light, power, heat, repairs, salaries, taxes etc,

The greater portion of the funds for operating expenses have come through special gifts by individuals, churches, Sunday school classes, W. M. U.'s, etc. The amount received from the budget last year in undesignated gifts was just about enough to run the Home twenty days, thus leaving 345 days to be provided for by designated gifts and special offerings. But, thank the Lord He has put it into the hearts of His people to provide every cent of operating expenses. No large balance to boast of, but we are truly grateful that we have been able to pay all current expenses. The fiscal year was closed with a balance in the treasury of $5.78.

The board is contemplating going afield to raise funds to apply on our debts, and is asking the hearty cooperation of every Baptist in the State of Missouri.

J. W. TIMS,

Secretary-Treasurer.

MISSOURI BAPTIST ORPHANS HOME

II Cor. 5:7. "For we walk by faith not by sight."

Truly have we lived and worked this past year in the light of these words. The members of the Executive Board have spent many hours in praying and planning for this Home. Numbers of these hours were fraught with anxiety, when each step taken seemed full of danger, but guided by faith we have reached this time of the year with a feeling of gratitude for the many achievements now on record.

On July 1 of this year Rev. Sam T. Mayo and wife came to the Home to serve in the capacities of Superintendent and Matron, thus filling a need that has long been felt. With the supervision of the cottages and housemothers by the matron, and the management and care of the grounds and buildings under the watchful eye of the superintendent, the Home is assuming a much improved appearance. In addition to the many duties that fall to the hand of the superintendent in the Home is the contacting of our Baptist people over the state of Missouri. He has been most considerately received in the various churches where ever he has had opportunity to visit.

Perhaps one of the most important events during the year was the addition of a trained nurse to the staff. Not only is she able to effectively handle an emergency—as she did at the time of the siege of measles last spring—but she cares for minor infections and ailments that might otherwise, and have at times, been known to reach serious stages.

More than 100 children are members of the Fee Fee Baptist with Rev. F. M. Baker as their pastor. He together with his fine wife and daughter give most generously of their time and ability to all of the children.

Just a little way across the highway from the Home we have one of the very best grade school buildings to be found in St. Louis County. Then not far to the east of the Home property there is now in the course of construction a Junior High School Building. Last year about twenty of the Home children attended High School.

Even tho' the birthday banks brought in a fairly good sum the past twelve months, the amount is rather short of what we should expect from our vast number of Baptist folk. We ask that all of

our Sunday School install a birthday bank and forward the funds to the Home each month promptly.

The report from our Wardrobe Committee shows the fine spirit of our people in providing clothing, but it also shows the need of overalls and sleeping garments, sizes ten years and up.

The fund for our Memorial Beds has been very generous. The original cost of the "Bed" is $15.00 and the upkeep is $5.00 per year. The friends who have contributed to this fund are doing a great good.

Our Library consists of some 1,300 volumes of reliable books such as encyclopedias, travel and biography. The picture of the children gathered around the library tables, engrossed in these interesting books is one you would be proud to carry in your memory.

Clothing, beds and books are a necessity in all well regulated homes. There is another very essential commodity that even unregulated homes demand—that essential is food—three times a day—seven days a week—fifty-two weeks a year—1,095 meals per year for each person. Multiply 1,095 by the number of our children, plus the number of employes who see to the welfare of the children, and you can get a vision of the amount of food consumed in the Home yearly. When our call for supplies went out to you last Fall, you responded in a beautiful manner. Food came in by mail, by private conveyance and by truck. That food is all gone and the cellar shelves are empty, but are scrubbed nice and clean, waiting for loads of provisions to come sufficient for the winter's needs.

In April, 1936, the Home reaches its 50th birthday. Feeling that this occasion should not be passed by with a mere "Happy Birthday" greeting, the Board voted, unanimously, to celebrate during the coming fiscal year in some appropriate way.

To the president of our Board of Managers, Mrs. Ewing, and the Treasurer, Mrs. Brown, Missouri Baptists owe a great debt. These two women have given time, thought and strength to the work of the Home, and have made it possible, by their management, to carry on.

The Board of Managers covet the prayers of all Baptists in the state. Prayers for the members of the Board, prayers for the employees and prayers for the children; that the right plans may be laid and carried out, and that the children may receive the training that God expects them to have at our hands.

It has been a great year in spite of the financial stress and so as this year closes it is with the Psalmist that we say "Be thankful

unto Him and bless His name" for the paths into which He has led us.

MRS. E. E. KING,
Corresponding Secretary.

Burrall Class Program

The marriage of Nellie Lee Holt to Curtis Bok on November 28, 1934, made necessary a second change in the leadership of the class organized fourteen years ago by Jessie Burrall and known as the Burrall Bible Class.

The new leader is Mr. Paul Weaver, who has completed the residence requirements for his doctor's degree at Yale University. During the time he was a student at Yale he was active in the young people's organizations of various Baptist churches in that vicinity.

It was a high tribute to the work done by Miss Holt that during her last year more than 3,600 of the 4,200 students in residence in Columbia were registered members of the class, and under Mr. Weaver's direction the interest in the work has continued on the same high level.

As reported last year, the aim of the program of this department in Stephens College is to create an environment in which the stu-

dents not only of Stephens but also of the University of Missouri in Columbia, will be awakened to the appreciation of spiritual living. The most important parts of the program are: The Burrall Bible Class, for all students in Columbia; Vespers, for Stephens College women only; and the Sunrise Broadcast Service.

The objectives of the Burrall Class are: (1) to cooperate with other religious organizations in emphasizing the spiritual interpretation of life; (2) to provide a common meeting place for those who find greater satisfaction in mass than in class organization; (3) to discover and train lay leaders for a more active cooperation in the work of the local churches; (4) to assist in meeting the criticism that students are either hostile or indifferent to religion. The students themselves conduct the class and carry on all activities except actual teaching of the lesson. The Burrall Class program includes three groups for the weekly discussion of student problems, an orchestra, a choir, a chorus and a dramatic guild in which students receive special training by members of the Stephens College faculty.

The Vesper service is required of all Stephens women on Wednesday night from seven to seven-thirty and is voluntary on Sunday night. It is a simple worship service purposing to develop the habit of personal daily devotions and the appreciation of the spiritual power and beauty in the commonplace.

The 7:30 Sunrise broadcast on Sunday morning has this past year been under the direction of Miss Betty Brown, who came to us from the English staff of the Tulsa, Oklahoma, High School.

The operation of the college including the dormitories and dining rooms, showed a net profit of $53,150.59. This means that for the twenty-first consecutive year the college has been able to discount all of its bills and to present to you a balanced budget.

The registration to date for 1935-36 is 900 students, an increase of more than 20 per cent over last year. It follows a similar increase reported at the last General Association meeting. To meet the needs of this increased registration, the college was compelled to provide additional class room facilities. This was done through the cooperation of a group of business men in Columbia who built and leased to us for a period of years a fine arts building. This is a four-story fire-proof structure and houses the entire Humanities Division including the religious education department.

Three additional dormitories were opened at a housing capacity of 115 students. One of these, a large residence, the college already

owned. A second was purchased and the third was built and has just been completed. This gives permanent housing facilities for 862 students with temporary quarters that increase the capacity to approximately 900.

Probably the most significant event of the year was the coming to our campus of a group of distinguished men and women to study the Burrall Class program. This study covered the history of the class, its objectives and the means used for achieving those objectives. The primary concern of this commission was to discover the extent to which this program might be adapted to the religious needs of other colleges and universities.

Dr. Frank W. Padelford, Secretary of the Board of Education of the Northern Baptist Convention, was a member of this commission. Those delegates who have followed the work of this class during the past fourteen years will doubtless be interested in the following paragraph which was taken from the report of Dr. Padelford to the Northern Baptist Convention at its last meeting.

"Stephens has the most vital and effective program of religious education of any college anywhere with which we are acquainted. Religious training and expression are made an essential element in the whole educational process. It is central and vital. The program is not modeled after anything that is traditional, but is adapted to the life and experience of the modern woman. One cannot fail to be deeply impressed not only by what has been achieved for the women of Stephens College, but also for the men and women of the State University on the near-by campus. As one observes the working of that program he wishes that every college president could visit Stephens and observe the whole thing for himself. There can be no question but that religious education should continue to be a real factor in the program of all our colleges."

HUGH STEPHENS,
President of the Board of Curators.

BAPTIST STUDENT UNION

Another B. S. U. year has passed. God has been gracious in sending rich blessings. The B. S. U. reaches out with an arm of greater faith and a student generation is brought closer to the heart of Christ. The B. S. U. in Missouri is eternally magnifying the church, with no special desire to become a powerful unit but with a passionate desire to build the student program into the life of the church. The Baptist Student program goes forward on the wings of prayer; prayers offered by individual students, prayer-mates, student groups and the entire Baptist Student family.

While the B. S. U. brings the student to these fundamental factors of Christian living, it also attempts to show the student that Christianity can be lived on a modern campus without a sacrifice of character and at the same time allows the student to enjoy the highest cultural development. We might say that the B. S. U. shows the student how to balance properly the mind and heart while at college. *There is a constant adjustment necessary each day in college experience*, and the B. S. U. leads the student to see the proper adjustment of the religious, the academic, the social, and the physical.

Part-Time Student Workers on Local Campuses

Missouri colleges have at present no full-time local student secretaries. One of the greatest needs of our denominational work in Missouri at present is right here. The student possibilities are scarcely being touched. Local student secretaries in the college church working with the students for the church present the only solution to this problem.

In St. Louis Miss Genevive Harris, part-time student worker, is leading the B. S. U. It is safe to say that Miss Harris has done everything a part-time worker might do. Facing the handicaps of a scattered student group in a large city she has held the B. S. U. together and at present is leading the most concerted drive for student enlistment in religious affairs ever to have been attempted in St. Louis.

In Columbia Mr. Herbert Grant, assistant minister of the First Baptist Church, has complete supervision of the student work. It is hardly safe to say that the B. S. U. can claim Mr. Grant, though part of his service is in the B. S. U. group. His thoughful planning along with the diligent work of the B. S. U. group in Columbia has made possible the entertainment of the State B. S. U. Convention October 25-27.

Miss Louise Bean at the First Baptist Church of Springfield works with the students from the three colleges in Springfield. Miss Bean has held the student work together in Springfield, making it possible for the students to conduct a revival at the First Baptist Church, October 6-18. Miss Bean has done in Springfield what Miss Harris is doing in St. Louis.

Launching the B. S. U. in Other Schools

From January until May of 1936 there will be a definite drive to place the B. S. U. into the schools not now having a B. S. U. organization. Any school in Missouri wishing to have a B. S. U. organization should write at once to Mr. W. O. Vaught, Jr., 1023 Grand Ave., Kansas City, Mo., and select a date for this council organization. Literature giving information concerning the organization of a B. S. U. will be furnished free upon request.

Southwide B. S. U. Activities

1,997 Baptist Students from nineteen Southern states met in Memphis, Tennessee, October 25-28, 1934, for the Third All-Southern Baptist Student Conference. It was a meeting of international signi-

ficance to Baptist people. Dr. Herbert Gezork of Berlin and Dr. T. G. Dunning of London brought greetings and messages from the Baptist Student work in other lands. Missouri Baptist students were represented by 76 students:

Southwest Baptist College	18
Southwest Missouri S. T. C.	8
William Jewell College	9
Hannibal-LaGrange College	10
Southeast Missouri S. T. C.	9
Central Missouri S. T. C.	6
Washington University	5
University of Missouri	1
Monett Junior College	1
Others Than Students	9
Total	76

Forty Missouri Baptist students attended the All-Southern Baptist Student Retreat at *Ridgecrest, North Carolina, this past June.* It was a meeting of prayer, inspiration, fellowship, fun. Few student meetings have ever reached such a peak of inspiration and fellowship as this student meeting.

In the Spring of 1936 Mr. William Hall Preston will visit Missouri Colleges with the Ridgecrest moving pictures. This state tour will be in the interest of the 1936 delegation to Rigecrest. Missouri will plan to take 75 students to the Retreat in '36.

Student Revivals

Student revivals are being conducted in the college towns with the purpose of leading the B. S. U. into a deeper and more thorough evangelism. The revival schedule for the year 1935-36 is as follows:

Warrensburg	July 7-19,1935
Monett	July 21-August 2, 1935
Springfield	October 6-18, 1935
Bolivar	November 3-15, 1935
St. Louis	November 17-29, 1935
Hannibal	February, 1936
Cape Girardeau	April, 1936

These revivals are a student attempt, in student centers, led by *students and for the advancement of student evangelism.* Thus far the results have been gratifying. The November issue of The Baptist Student carries an article concerning this movement.

State B. S. U. Convention

The State Student Convention will be held at Columbia, Missouri, in the First Baptist Church, October 25-27, 1935. This convention coming just after the General Association will give the students the privilege of hearing the out-of-state speakers who will remain over from the General Association program to speak on the student convention program. Dr. John R. Sampey, Dr. John Lake, Dr. Edgar Godbold, Dr. Courts Redford, are among the speakers to appear on the convention program. Some three hundred or more students are expected to attend this convention program.

W. O. VAUGHT, JR.,
State Student Secretary.

The report was discussed by W. O. Vaught, Jr., Kansas City, State-wide Student Secretary.

Report adopted.

32. John Goins, Kansas City, General Missionary among colored Baptists and representative of the Western Baptist College, Kansas City, addressed the Association. By general consent, an offering was taken for the Western Baptist College, amounting to $73.05.

33. On motion of Edgar Godbold, Kansas City, that part of the State Executive Board report recommending the appropriation of $250.00 per month for space in the Word and Way was approved.

34. Edgar Godbold, Kansas City, presented the recommendation of the State Executive Board as to percentages of distribution of funds for the ensuing year. The following persons took part in the discussion: W. M. Wigger, St. Louis; Edgar Godbold, Kansas City; L. M. Proctor, Independence; Frank Tripp, St. Joseph; John F. Vines, Kansas City; J. W. Jeffries, Rolla; Arthur Kruer, St. Louis; Wm. Huffman, Lebanon; Fred B. Kinell, Savannah; T. C. Brammer, Butler; O. P. Joyce, Raytown; Walter Sutton, Liberty; C. M. Truex, Liberty; W. E. Davis, Richmond; W. E. Denham, St. Louis; J. E. Brown, Kansas City.

RESOLUTION ON PERCENTAGES

"That for the coming year the percentages recommended by the Executive Board be adopted, and further, that the Executive Board be instructed to take up with the various institutions fostered by our General Association the matter of teaching and practices of these institutions, stating the sentiments expressed during the sessions of this Association regarding dancing, card playing, smoking, teaching regarding the Bible, etc., and that the Executive Board report on the matter at the next meeting of the Missouri Baptist General Association."

35. J. C. Hockett, Jr., Kansas City, presented the report of the

DEPARTMENT OF SUNDAY SCHOOL AND TRAINING UNION WORK

It is with a sense of profound gratitude to God that we come to make this annual report of our stewardship and of the conditions of matters entrusted to our care. God has been good and our people, including pastors, superintendents and directors and other workers, have been kind and cooperant throughout the whole year. We have fallen far short of some of our aims and there was much that had to be left undone but we have been permitted to go into every section of the state and have contact with leaders and workers from nearly every association and from a large number of the churches.

We are happy to report a growing determination on the part of leaders to get all the people to study the Bible and to train their members. The workers of this Department are thankful that they have been kept well and have lost no time because of sickness. There seemed to be no place for vacation because of the large number of invitations and requests for help. At the close of the year our only regret in this regard is that there were only two of us to go on the field and the days were all to few for us to answer all the calls.

Circumstances have compelled us to give most of our time, not taken by conventions, general meetings and other things beyond our control, to work in associational campaigns. We have attended

the following meetings: The General Association, Southern Baptist Convention, State W. M. U. Convention, the Efficiency School at Southwest Baptist College, State Training Union Convention, Statewide Evangelistic and Missionary Conference, Van Buren Assembly, Baptist Hill Assembly, Southwide Sunday School Conference at Raleigh, North Carolina, Southwide Training Union Leadership Assembly at Ridgecrest, North Carolina, a number of District Associations and associational meetings, in addition to twenty-three Divisional Sunday School Conferences and twenty-three Divisional Training Union Conferences. It has been hard to turn away from inviting opportunities offered by strategic churches and we hope soon to be able to again devote more time to them.

We desire here to acknowledge our debt to that long list of volunteers, trained and consecrated people, who, without expectation of remuneration and frequently at their own expense, have given so freely of their time and energy to the cause of Christ and in co-operation with this Department. They have served as directors of campaigns, teachers of training classes, leaders of conferences and speakers wherever opportunity presented. Accomplishments of this year bear ample testimony to their faith in God and the work of this Department as well as the abundant and unselfish spirit which prompted their services. The future of our work depends in the largest measure on the number and character of these unofficial missionaries. We point out the several features of our work which we think deserve consideration.

Sunday School

We have felt especially commissioned to give our utmost to the matter of securing people to study the Bible and to live up to the privilege of Christian life. Accordingly the work of the Sunday school has demanded much of our time during the past year. Of the more than 3,600,000 people who live in Missouri, fewer than 800,000 are enrolled in Sunday school. Of these enrolled about 200,000 are in our Sunday schools. There are nearly 40,000 others enrolled in the schools of other Baptist groups. We are responsible for at least one-third of the 2,400,000 people not enrolled. Add to these, those already enrolled and the further addition of the 160,000 of our church members not in Sunday school and we have a total responsibility as a denomination of more than 1,000,000. To meet this challenge we have some very definite forces, some encouraging facts, which deserve consideration.

1. Our churches, more than 1,800 of them, located in almost every community. There ought to be at least two or three times as many Baptist churches in Missouri.

2. The number of our churches with Sunday schools is increasing and we look forward to the time when every Baptist church will have at least one Baptist Sunday school.

3. The number of mission Sunday schools is growing. It is too bad that our Minutes do not list these schools, but we have a larger number this year than we had last. There were probably fifty new mission schools organized during the fall of 1934. There are at least 2,000 communities in Missouri where mission Sunday schools should be started and maintained by our people.

4. Our big Sunday schools are still growing bigger.

5. The number of workers, officers and teachers is rapidly increasing.

6. The quality of Bible teaching in our schools is steadily improving.

7. The call for Bible teaching is meeting a favorable response and finding a place in the programs of associational officers and leaders throughout the state.

8. Pastors and superintendents are seeking and using the basic principles of growth—that of multiplying the number of classes and of enlistment; that of winning the lost who are first enrolled in the Sunday school.

9. The Extension Department is making headway and is being used to enlist that host of people who cannot attend Sunday school on Sunday morning.

The New Training Course Approved

Just a year ago the Sunday School Board announced its new Training Course for Sunday School Workers. This new course has met hearty response everywhere. As evidence of this fact we have had some training work done in seventy-five associations during the year. We have issued a total of 7,798 awards—6,681 of which were taken in the new course, including 480 not listed in the associational count. These awards were issued to 5,237 different individuals.

Associational Campaigns

Since we announced this method of work, the workers of this Department have been unable to accept half the invitations, but during the year we have assisted in Sunday School Campaigns in the following associations: Bethel, Butler, Callaway, Christian County, Concord, Dent, Dixon, Harmony, Johnson, Kansas City,

Lamine, Lawrence, Little Bonne Femme, St. Louis, Shoal Creek, and Texas. These strenuous campaigns have proven fruitful along the following lines:

1. The taking of the census by the churches cooperating.

2. The organization of some new Sunday schools.

3. The setting up of a large number of new classes.

4. The re-arrangement of buildings and equipment to meet the needs of the Sunday school.

5. The great enlargement of the personnel of the schools, enlisting larger number of church members and giving them a task.

6. A pronounced emphasis on evangelism. Repeated surveys indicate that in our Sunday schools there are already large numbers of people who are lost and who are susceptible to the Gospel, offering the opportunity of that church in its evangelistic program.

Divisional Conferences

During the first week in November, 1934, we conducted twenty-three Divisional Sunday School Conferences. Each was a one-day meeting consisting of three sessions and in charge of a team of four selected and trained workers. These conferences were well attended and well received, and indications are that they were productive of good throughout the state. Probably forty new Sunday schools came as a direct or indirect result of these conferences.

Rural and Associational Opportunities

We are glad to report increased interest of the District Associations in Sunday school work. Sixty-three of the associations have some organization for its promotion. More than half of them have made it specifically a part of the program, to be financed and directed by the Associational Board along with its other work. This enlarged emphasis is bringing many blessings. Associational leaders are discovering where new Sunday schools should be located. If Baptists are to fulfill their ministry in Missouri it will be necessary for us to have three or four times as many Baptist churches as we have at present. Most of these will come as a result of Sunday schools, planned and maintained for teaching the Bible. This program is developing a larger number of keen and enthusiastic workers who will find their place of usefulness in the life of the denomination. Our people are receptive. In many of our associations the largest regular meeting is that of Sunday school workers.

Present Facts Challenge the Future

The hope of people in the future as in the past is in Jesus Christ. God has given us some victories. These are to be used to bring greater victories. Already some of our leaders are crystallizing the determination to enroll every member of the church for the study of the Bible. We issue this challenge to the future and to our people and suggest that the modern Sunday school with the Extension Department offers an opportunity to do this very thing.

Vacation Bible School

A year ago the Sunday School Board announced the change of plan, making the Vacation Bible School a constituent part of the Sunday school, with the same leadership and the same program. This plan has met the approval of the workers who have had experience with Vacation Bible School. We are happy to report that whereas we had for 1934 sixty-one Vacation Bible Schools with an enrollment of 7,514, in 1935 we had eighty-two schools with an enrollment of 10,957.

Training Union

The new name—Training Union—has come to designate that for which we had no name heretofore. We formerly spoke of the "General Organization." We now say "Training Union." This includes the church's plan for training its members, and is composed of Junior B. Y. P. U.'s, Intermediate B. Y. P. U.'s, Senior B. Y. P. U.'s, Baptist Adult Unions, and Children's Story Hour—all under the direction of the church.

We are glad to report a larger number of churches now with Training Unions or B. Y. P. U. work than we have had at any previous time. Last year we passed the half-way mark and this year considerably more than half our churches have some kind of training program. We now have 1,035 churches having training work, and a total of about 2,900 unions in the state.

The promotion of this work has been an unending joy. Our younger people as well as some of our older people have been so enthusiastic and wholehearted that the work has gone well. We now have seventy-one associations organized for the promotion of Training Union work. Most of these associations follow the accepted plan of the quarterly meetings, many of the associations hav-

State Training Union Convention

The Training Union Convention met at Carthage, June 12-13-14. The attendance was good, with about 1,200 coming from fifty-eight associations. This Convention has always been purely educational and promotional, transacting no business except the selection of officers to serve the ensuing year. Mr. Allan A. Maddox, of Boonville, was elected president and a complete corps of officers, including Director, Intermediate Leader, and Junior Leader for each of the twenty-three Divisions.

As we look toward another year our hearts are rejoiced at the apparent opportunity for extended usefulness. Our leaders during the past year have been emphasizing evangelism. More and more our pastors and other leaders are becoming aware of the fact that if the morning service is to be kept evangelistic the Sunday school forces must be used to build the attendance and to help in the spirit of a great evangelistic service. Likewise if the evening service is to remain a great and popular service devoted to evangelism, the organization and leaders in the Training Union will have a part in seeing that all Training Union members attend the evening preaching service. We are optimistic enough to believe that if pastors will take advantage of the direction of these unsurpassed forces the losses in preaching attendance may be regained and new goals set and newer and higher ideals realized in connection with the morning and evening preaching service.

Report discussed by J. O. Williams, Baptist Sunday School Board, Nashville, Tenn. Report received and filed.

W. Morris Ford, Kansas City, favored the Association with a solo.

THE BRYANT RESOLUTION

"Brother Moderator and Brethren: I make a motion that we rescind the action of the Missouri Baptist General Association taken in 1919 and a similar action of the Executive Board of 1920, which tends to induce or compel the Northern Baptist Convention to come into our State with her plans and policies in violation of the 1912 agreement between our two national conventions, and that we ask both Conventions to help us realize the ideal which they recommended in 1912, and that we beg our churches in Missouri, every one of them, and our district associations to support only the program of our General Association."

During the discussion a motion was made to refer the Bryant Resolution to the Committee on Resolutions, and later a substitute motion was adopted making the Resolution the special order of the Open Forum Hour, 3:30-4:30, Thursday afternoon.

38. Paul Weber, Jefferson City, presented the report of the special committee on the relation of this Association to the Missouri Home for Aged Baptists and the Home for Aged Baptists. BOARD OF TRUSTEES OF WILLIAM JEWELL COLLEGE

To the Missouri Baptist General Association, Greetings:

One of the hopeful indications of the passing of the depression is found in the fact that practically all of our mid-west colleges, both those supported by the state and those privately supported, have had an increase in enrollment this fall. Because of this favorable trend and because of unusual efforts put forth in recruiting new students, William Jewell College has this fall the exceptionally large increase over last year of 28 per cent, giving us 393 students which is the largest attendance we have had since the School Year 1931-32 at which time the depression struck us with full force.

Last spring Mr. J. C. Godbey was employed as a field representative for six months. He gave Mr. Eubanks splendid assistance in bringing William Jewell to the high school seniors of the state and well deserves his share of the credit for the increased attendance. Mr. Godbey has just been employed for another year. He is well known in high school circles over the state, having served as Superintendent of Schools in Tarkio, Plattsburg and other cities. He is the son of a Baptist minister and is a member of the First Baptist Church at Sedalia where he has taught the Men's Class for some time. We bespeak for him a cordial welcome in our Baptist homes and churches as he goes about representing William Jewell College.

This summer we added eight bedrooms in Melrose Hall, our girls' dormitory, to take care of the girls who made room reservations. This improvement, together with the furniture required for these rooms cost about $1500.

Faculty Changes

Mr. W. Prewitt Ewing, instructor in English and debate coach, has been granted a year's leave of absence to do graduate work in Georgetown University, Washington, D. C. His work has been taken over for the time being by the other teachers in the English department and Prof. P. C. Harvey will serve as debate coach. Mr. Harvey had a long and very successful service in this field in William Jewell prior to the coming of Mr. Ewing.

Mr. Clarence Chrisman of the modern language department has gone to Kansas University to continue graduate work and as instructor in the Spanish department. Mr. J. Frank Davis has been appointed in his place. Mr. Davis is the son of our noted Missionary to Mexico, Dr. J. E. Davis, and was born in Mexico. He

has served William Jewell effectively when Mr. Chrisman was away on leave of absence. Mr. Davis has his master's degree and has done most of his work for his Ph.D. degree.

The fact that Mr. J. C. Godbey has been employed as special field representative has already been referred to. Mr. Godbey has his master's degree from Kansas University.

Apart from these changes the faculty and administrative force will remain as last year.

Miss Opal Carlin, our Associate Librarian, spent the summer in study at the Library School of Columbia University in New York.

Dr. Frank Edson of the Chemistry department attended the Summer School at Chicago University.

Too much cannot be said of the fine spirit of co-operation and the willingness to make all needed sacrifices during these late difficult years on the part of the faculty and administrative workers. The president desires to make grateful acknowledgement of their splendid service and support.

Budget for the Fiscal Year Ending June 30, 1936

The budget committee has prepared the following budget for the school year 1935-1936. We believe that the estimates of the various items of income and expense are conservative and that as the budget indicates, we should operate without a deficit for the year. However, we are hoping that all of our friends will remember our needs and send in contributions large or small to help us pay off the previously incurred deficit.

Judge John J. Hawkins, an eminent lawyer and jurist who graduated from William Jewell many decades ago, passed away

last spring at his home in Los Angeles, California. In his will he left a bequest of $1,000.00 to William Jewell. Through all the years he cherished the kindliest feelings toward the college.

Mr. W. E. Richardson of Forest City, Missouri, died on September 7, and was buried on September 9. The funeral services, held in the Baptist Church of which he was an honored member, were conducted by his pastor, aided by Rev. W. D. Baker of St. Joseph and President Herget of William Jewell. Mr. Richardson had been a warm and generous friend of the college for many years and had taken out annuities with the college.

At the meeting of the trustees last June the following men were elected, subject to the approval of the Missouri Baptist General Association, as trustees for the three-year term expiring in 1938: Mr. S. J. Brown, Mr. W. P. Browning, Jr., Mr. W. W. Martin, Judge F. H. Trimble, Dr. A. M. Tutt, Rev. Paul Weber, Mr. W. M. Westbrook, Mr. Maurice Winger, and Mr. Townley Culbertson.

Six of the members of our board of trustees have either children or grandchildren in school this year. Many of the students are also the sons and daughters of our alumni having come to us from various states. For the fine spirit of loyalty manifested by the trustees, the alumni, the Baptist churches and many other friends in Missouri, we are deeply grateful.

To serve our denomination and to further the interests of the kingdom of God by training young people for membership and leadership in a Christian social order is the fixed purpose of William Jewell College.

41. President A. F. Morris Hannibal, presented the report of the

BOARD OF TRUSTEES OF HANNIBAL-LAGRANGE COLLEGE

Hannibal-LaGrange College presents the following report for the year 1934-1935.

The College throughout the past year made steady progress. Forty-five degrees were granted last June. Of this number ten were Associate in Art, ten Associate in Science, twenty-four Associate in Education, and two Diploma in Commerce. Of this number thirteen are now attending institutions of higher learning. A recet survey from the University of Missouri shows that the record of sixty-five graduates of Hannibal-LaGrange, now attending the University, runs considerably above the average.

The outlook for the present year is the brightest since 1930. Our enrollment to date is 185. Forty-six communities and nine states are represented in the student body. It is expected that by the end of this year the enrollment will be the largest in the history of the institution.

Enrollment by church relationship:

Baptist	73
Christian	24
Presbyterian	10
Methodist	30
Lutheran	7
Jewish	3
Catholic	10
United Brethren	1
Christian Science	3
Episcopalian	2
Nazarene	1
Non Members	21

The financial report for the year just closed shows an increase in total income over 1933-1934 of $4,960.72, and also that our income exceeds our expenses, exclusive of bonded indebtedness.

The faculty has been strengthened by the addition of several new teachers. Some of these, formerly associated with the college, are well equipped, both in training and personality.

Of unusual interest to the friends of the college is the work of the newly organized Alumni Association. Brother T. J. Smith, of Vandalia, Missouri, is President of the Alumni Board. The officers are planning for Home Coming. Every effort is being made to secure the presence of former students and graduates. A new day of interest in the college will undoubtedly result from the work of this Association.

The Religious Activities of the College during the past year received a new stimulus through the work of W. E. (Bill) Denham, Jr., who was Professor of English and Director of Religious Activities during the first semester. The Baptist Student Union made its standard of First Magnitude; and the Y. W. A. likewise, although through clerical error it failed to receive recognition.

The College Officials have prepared a carefully planned budget for the coming year and have reduced expenditures in every possible way. Conditions at the present time indicate an increase in revenue for the coming year.

We express our thanks to the Missouri Baptists and to the Alumni, and many friends who have, through their gifts, and energy helped to extend the services of the college.

BOARD OF TRUSTEES OF SOUTHWEST BAPTIST COLLEGE

It is with a spirit of thanksgiving to the Heavenly Father and with gratitude to the friends of Southwest Baptist College everywhere that the Board of Trustees of that institution brings this annual report to the Missouri Baptist General Association.

The enrollment for the present session shows a small gain over that of last year. The following table sets forth the figures:

	1934	1935
Total enrollment	190	215
Dormitory enrollment	102	106
Sophomores	47	44
Freshmen	109	129
Academy	15	16
Specials	19	26
Ministers	43	45

A study of the denominational affiliations reveals the following facts: Baptists, 161; Methodists, 21; Presbyterians, 4; Christian, 4; non-church members, 26.

A survey of our student body shows that they come from eight states. By far the majority of our students come from Missouri. Of 215 enrolled, 199 are from this state, and 194 come from territory south of the Missouri River. Of 55 associations south of the Missouri River, 42 are represented in our college group.

From these facts it is evident that Southwest Baptist College is really serving Missouri Baptists. More than 75 per cent of our students are Baptists and about 85 per cent come from territory which rightfully belongs to this institution. The fact that there are more than 170 Baptist preachers in Missouri who have had at least a part of their training in Southwest Baptist College and the fact that the leaders of B. S. U. and B. T. U. work have been furnished quite largely from this institution is ample proof that the school is truly serving the denomination upon which it depends for support.

Southwest Baptist College continues to build on the same foundation that was laid by those who founded the institution. Teachers are asked to sign the Baptist Articles of Faith. We have no sororities or fraternities, no provision for dances, do not allow smoking on the campus or among our young women and do not allow drinking among any of our students. It is our purpose to protect the young people from those habits and experiences that have proved harmful and to encourage them in those experiences and attitudes that have proved helpful.

All work offered in Southwest Baptist College with the exception of a few courses in Religious Education are fully accredited by the University of Missouri. Courses not fully accredited are so indicated in the catalog and are offered especially for ministerial students and their wives who will find it impossible to take

further work. Most students are urged to continue their college work in some senior college and most of our courses are planned with this end in view.

Southwest Baptist College still maintains an academy for students who find it necessary to do academic work, but who for some reason find it undesirable to attend a local high school. Most of our students attending the academy would not be in school if it were not for this institution. Eleven of the sixteen academy students are ministers.

The audit of Southwest Baptist College for the present year shows a total deficit of $11,989.72. Included in this is $5,880.29 for depreciation and $2,694.51 of old pledges which have been written off. Inasmuch as we were planning on the Debt Paying Movement, no solicitation for funds to apply on current expenses has been made. This fact, together with the fact that several hundred dollars from collections on old accounts have been taken to help pay the expenses of the Debt Paying Movement will explain the operating deficit which is shown by our audit.

It should be remembered that the audit does not take into consideration any of the discounts which have been offered on old obligations or bonds nor does it take into consideration any of the pledges that have been made for the payment of debt. Most of the discounts are made on condition that the balance of the account be settled at an early date. The pledges are made on condition that all old obligations be paid for $64,000.00. Inasmuch as both discounts and pledges are conditional, we felt that they should not be shown in our audit.

We are now in the midst of an effort to raise $60,000.00. We had $4,000.00 on deposit when the Debt Paying Movement was launched and this, together with the $60,000.00 which we hope to raise, will make it possible for us to pay all of our indebtedness. Most of our creditors have agreed to discount their obligations and we feel reasonably sure that all old obligations with the exception of annuities can be paid for $64,000.00. Pledges are taken on that condition. We expect to raise the full $60,000.00 needed, but in case the amount is not raised by the end of the Campaign, our Board of Trustees reserves the right to borrow whatever may be necessary to reach the $60,000.00 and thus pay off all of these old debts.

Fair progress is being made in the Debt Paying Movement. Some of our territory in which we have worked has not been covered thoroughly and will yield additional funds when the field

is thoroughly covered. Approximately $15,000.00 has been raised in cash and pledges from twenty associations which we have worked. There are fifty-five associations in our territory. We are expecting to get $10,000.00 from Bolivar. It would seem that victory is entirely possible and we are asking our friends throughout the state to join us in praying for the leadership of the Lord.

Those connected with the administration of the College as well as the Board of Trustees wish to take this opportunity to thank the friends of the institution who have given so liberally of their time and energy in helping to make this campaign a success. We also wish to thank those who have given of their money to help pay these debts.

It will be of interest to those who have given and those who expect to give to know that the expenses of the campaign are being paid by a few individuals and by collections from old accounts and that all funds are placed with Dr. S. F. Freeman of Springfield who has been chosen as Trustee for these funds. Your Board of Trustees of Southwest Baptist College is making every effort to protect the interest of our Baptist people and to play fair with all of our creditors.

Attached to this report is the Balance Sheet from our audit. It is evident that all of our Christian Colleges need the largest support that is possible for Missouri Baptists to give. We ask our friends throughout the state who believe in the type of program that we have to offer and who wish to see Southwest Baptist College carry on its present program of activity to assist us in three ways. First, we want an interest in your prayers. Second, we want financial support. Third, we want young men and young women who are ready for college. In giving us these three things you will help us to build a Greater Southwest Baptist College and will make it possible for us to render a larger service to our denomination.

The Association was favored with two selections by the College Quartette: Eugenia Cockriel, Neosho; Lucille Webb, Neosho; Jessie Mae Estes, Esther; Mary Jane Robinson, Bolivar. Some seventeen persons were called to the platform taking part in the demonstration, closing with an address by C. Oscar Johnson, St. Louis. Pledge cards were distributed asking for the signature of all those who would be glad to have a representative call for a subscription or gift in behalf of the dept-paying movement for Southwest Baptist College. Report received and filed.

RECESS.

THURSDAY MORNING, OCTOBER 24

43. Moderator Walter C. Goodson called the Association to order at 9:00 A. M. Carroll V. Day led in the hymns, "Come, Thou Fount," "Have Thine Own Way, Lord," and "Sun of My Soul." W. D. Baker, St. Joseph, conducted the devotional service, reading Acts 1:8. G. W. Duncan, Kennett, led in prayer.

44. A communication was read signed by P. H. Jackson, Kansas City, asking the Association to endorse the invitation extended by Kansas City for the meeting of the Southwestern Sunday School Conference in 1937. On motion the Association gave its endorsement to the invitation.

45. E. John Meyers, Linneus, presented the report on

TEMPERANCE AND SOCIAL SERVICE

The American people are in the midst of a great crisis. Perhaps not since the reconstruction days of the American Revolution were fundamental solutions of gigantic problems more acute. We have seen the foundations crumbling under many of our institutions, economic, social, moral, educational, and governmental. In general, confusion and chaos reign supreme. Our people seem to have lost their way with regard to many of the most fundamental principles of our Christ and Lord. The permanency of our nation and the welfare of our people depends upon the return to these fundamental principles of life. The one supreme need of the nation is to return to God in humble confession of sin and to the faith of our fathers. Industrial and economic recovery will never far outdistance spiritual revival, and if it could, the results would be tragic. These words from sacred writ would give every Christian a fine slogan for the hour: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from Heaven, and will forgive their sin, and will heal their land."

The Present Liquor Status

The diabolical liquor forces have now reigned in our nation for almost two years. By high powered propaganda they have created a sort of liquor mania, and to blind the eyes of our people to the destructive effects of alcohol. The popularity of the tavern and the beer garden far exceeds the old saloon of pre-prohibition days. The situation is chaotic and extreme.

The evil results of repeal were apparent to sane minds during prohibition days. Now they are tragic facts. Of course, none of the Prohibitionists expected the repealists to keep their promises, for the history of liquor has been one of hypocrisy, law violation, and crime. Wet propagandists shouted forth from the tongues of highly paid orators that the only effective weapon to defeat the bootlegger was repeal. Yet bootlegging has increased every day since repeal, and is now more wide-spread, rampant, and defiant than ever before. Editors in large metropolitan papers told us that prohibition was our colossal enemy, and was the breeder of crime, and with repeal crime would be reduced to minimum. Yet with almost two years of repeal diabolical crimes have increased in our nation until the federal government has been compelled to organize and train a great body of G-men to cope with the situation and protect society. Another effective argument for repeal was that the revenue from taxation of beer would balance the budget. Yet we find that we are confronted with enormous governmental expenses and such mounting public indebtedness, that present and future generations will be compelled to pay burdensome taxes.

Drunkeness has increased everywhere. Highways are trails of blood because of so many wrecks by drunken drivers. Streets are filled with drunken men and women. Jails are filled to capacity with drunks where law and order are enforced. We are indebted to Thomas H. Steele in his pamphlet. "What Has Repeal Done" for the following facts. Breweries produce maximum quantities to supply the demand. Court records from twelve large southern cities show that arrests from drunkenness has increased 113 per cent. Governor Ely of Massachusetts in a recent speech said that convictions for drunken drivers in his state had increased 60 per cent. The New York Times states that drunkenness in one of our large cities had increased 75 per cent among our women. Keeley Institute reports that patients have increased 55 per cent since repeal. The Division of Vital Statistics reports that deaths from automobile accidents increased 77 per cent after repeal. Such tragic results of the liquor situation at the present hour are so serious and perilous that every patriotic citizen ought to be deeply stirred.

Motion Pictures

The motion picture business has become one of the largest industries in America. The findings of the Payne Fund Studies are to the effect that 28,000,000 minors attend motion pictures weekly. 11,000,000 are under the age of thirteen. It would be impossible to give an adequate estimate of the moral and emotional effects of the movies on the vast number of the immature minds of our children and youth. However, more than any other agency, we believe the motion picture is determining the thought life of American people. Perhaps the movies have developed the most acute problem of the hour, in what might be termed the "picture show mind." This tragic philosophy of life is the direct result of the immature mind being schooled in movie houses, because life is revealed there in plots built upon illicit love; episodes based upon seduction, rape, attempted incest, and open adultery; prostitutes are presented as heroines; racketeers and gangsters are given leading roles with murder, indecent dances, obscene language, or activity of an anti-moral character occupying a large place. While there may be exceptions to the rule, yet in the vast majority of cases we believe that motion pictures are vicious and harmful and do much to corrupt and debauch the morals of American youth. As authority for statement below we quote from the 1935 *Southern Baptist Minutes*: "Of these 133 feature-length pictures 26 plots or episodes were built on illicit love, that is, love outside of marriage; 13 plots or main episodes were based on seduction accomplished; 12 plots or episodes based on rape; one went to the extreme of attempted incest; 18 characters, nearly all leading characters, lived in open adultery; seven characters were shown planning or attempting adultery; three presented prostitutes as leading characters. In addition there were 25 scenes, situations, dances or dialogues of indecent obscene or anti-moral character. In all there were 107 major and distinct violations of sex morality and decency in 133 pictures. As to crime there were 32 murders, five suicides, 17 with gangsters or crooks in leading roles and 27 pictures showing crime as the leading element."

Various movements have been made for the purpose of trying to secure a general clean-up in the motion picture industry. However we feel that no improvement yet has been general enough to produce the desired effect. The Legion of Decency launched by Roman Catholics and promptly endorsed by other leading denominations had a temporary wholesome effect. However conditions yet remain critical and alarming.

The Gambling Mania

One of the outstanding features of the present day moral de-

bacles through which we are passing, is the widespread uprising of the gambling spirit. Unquestionably the philosophy set forth and the atmosphere of the Eighteenth Amendment has given an impetus to the progress of the demoralizing and immoral agencies, now at work in our social order. Since the repeal of the Eighteenth Amendment there seems to be a general movement to repeal all laws that have a distinct moral value and to enact in their places laws that will license and foster all manner of immoral practices. The gambling mania has been no exception to this rule.

Several months ago the *Religious Herald* said: "In several important States at the present time measures looking to the establishment of lotteries as a regular source of revenue for the conduct of the government are under consideration. Recently a bill has been offered in the United States Congress proposing the establishment of lotteries under the auspices and direction of the Federal Government, with a view of increasing revenue."

Your committee wishes to commend the effective work that was done by the forces of righteousness in having our Governor veto the legalizing of the race-track gambling bill. We believe that it was the opposition set forth by the forces of righteousness that was largely responsible for the defeat of this bill. The fact above is concrete evidence that the *Religious Herald* was correct in its suggestion when it said: "The time is at hand when God's people should make themselves heard in clear, ringing protest against this general demoralization, when they should set examples of prudence, sobriety, piety and supported and re-enforced by these should make their influence felt not only in the social order, but in all public interests and affairs of the land in which they live."

Social Security Legislation

Because of the unprecedented honor bestowed upon the clergymen in receiving a personal letter from the chief executive of our nation, asking for our opinion upon the Social Security Legislation we feel a suggestion from the committee is in order. Quoting an excerpt from the letter: "I am particularly anxious that the new Social Security Legislation just enacted, for which we have worked so long, providing for old age pensions, aid for crippled children and unemployment insurance, shall be carried out in keeping with the high purposes with which the law was enacted."

Unquestionably the Social Security Legislation bespeaks a word in favor of a great humanitarian movement that will release our citizenship from the bondage of fear. However, as the clergymen have been selected by our President "for counsel and advice" we feel that we must express ourselves in no uncertain terms as to our

opposition to our President leading in a moral liberalism which has inundated the country with debauching liquor and brought on a wave of gambling and laxity in home life.

The Committee recommends for the adoption by the Convention the following:

Resolutions

1. That we express our unhesitating condemnation and our uncompromising opposition to the liquor traffic.

2. That we urge all our Christian forces connected with our denominational life to develop a more thorough educational program as to the evil effects of alcohol in every form, and to set examples of total abstinence from all alcoholic beverages.

3. That we shall keep our ultimate goal of National Prohibition constantly before us, as our solution of the liquor problem, and that we reiterate our condemnation of the present liquor license policy of governments county, state, and federal.

4. That we condemn the exhibition of motion pictures which depict sexual sins and crime in an attractive and alluring form to *those who witness the exhibition, especially our youth.*

5. That we deplore the widespread revival of the gambling mania in our American life and express our unqualified disapproval and censure of all forms of gambling lotteries and games of chance. That we also recommend that our Baptists refrain from holding any forms of lottery or chance for the raising of revenue for the Lord's work.

6. That this Convention go on record as approving the Social Security Legislation enacted that will take care of the aged, the indigent, and unemployed, but we express our unqualified disapproval to our President leading in a moral liberalism which has inundated the country in debauching liquor and brought on a wave of gambling and vice.

7. We would go on record as deploring the widespread distribution of slot machines and games of chance and call upon our Baptist pastors and people to abstain from their use and oppose in every possible way their existence.

CHRISTIAN LITERATURE AND PUBLICATIONS

Someone has said, "I am a part of all whom I have met," and he might have added, "I am a composite of all the influences, good and evil, which have come into my life." Literature is, doubtless, one of the greatest forces for character building in the life of today. The power of the printed page is apparent to all. Its potency in molding public sentiment, and in directing the thought and activities of men is clearly manifest.

In view of the ever-widening stream of popular reading material flowing from the public press, much of which is salacious and sinful, the need of religious literature is paramount. For in the realm of literature, as in the moral realm, we can overcome the evil only with the good.

Our Baptist people have a magnificent fund of literature, rich in variety and wholesome in content. Let us be faithful propagandists of our heritage by holding it aloft, and by placing it in the show windows of our lives. Let every minister and Christian worker read as widely as possible our great literature, and commend it in terms so attractive and interesting that all our people will desire it. In this way alone, shall we be able to displace destructive and dangerous literature with that which is good.

We urge, therefore, that all our people seek the information and inspiration, the pleasure and profit, to be derived from delving deeply into the rich mines of our religious literature. We commend the publications of our Sunday School Board, their wide variety of good books, and their Sunday school and B. T. U. literature which is unexcelled. We commend the W. M. U. literature which is replete with inspiring information concerning our world field. And we most heartily commend the "Home and Foreign Fields" and "The Word and Way" as being worthy of a place in every Baptist Home. We wish to endorse and heartily commend

the Building of Better Baptists movement to extend largely the circulation of "The Word and Way" and urge our Baptist people to cooperate heartily in this effort to place the paper in every Baptist home in the state. We urge, also, the establishment of libraries of well chosen books and periodicals in every Sunday school or church.

Finally, we respectfully urge that our great Baptist host turn with fresh zeal and enthusiasm to the regular and systematic study of the "Book of Books," God's eternal Word. The English speaking world is now celebrating "Four Hundred Years of the Printed English Bible." How we ought to thank God that He counted us worthy to be the recipients of this inestimable and imperishable treasure house of wisdom! May we resolve anew that we will walk in the light of His Word, order our lives according to His teaching and preach His Gospel to the ends of the earth.

HOME MISSIONS

The Home Mission Board is deeply grateful to God for the signal manifestations of divine favor that have marked this past year's work. From every field have come reports of rich revivals and large ingatherings. In Cuba, Mexico, Panama; among the Negroes, Indians, Foreigners and Jews, there is an awakening of interest and a turning to God. For these tokens of divine approval we are truly thankful.

Our task is so tremendous and our means so limited that even in this year of God's goodness we have only succeeded in entering the fringes of our responsibility. There are approximately fifteen millions of foreigners and aliens scattered throughout the territory of the Southern Baptist Convention. These unevangelized groups are to be found in every State in the South, and in each instance their presence presents a staggering problem and a challenging opportunity.

St. Louis alone has nearly three hundred thousand foreigners, while Kansas City and Washington have each 85,000. Houston and Louisville have more than forty thousand. Many foreigners are returning to their native lands. Last year more than 100,000 went back home while only 46,000 were admitted to our shores. In the past two and a half years 600,000 Mexicans returned to Old Mexico, from Texas and New Mexico. Of this number 3,000 were Baptists, won to Christ by the missionaries of our Home Mission Board. Dr. Trevenia says that every Mexican won to Jesus Christ in the United States, when he returns to Mexico, becomes a missionary.

If we could but realize our wonderful God-given opportunity in this great multitude of many voices, daily pressing through our doors; if we could love them and win them, how mightily we would aid in bringing about a new social order that would have Christ as its center. Is it too much to say that their salvation would advance the battle line of all missionary endeavor, far beyond its present bounds, even in the most distant lands.

The Home Mission Board has nearly 250 missionaries and workers in the field who reported last year 3,740 conversions. The Board is maintaining 598 mission stations and preaching centers. It is operating good-will centers, rescue missions, a seamen's institute and a work among the deaf. It has 29 schools operated by missionaries in Panama and it furnishes the property of 8 mountain schools, free of charge, to local boards of trustees. It is operating the Southern Baptist Sanitorium in El Paso, Texas, which has, since 1930, paid its operating expenses. The Home Board also maintains a building and loan department with $1,176,000.00 loaned to churches. Several strong churches in our own State have enjoyed this service.

The Home Mission Board has endeavored faithfully to conduct its affairs as an agency of the Southern Baptist Convention. Its fixed budget for last year was $150,000.00 for missionary operations including overhead, and $170,030.95 for interest and principal on debts. While the Board has enlarged its missionary program it has lived within its income and for the first time in many years it has met all of its obligations without borrowing money for current expenses.

Our faithful and capable Secretary, Dr. J. B. Lawrence, and those who are associated with him are fully alive to the perils of atheism and paganism that assail our civilization. They realize that if Christianity is allowed to perish from our land, evil will destroy our social and economic structures as well as our religious institutions. We are all aware of the fact that we cannot become increasingly missionary unless we keep the home fires burning.

Millions in our land do not know Jesus as Lord and Saviour and are therefore in many instances a social and spiritual liability that we dare not ignore.

The Gospel is ever "the power of God unto salvation to every one that believeth." The many man-made nostrums have all failed to heal the world's wounds. The leaves for the healing of the nations are to be found in the Word of God alone. The Captain of our salvation has commanded us to go into all the world and to preach the Gospel to every creature. With His words burning in our hearts we must move forward until the whole world has heard the good news of saving Grace.

The report was discussed by Paul Weber, Jefferson City; J. B. Lawrence, Secretary-Treasurer of the Home Mission Board, Atlanta, Ga., addressed the Association. Report adopted.

C. P. Jones, Kansas City; W. W. Pierce, St. Joseph; and C. G. Hardgrove, Brookfield, led in prayer.

OBITUARIES

"The memory of the just is blessed." "Names that live long after those who have borne them are dead, are not those chiseled in marble and granite, but those God has exalted." Jefferson City, Mo.
October 27, 1935.

Dr. Edgar Godbold, Supt.
1023 Grand Avenue,
Kansas City, Missouri

Dear Dr. Golbold:

At our morning service this morning the congregation voted to yield the convention for 1936 in favor of Kansas City, inasmuch as we are unable to guarantee the convention any other auditorium than our own.

The College auditorium would not be practical if we could obtain it because it is too far from the church. All the committee rooms and display rooms would have to be in another building.

There is a movement under way for a municipal auditorium but I have no assurance that it will be completed by next October.

We felt that if our action could get to Dr. Ewing in time to become part of the record it would save a lot of confusion. We hope that by another year we may be able to offer you better facilities.

With kindest regards and best wishes for a great year, I am

Very cordially yours,

PAUL WEBER.

MISSOURI BAPTIST HISTORICAL SOCIETY

Since the annual meeting in Clinton, in 1932, some important progress has been made in the work of the Society. In June, 1933, a meeting of the Executive Committee was held in Liberty, at which time our custodian, H. I. Hester, was authorized to classify and index our archives. This was done, especially with our collection

of District Minutes. The secretary also was authorized to collect missing numbers of Associational Minutes. This work, though slow and tedious, has brought some results. About one hundred letters have been written and more than fifty hours of labor performed. Communications have been sent to every Association in the State, and some gratifying results obtained. Of some 1,144 copies desired, approximately 138 have been found, over fifty secured by mail, and several complete files located which we hope some day will be placed in our treasure-house.

The exhibit of historical matter at the Centennial meeting in St. Louis a year ago demonstrated the value of some collections our society has gathered, and many others we have that can not be moved from the Library.

The compilation of "History of Missouri Baptists" by our former President, R. S. Douglass, and presented at the Centennial meeting proved the value of our collection which he consulted freely in his recent production. This by no means marks the limit of our work. Much valuable historical matter is scattered about the state that will make a precious collection if gathered with our present archives. We hope soon to have an interested representative gathering historical matter in each section of our state, but individual contributions and communications are heartily welcomed by each officer of the society. The archives in the William Jewell College fire-proof Library may be consulted by anyone under proper conditions. At no other place is such a collection available.

The report of our treasurer, C. F. D. Arnold, shows all bills paid and our business accurately cared for, but greater work could be done if funds were available. We have many copies of volume 5 of Missouri Baptist Biography for sale at $2.00 per volume, a goodly number of volume 3 and a few of volume 4. Numbers 1 and 2 are all sold. If anyone has copies of 1 or 2 with which he would part let us know. Life memberships in the Society are still available for ten dollars and annual membership for one dollar per year. You can help a good cause by becoming a member, also by purchasing one of these valuable books. We solicit the cooperation of all of our Baptist people in this interesting work.

55. Edgar Godbold, Kansas City, General Superintendent of Missions, read a telegram stating that on account of health conditions it would be impossible for C. E. Maddry to attend the Association, and announced that M. T. Rankin, Secretary for the Orient, would speak Friday morning in place of Mr. Maddry. On motion the Secretary was instructed to express the sympathy and greetings of the Association to Secretary Maddry.

56. W. M. Wigger, St. Louis, gave notice of a change in the By-Laws of the Association,, Article C, calling for the appointment of the Committee on Nominations a year prior to the time for the committee to report. Later, this notice was withdrawn and not presented to the Association.

57. Paul Weber, Jefferson City, Chairman of the Special Committee on the Home for Aged Baptists, reported as follows:

RECOGNITION OF HOME FOR AGED BAPTISTS

"In view of the information contained in the report of the Executive Board concerning the Missouri Home for Aged Baptists, we recommend that the Missouri Baptist General Association recognize the 'Home for Aged Baptists' as an affiliated Baptist institution if and when it is found that its articles of incorporation conform to Baptist practice and polity, and that such recognition does not legally involve us in the affairs of the institution known as the 'Home for Aged Baptists.'

"We further recommend that all funds from the Cooperative Program allocated to the care of our aged Baptists [illegible] disbursed to the Home for Aged Baptists, and [illegible]ds designated for this purpose sent to our State [illegible]e transferred to this Home."

[illegible]eport adopted.

58. Lex McDaniel, Kansas City, offered a motion instructing the Secretary to combine the registration and enrollment into one, making only one enrollment necessary. Motion adopted.

59. The hour 3:30-4:30 Thursday afternoon, was assigned by the Program Committee as an Open Forum. G. W. Duncan, Kennett, presided. Chairman Duncan called up the Bryant Resolution for consideration, according to the previous vote of the Association. See page 188 for copy of the Bryant Resolution. A. H. Fuhr, Warrensburg, offered the following substitute motion:

"In view of the fact that criticism has arisen concerning the activities of representatives of the Northern Baptist Convention in our own State, we move that a Committee of Five, namely Paul Weber, as chairman, D. F.

Risk, W. E. Denham, C. P. Jones and J. R. Bryant, study the situation for the next year, at which time they shall make their report and recommendations."

By general consent it was agreed that the persons named as a committee in the above resolution be stricken out and that the moderator of the Association be authorized to appoint the commitee. The following persons took part in the discussion: A. H. Fuhr, Warrensburg; Paul Weber, Jefferson City; J. R. Bryant, Kansas City; C. P. Jones, Kansas City; E. B. Willingham, St. Louis; A. J. Dahlby, Kansas City; Carl McIntire, Carrollton; J. W. Keltner, Joplin; B. A. Pugh, Joplin; O. P. Joyce, Raytown; D. F. Risk, St. Louis. J. R. Bryant, with the consent of the second, and agreed to by the Association, amended the resolution by striking out the word "only" in the last sentence.

On motion the substitute motion offered by A. H. Fuhr, as amended, was adopted.

Moderator W. C. Goodson later appointed the following committee to report to the Association, October, 1936: Frank E. Atwood, Jefferson City; F. A. Lowry, St. Louis; C. O. Johnson, St. Louis; E. J. Rogers, Kansas City; G. L. Prather, Kansas City.

John Lake, China, led in prayer.

WOMAN'S MISSIONARY UNION

Auxiliary to the Missouri Baptist General Association

The Psalmist visions God's victorious march through the centuries and, as he realizes God's gracious use of the great army that publish the word, he voices his gratitude in these words, "Thy God hath commanded thy strength." We covet strength whether it be of body or of the finer qualities of mind and heart. That such may be used by Him for Kingdom progress is an occasion of grateful rejoicing and to conscientiously seek to develop that strength for such privileged service in the lives of its members is both the purpose and provision of Woman's Missionary Union.

We Gain Strength and We Strengthen Strength Through Organization

Missouri W. M. U. There are 1,975 organizations constituting Missouri Woman's Missionary Union found in 696 churches with a total membership of approximately 26,500. The pattern of organization is the same from the Woman's Missionary Society up through the State organization so that each of the Chief Aims of Woman's Missionary Union is definitely promoted by a direct line of leadership with one exception and that the Chief Aim of Prayer. With approximately 1,200 churches cooperating in our denominational program so far as we know through the State office, the call and

opportunity to extend our organization borders far beyond what they are at present is exceedingly clear and some careful thinking will lead us to know that a vast enlistment undertaking confronts us in churches where we have organizations and which task should be receiving our most careful consideration.

W. M. U. Divisions. Into 23 Divisions have been grouped the District Associations for better acquaintance, fellowship, and promotion of all of our denominational work and in each Division there is a W. M. U. Chairman who fosters closer cooperation between the Associations of her Division in W. M. U. work by attendance at Associational Quarterly W. M. U. Meetings, sitting in counsel with Associational Executive Committees, reenforcing promotion of particular objects, and preparing for and directing an annual Divisional Meeting. The meetings this fall were average in attendance and interest and brought into contact and fine fellowship, with reemphasis on our W. M. U. ideals, between 3,500 and 4,000 women and many young people.

Associational W. M. U. The Associational Woman's Missionary Union is a unit of force in building strong local organizations and covering the District Association in any W. M. U. extension program. There are 74 Associational Woman's Missionary Unions, one new one having been organized the past year, Dade County. Progress of W. M. U. work in this Association is worthy of special mention. One year ago there were two Woman's Missionary Societies and one Young Woman's Auxiliary in the Association; now there are 7 Societies, 4 Y. W. A.'s, and 7 other Auxiliaries, and the Associational organization is enthusiastic and earnest in its newly found opportunities of fellowship and development. Too much emphasis cannot be put on the distinct W. M. U. quarterly meetings which are indispensible for the stimulation of W. M. U. Aims and for an intelligent support of our denominational program through W. M. U. channels.

Woman's Missionary Societies. Back in the churches where the work is really done we turn to the 696 Woman's Missionary Societies for the real work in missionary education, the instilling of the spirit of obedience to the Great Commission, and to the practical working out of plans that develop and at the same time provide avenues of mission service for its members. There are 696 churches having W. M. U. organizations. There are five churches having a rather unusual distinction of two Missionary Societies each, but more unusual still and certainly are the young people to be commended, there are five other churches having Auxiliaries with no mother Society. There are Missionary Societies in 180 churches today where there were no Societies five years ago. There are Mis-

sionary Societies in 113 more churches than we had five years ago. Sixty-four new Missionary Societies have been organized which is one more than we reported for the same period last year.

Auxiliaries. Many times do we hear one speak of Woman's Missionary Union as "the work of the women" and it is subsequently made clear that in the speaker's mind there are only Woman's Missionary Societies when as a matter of fact the W. M. U. Auxiliaries almost double the number of Societies in Missouri, this plan for the missionary training of young people which should be of deepest concern to women. Of the 1,278 Auxiliaries, 287 are Young Woman's Auxiliaries, presumably unmarried and from the ages of 16 to 25; 477 Girls' Auxiliaries of intermediate and junior age; 227 Royal Ambassador Chapters of intermediate and junior age; and 288 Sunbeam Bands of children from 3 to 9. The Star Ideals of service for and with Christ are set for the young women and girls; kingly service in Christ's world-enterprise brings its challenge to the boys; while the beautiful rays of light in God's world stimulates the tender imagination of the little children. On these young lives are impressed the truth that the light of God's love has come to a dark world and each one who has come to the brightness of its shining is to become its bearer to the ends of the earth. Miss Cynthia Siler, our Young People's Secretary for almost 13 months, has been seeking to lead the young people in W. M. U. Auxiliaries to "walk in the light" that the world round about and to the ends of the earth may come to know of its comfort and gladness. Neither is she unmindful of that great host of Baptist young people who do not have this distinctive training in congenial age groups and adapted programs of study and activity, so she rejoices that 194 new Auxiliaries have been added to the list the past year. Miss Siler's activities have taken her out into the field attending Auxiliary Camps, Summer Assemblies, and Y. W. A. House Parties, 12 in number; attending 26 rallies, conducting 30 conferences, and visiting 5 colleges; participating in 18 schools of missions and mission study institutes, and teaching 28 mission study classes.

Yes, there is strength in organization, and the fellowship and sharing of responsibility in organization engenders strength, but it is the purpose and program of the organizations which provide the fundamental basis of strength in growth and strength in service.

Strength Through W. M. U. Chief Aims

Prayer. Prayer, individual and united, comes first and is both a means of spiritual development and an avenue of Kingdom service. Through the study of well chosen books on Prayer based on

God's Word about prayer, is faith and practice stimulated. The Family Altar is magnified and encouraged, lists of objects for prayer come to us month by month in Royal Service, the daily prayer calendar is a covenant binding our hearts and petitions in a united service, while the Special Seasons of Prayer for World-Wide Missions in December, Home Missions in March, and State Missions in September have held a definite place in the program of Woman's Missionary Union through the years. Whatever W. M. U. has accomplished in its years of history worthy of note must be traced back directly to prayer. Missionary information is not enough. Not until the information brings us to our knees will the "will to do" become positive action. We have no promoter of this Chief Aim of Prayer, neither is there any record kept except in the matter of the number of organizations observing these Seasons of Prayer. Last year 939 W. M. U. Organizations observed the Season of Prayer for Foreign Missions, 1,095 for Home Missions, and 755 for State Missions. Quite likely the time of the year set for these special services has something to do with the difference in these numbers. The number observing the State Mission Prayer program is doubtless smaller because the programs arranged for and given in other services mean a duplication of meetings to most W. M. U. members, and also the last quarter's reports have not all been received. It is to be deeply regretted that there are some W. M. U. organizations that do not observe any one of these three seasons because of the difficulties of getting together in rural sections, failure on the part of leadership, and a lack of understanding of the power of prayer in the ongoing of the Kingdom. Perhaps its need, its privilege, and joy will eventually permeate the thinking of our membership.

Enlistment. Enlistment is a big word and a deep word and immediately suggests a tremendous need and a great task awaiting our serious undertaking. Any apparent or real failure or lack in our cooperative effort must surely be laid at the door of unenlistment, but the responsibility to change the situation should be a tremendous weight on the shoulders of our leadership. We are not without plans of approach or programs for quickening interest or a Source of power in endeavor, but such a hard, discouraging task it is that we cannot stay with it until the desired results are our reward. This report does not tell about the lost organizations or the lost membership in our W. M. U. organizations but we all know that is a part of the record and we could well give more attention in this report to the vast field of enlistment opportunity and remind ourselves that our own enlistment is deepened as we seek to enlist others.

Mission Study. We can tabulate some mission study figures and can know of a surety that there is an abiding benefit touching mental horizons and heart interests that do not go into figures. It is a problem to get people to study even such interesting subjects as mission texts provide; difficult, also, to get many to read missionary periodicals and even our State paper, the WORD AND WAY. Less than one thousand subscriptions to HOME AND FOREIGN FIELDS among Missiouri Baptists is not a very good report. Somewhat more encouraging is quotas reached in subscriptions to ROYAL SERVICE, the W. M. U. magazine for women, to the WINDOW OF Y. W. A., and to WORLD COMRADES, the magazine for Intermediate and junior age boys and girls and for the children of Sunbeam age. It might be interesting to set these figures over against the number of other magazines taken in Baptist homes but that must be an individual matter since such information is not available. The mission study books have included the subjects of prayer, soul-winning, stewardship, W. M. U. history, Bible and missions, a study of mission work in Japan, South America and among the Mexican in our own country, with the "how" to do our work as well. The record shows total Mission Study Classes 1,582, with 15,481 awards. Of this number 1,497 classes and 14,253 awards were in churches; 71 classes and 1,095 awards in associational camps and summer assemblies; one class with 6 awards in the Canal Zone, 1 Sunbeam class with 9 awards in Kansas City, Kansas, and 12 classes and 118 awards to Negro women and young people. Yes, mentally and spiritually we are strengthened as we turn from mission study with a more sympathetic understanding of the peoples of the world.

Personal Service. "Localizing the Commission" is a phrase designating and in a measure defining Personal Service. It is obeying the Great Commission in one's immediate community. It is ministering, in the name of Jesus, to the needs at our door. It is a Christian ministry for Christian results. It is making Christian fellowship practical. It takes into consideration the less privileged, the stranger of whatever race, the Negro so long time with us to be almost forgotten. It calls us to be "friends of Israel." It reminds us that we are followers of Him Who came to seek and to save the lost. These are some of the methods employed—visiting, distributing literature, food, and clothing, conducting cottage prayer meetings, helping in services in institutions and for other groups. A carefully planned program and wisely directed activities insure a service to the church and to the community that is worthy of the missionary spirit. More than half the missionary societies have planned Personal Service programs of activity and the work is di-

rected by a committee, while other Societies and many Auxiliaries are doing some form of Personal Service work.

Stewardship. "Missions Wait on Stewardship and Stewardship Waits on You" has been the conviction deep in the heart of Woman's Missionary Union for many years. To get the thought into the hearts of the membership has called forth many plans of study, of programs, of posters, of slogans, of covenent cards, of playlets, of demonstrations, and of stewardship stories and declamations written and participated in by members of W. M. U. Auxiliaries. It is difficult to persuade people to commit themselves to the practice of tithing and almost as difficult to get what might be considered an accurate record of the number of tithers. New tithers are reported every year and yet the total does not vary greatly, staying just a little above the 4,000 mark, due no doubt partly to the failure to keep a complete record in the Societies. The Stewardship Declamation Contest last year was participated in by members of Auxiliaries in 18 Divisions and from 32 Associations. The contest for Sunbeams, Junior R. A.'s and G. A.'s is concluded in the Divisions by those who passed both church and association elimination. There were 36 of these. The Intermediate R. A.'s and G. A.'s and Y. W. A.'s entered the State Contest at Jefferson City last November. There were 7 R. A.'s, 14 G. A.'s, and 11 Y. W. A.'s. Miss Marjorie Douglas of Bolivar as State Y. W. A. winner attended the Y. W. A. encampment at Ridgecrest in June and was a participant in the South-wide contest. Paul Sanderson, Jr., of Bowling Green, won first honor among the Intermediate R. A.'s, and Norma Louise Coyle, Houston, first place among the G. A.'s. On Friday, November 15, at Columbia, will be held the State Contest for 1935, the Divisional elimination having taken place at the Divisional Meetings just held. Mrs. Magruder, the State Stewardship Director, says: "Reports from everywhere indicate that these efforts are developing a real sense of stewardship and are adding an earnestness to progress in understanding God's plan for financing His Kingdom."

Unquestionably W. M. U. Chief Aims in giving direction to the thought and molding the purpose of the members is a strengthening factor in their development and service.

Strengthening Young Life

Training School. Two Institutions were thrust upon W. M. U. in its earlier history—one an emergency responsibility and the other a gift responsibility—the two institutions which W. M. U. own and control, the W. M. U. Training School, Louisville, Ken-

tucky, and the Margaret Fund Scholarships for children of missionaries whose fields of labor are outside the United States. The graduates of the Training School are scattered over the world, occupying various places of leadership, responsibility and Christian service. There were eight young women from Missouri in the Training School last year, all of whom gave us occasion for grateful pride. Two of them graduated, since which time, one of them has married a Missouri pastor and the other has a church position in Oklahoma City. Five have returned to the school for the second year's work, two of whom are using Missouri Scholarships. Three of these hold the three student offices in the school and were chosen not because they were from Missouri, but because the students considered them best fitted for the different responsibilities. The students are Misses Susan Laureda Adams, Lebanon; Wilma Weeks, Kansas City; Lois Blankenship, Springfield; Flontina Walker, St. Louis; Mary Alice Thompson, Chillicothe; and Miss Nelson, St. Joseph, a first year student.

Margaret Fund. Very dear to Woman's Missionary Union is the provision of the Margaret Fund Scholarship for missionaries' children founded many years ago by an initial gift of a daughter in memory of her mother, for a rest home for missionaries while home on furlough and since has become a scholarship fund which seemed to meet more nearly the real wishes of the missionaries. Many students through the years have gratefully used these scholarships and year by year the Margaret Fund Students in the colleges in the homeland are kept in loving, prayerful remembrance in the hearts of W. M. U. members. Through these institutions the strength of young life is being trained for the service which God may choose to use greatly to His glory.

White Cross

Another activity, peculiarly our own, growing out of the study of Medical Missions and the experience of preparing Red Cross supplies, is the White Cross work. For many years the Warren Memorial Hospital, Hwang-Hsien, China, has been the object of Missouri W. M. U. gifts and warm and grateful have been the words of appreciation from Dr. N. A. Bryan, missionary physician in charge, and Miss Lucy Wright, the missionary nurse.

Contributions

Cooperative Program. The support of the regular work has always been primary in Woman's Missionary Union program, such contributions going to and used at the discretion of the Boards.

For many years the plan of contributing has been for the W. M. U. members to give as church members through the church budget. It has been difficult, almost impossible, to get an accurate report of the amount W. M. U. members are thus giving at present to the Cooperative Program because many churches designate their contributions, many husbands and fathers pledge for the whole family and no separate accounting is made and because in most churches the women find it difficult to get such report from the church treasurer. So far as we can estimate, this associational year Missouri Woman's Missionary Union has contributed something more than $23,000.00 to the Cooperative Program. Neither do we know positively the amount given by W. M. U. members in the designated gifts reported to the General Association except the offerings that are sent direct from the W. M. U. organizations.

Special Offerings. Woman's Missionary Union believes in special offerings also as a means of stimulating the spirit of giving by special appeals and also because of emergencies and needs that cannot be foreseen and included in any budget. From its beginning special prayer seasons with special offerings have been a very definite and vital part of Woman's Missionary Union program and such offerings have been officially approved by the Southern Baptist Convention. These offerings are designed to be "over and above" gifts on the part of the givers but for a number of years now they have been an important part of the support of the regular work of the Boards. The 1934 Lottie Moon Christmas Offering was $9,650.07. A new impetus is given for 1935 in that $30,000.00 of the South-wide offering will be known as the Henrietta Hall Shuck Memorial for work in China in commemoration of the sacrifice and service of the first Baptist woman missionary from America to China one hundred years ago. The 1935 Home Mission Thank Offering was $5,891.96 while the incomplete report of the State Mission Loyalty offering in September is $1,272.60. At its last annual meeting Missouri W. M. U. launched a project looking toward an initial gift of $5,000.00 for a needed missionary building in Bahia, Brazil, which place has a particularly warm place in the hearts of Missouri Baptists because of the number of Missouri missionaries who have labored there. The total received to the present is $3,704.63 for the building from Woman's Missionary Societies and Young Woman's Auxiliaries, and $147.88 from the Auxiliaries for some immediate equipment in connection with the work of the cooking school. We are nearly $1,400.00 short of the goal because so many societies forgot about it and next year another opportunity must be given that the total amount may be in hand and be a truly representative Missouri W. M. U. gift. This report gives only the contributions coming through the State office.

From the Office

The State office also has a large place in determining the strength of the organizations and the quality of the service of the members in its promotion and projection of program and plans of work and in stimulating ideals of loyalty and devotion. There were personal letters, 1,886; form letters of information and instruction, 12,638; the briefer postal cards, 3,871; and packages of literature and special programs and report blanks, 12,227. Many articles for publication regarding all phases of the work have been prepared. The Secretary has given just as much time to field work as the demands of the office would allow and whether in the office or on the field, to faithfully serve kingdom interests through Woman's Missionary Union is her heart's deep and abiding purpose.

Strength From Others

Greatly have we been strengthened by the help of missionaries in our meetings and representatives of the General Union. Miss Kathleen Mallory, Secretary of Woman's Missionary Union, S. B. C., was with us in our Annual Meeting last spring, and Miss Juliette Mather, Young People's Secretary, gave her services in a Y. W. A. City-Wide mission study class last November and with Miss Siler again at Baptist Hill Assembly and in attendance at a number of the Y. W. A. House Parties. Miss Emma Leachman, Home Board Field Worker, gave a month of her time in helping in Schools of Missions and was a speaker at our Annual Meeting. Other missionaries who gave themselves generously to helping in different meetings were Mr. and Mrs. M. G. White, Dr. Jeannette Beall, Dr. and Mrs. N. A. Bryan, Mrs. John Lake, and Mr. and Mrs. I. V. Larson. To all of these we would express our sincere gratitude.

When the Psalmist had given grateful recognition to God's gracious use of human instrumentality, immediately came the realization that what God had wrought He must also make certain and steadfast. And so the prayer, "Strengthen, O God, that which thou hast wrought." Only that which God has wrought could be, or would we have to be, sure and permanent but well do we know that we must look to Him to make the things that have been wrought fruitful and abiding. Truly the Psalmist's prayer becomes the sincere desire of our hearts, "Strengthen, O God, that which thou hast wrought."

MRS. GEORGE McWILLIAMS, President.
MRS. J. G. REYNOLDS, Executive Secretary.

In connection with the report of Mrs. Reynolds, the work of the W. M. U. was demonstrated, the officers of the State union and others taking part, closing with an address by Mrs. W. J. Cox, Nashville, Tenn. Edgar Godbold led in prayer. Report received and filed.

RESOLUTIONS

To God we give thanks for the upturn in fiscal affairs of our institutions as evidenced by the reports submitted at this meeting of the General Association, for the reduction of debts here and there, for increased attendance at our schools and colleges, and for the blessings bestowed upon our churches and for the spirit of brotherhood which prevails.

Resolved, That we declare ourselves for world peace and opposed to the settlement of international disputes by bloodshed and war, and that we support our government in adherence to the policy of peace between this and all other nations.

Resolved, That we voice support of all movements which look to the maintenance of decency and high moral standards in the display of moving picture films, which command now so much of the time and attention of the public.

Resolved, That we deplore the apparent disregard of pre-repeal promises that there should be no return to the saloon, when places for the dispensing of liquor have been established in greater numbers and with greater disregard for public sensibilities than ever before.

Resolved, That we extend thanks to all who have participated upon the program of this meeting, to Dr. J. R. Sampey, President of the Southern Baptist Convention for his splendid devotional addresses, to the visiting speakers, and especially to Brother B. A. Pugh, Pastor of the First Church and his congregation and the other churches of the community for their courtesies.

Resolved, That we call upon all our churches to heartily support The Word and Way, our denominational paper, the Unified Budget, the Hundred Thousand Club, of which our fellow Missouri Pastor, Frank Tripp, is the able leader.

WHEREAS, Our Church Rolls are cluttered with unenlisted members to the hurt of the Churches and the liability of the Kingdom of God, and

WHEREAS, Many of these members are unenlisted because they will not be enlisted no matter what efforts are put forth by the churches, and

WHEREAS, Many are unenlisted because no plan of enlistment is worked by the churches, therefore,

Be it Resolved:

That every church in the State adopt some plan of receiving members by the use of the Church Covenant;

That every church in the State adopt some plan of enlisting members, both as they unite with the church and annually;

And that every church in the State adopt some plan of dismissing unenlisted members after persistent effort is made by the Church to enlist such members and they remain both unenlisted and indifferent.

HUGH STEPHENS,
GASTON W. DUNCAN,
MRS. E. S. PILLSBURY.

The vote on the adoption of the report was postponed for further consideration, but later adopted.

69. On motion the statements concerning the Will Mayfield College, Marble Hill, and the Hardin College, Mexico, as printed in the report of the State Executive Board, were received and filed.

On motion, the report of the State Executive Board as a whole was adopted.

70. A. G. Hause, Kansas City, presented the report of the

PUBLICITY DIRECTOR

It has been a genuine pleasure to serve the General Association during the sessions of the present meeting. The cooperation of Pastor Pugh, both before the sessions began and during our meeting, and the splendid work of the Press have not been surpassed in any city we have ever met in during my services as Publicity Director.

I take this opportunity to thank the two editors of the papers here in Joplin, namely, Mr. Grover Welch of the News-Herald, and Mr. Steve Smith of the Joplin Globe, for their fine cooperation with me in gathering and printing in their papers the news of our sessions. I might say they told me that they had employed extra help so that one of their reporters, Mr. Jack Rouse, could report our meetings, and you are aware of the work done by this young reporter if you have read the papers during these days.

Now, let me here urge that from now on every program committee ask every speaker and everyone who makes any kind of a report to our General Association to come with written resumes of their addresses and reports so that our work can be even more exact

and accurate. It is much better for us to give to the press what we think should be printed than for them to be forced to catch during the public presentation. This will aid all to the satisfaction of all. I assure Missouri Baptists that it is a pleasure and joy to me to be able to serve you in this capacity from year to year. My past newspaper experience thus is being used for the glory of God and the publishing of His Divine dealings with His people.

Let us not be boastful, neither let us be at all timid to tell the world about our achievements and His work. May God help us by His Holy Spirit to do things worthy of publishing to the state and the nation. To this end do I continue as your director of publicity as long as you desire my services and the Lord permits.

ALVIN C. HAUSE.

Report adopted.

71. A. G. Hause, Kansas City, presented a paper on the theme, "An Efficient Church." The paper was discussed by A. G. Hause, Kansas City; E. W. Chewning, El Dorado Springs; E. B. Willingham, St. Louis; P. O. Silvara, Webb City; B. A. Owen, Excelsior Springs; T. G. Pitchford, Butler; Charles R. Smith, Kansas City; E. J. Rogers, Kansas City; S. E. Ewing, St. Louis; F. B. Kinell, Savannah. On motion it was recommended that the paper be submitted to the editors of the Word and Way for publication.

72. The devotional hour of the morning was assigned to John R. Sampey, President Southern Baptist Theological Seminary. Attention was called to portions of Chapters of Isaiah 43, 45, 54, 55, 60, 62. J. R. Sampey led in prayer. Hymn, "My Hope Is Built."

73. E. B. Willingham, St. Louis, presented the report on

FOREIGN MISSIONS

The Foreign Mission Board is moving forward and upward in the face of many difficulties. It gladdens our hearts and revives our spirits to see the constant reduction of the debt. On January 1, 1933, the debt of the Board in the Banks of Richmond was $1,115,000.00. On October 1, 1935, this had been reduced to $532,000.00, or less than half. This has been made possible by special contribu-

tions, the Hundred Thousand Club, the Wade Bryant Plan and the sale of property in Italy and other lands. The current budget is held down strictly to the minimum requirements and we are living within our income. It is the goal of the Board to pay the last dollar of the debt by January, 1938. Missouri Baptists will work toward that end with the other states of the South.

While struggling desperately to reduce the debt, constructive and far reaching plans have been under way in the work of the Board. Since the last meeting of our General Association, when Secretary Maddry spoke upon his tour of the Mission Fields of Europe and Palestine, he and a commission appointed by the Southern Baptist Convention have made a seven-months visit to the Orient to study our work there. Not only did the contact of the Secretary with the missionaries put new spirit into them, but important reorganization steps have been taken to improve the effectiveness of our mission program. M. T. Rankin, one of our outstanding missionaries of rich experience in China, has been made Secretary of the Orient, and he is now in this Country for one year assisting in setting up new plans for China and Japan. Corresponding to him are two other key men. George Green has been made Secretary of Africa, and W. C. Taylor is Secretary of the Latin American countries. While all of these men have new duties and responsibilities, they continue to receive the salaries of missionaries.

Serious loss has come to us in regard to missionary personnel. Very few new recruits have been sent out in the last ten years. The older missionaries have been breaking under the terrific strain. Recently twenty-three missionaries were retired on pension because of age and physical infirmities. A number of resignations have been accepted for good reasons.

At the October meeting of the Board twenty-six new missionaries were appointed and seven former missionaries were reappointed to various fields. Prior to that time some thirty odd missionaries who were kept at home in 1932 without salary had been sent back and several other new missionaries sent out as replacements. It should be clearly understood, however, that these recruits do not increase the roster of missionaries, but merely refill the places made vacant by death, disability and resignation. It should be of special interest to Missouri Baptists that three of the new missionaries go from this state. They are Miss Alberta Steward, of Kansas City, who goes to Bahia, Brazil, and Mr. and Mrs. Leslie A. Thompson, of Forest City, who go to Shiuchow, China.

Two special statements with reference to work in Shanghai will be of interest. One is that the theological seminary in connection with the Shanghai University, which is run jointly by Northern and

Southern Baptists, has been discontinued. The department of Religion of the University does not pretend to equip a minister for his life work so at the proper time our Board may have to consider the desirability of establishing a theological school for advanced students to provide adequate leadership for the future. The other point is that during the past year we have transferred to Chinese Christians property valued at approximately two million dollars in native currency. This is in line with our purpose to assist the native churches to become self-supporting and autonomous as rapidly as possible. Such action does not mean the withdrawal of missionary activity but the extension of it to new and, as yet, undeveloped fields.

One of the most serious problems on all our mission fields is with respect to the rapid deterioration in our property. Churches, chapels, schools, seminary and college buildings are rapidly going to pieces for lack of repairs. Our missionary dwellings everywhere need repairs. Nothing worthwhile in the way of repairs has been done in ten years. Also in the matter of exchange we have lost heavily in most lands. With the devaluation of the American dollar, our mission work abroad suffered severely. In China one year ago, the American dollar was worth three dollars in silver. Today, one dollar is worth only two dollars and forty cents. This means a great loss to the missionary and falls hardest on our native pastors, evangelists and Bible women.

The blessing of God rests unmistakably on our Foreign Mission work. Let Missouri Baptists give themselves with new zeal to the support of this great cause with ardent prayers and generous gifts.

EDWARD B. WILLINGHAM.

E. B. Willingham presented to the Association Mr. and Mrs. Leslie Thompson, Forest City, Mo., recently appointed to mission work in China, and called the attention of the Association to the recent departure of Miss Alberta Steward, Kansas City, for Bahia, Brazil. The Association then listened to an address by M. T. Rankin, Oriental Secretary, Foreign Mission Board, Richmond, Va. Scripture Reading, II Corinthians 5:11-19. J. F. Vines, Kansas City, led in prayer. Report adopted.

74. Edgar Godbold, Kansas City, made a statement concerning the Brotherhood work in the State, announc-

ing the following officers recently elected: President, Irving L. Bush, Clinton; Vice President, Courts Redford, Bolivar; Secretary, F. L. Stufflebam, Bolivar; and the following additional members of the Executive Board: Minetry L. Jones, St. Joseph; E. E. King, St. Louis; W. C. Goodson, Macon.

75. Announcement was made of the illness of Ivan Larsen, Kansas City, one of our missionaries in North China, home on furlough, and on motion the Secretary was instructed to express sympathy and greetings to Mr. Larsen.

76. Appropriate words were spoken by Moderator Walter C. Goodson. The Association joined in singing the hymn, "God Be With You Till We Meet Again." M. T. Rankin, Richmond, Va., led in prayer.

On motion the Association adjourned.

WALTER C. GOODSON, Moderator.
S. E. EWING, Secretary.

The meeting was called to order at 2:30, October 21, by Vice President, W. W. Pierce, Pastor of Wyatt Park Church, St. Joseph. The theme of the meeting was, "Of these Things Put Them in Remembrance," II Timothy 2:14. The song leader, E. R. Clawson, Linwood Boulevard Church, Kansas City, served efficiently and helpfully throughout the meeting. A. A. DuLaney, Carthage, read the Scriptures, and prayer by D. F. Risk, Pastor of Water Tower Church, St. Louis, followed.

FINAL SESSION: W. W. Pierce called the meeting to order. J. H. Toppass, Billings, led in prayer, after which L. E. Lamb, Nevada, conducted the devotional. E. J. Rogers, Kensington Ave. Church, Kansas City, read the report of the committee on "Pastorless Churches and Churchless Pastors," in which was expressed the futility of such committee and which suggested the dismissal of such committee. A. J. Dahlby, Broadway Church, Kansas City, moved that the committee be continued until the mid-year meeting, and the program committee for same be requested to give ample time for discussion of this problem. Carried.

Dr. H. I. Hester, Liberty, read the report of the Committee on Ministers' Circulating Library, giving the information that the two-hundred-thirty-eight books in same were not being very widely used. He urged support and use of the Library by the Brethren. E. W. Chewning, El Dorado Springs, moved that the Officers of the Conference ask the Executive Board of the General Association to provide sufficient funds for the Library, that the fifty cent membership fee might be eliminated. Carried.

Dr. Hester moved that the officers of the Conference name a successor to J. Lee Harris, Swope Park Church, Kansas City, as a member of the committee as a result of Brother Harris' illness. Carried.

The Secretary presented a bill of $3.55 incurred by W. W. Pierce in the arrangement of the program. The bill was allowed.

The election of officers for the ensuing year resulted as follows: President, W. W. Pierce, St. Joseph; Vice President, G. C. Greenway, East Church, Sedalia; Secretary-Treasurer, Carl A. McIntire, Carrollton.

A. J. Dahlby addressed the Conference on "The Minister's Attitude Toward the Present Liquor Problem." Its ills and the evils attendant were called to our attention as was also our opportunity and our responsibility in this distressing situation. There followed a season of prayer.

The President of the Conference, D. H. Willett, First Church, Sedalia, was introduced and expressed his regret that he had been unable to attend the meetings previously, being delayed because of a funeral.

Dr. Robert I. Wilson, First Church, Kansas City, then brought the final message of the Conference, taking as his theme, "Some Basic Beliefs of Jesus." This address brought us face to face with the fundamentals of the Gospel of Jesus and challenged us to strive for their fulfilment. Adjourned.

W. W. PIERCE, Vice President, Presiding.
CARL A. McINTIRE, Secretary-Treasurer.

MINUTES MISSOURI BAPTIST BROTHERHOOD MEETING, JOPLIN, MO., OCTOBER 22, 1935

The ministers and laymen met in a joint session in the Junior Sunday School rooms of the First Baptist Church of Joplin at 1:20 P. M., Tuesday, October 22, 1935. The meeting was called to order by President Irving L. Bush, this being the annual business meeting of the Brotherhood and Laymen's work of the State to be held in conjunction with the State Baptist Association.

After some statements regarding the work and plans for the future by Chairman Bush, Dr. Godbold was called upon to discuss the status of the Brotherhood in the State. He stated that there are now over fifty organizations that are functioning and doing good Brotherhood work and that we hope soon to have a total of one hundred Brotherhoods throughout the State. He stated that we ought to have a paid secretary for the laymen's work in the State and suggested someone be authorized to outline a program for the year's work for 1936. Moderator Walter C. Goodson was then called upon and approved the suggestions of Dr. Godbold. He moved that we proceed with the election. This was seconded and carried.

Irving L. Bush was then nominated for re-election. After vote was taken, Mr. Bush was unanimously re-elected for his fifth year as President of the Laymen's work in the State of Missouri. Courts Redford was nominated and elected as Vice-President, and F. L. Stufflebam was elected Secretary. An Executive Committee was then nominated and elected composed of the following men: Walter Goodson, Minitry Jones, E. E. King, Irving L. Bush, Courts Redford. Motion was passed that as early as possible a paid Secretary be secured. E. C. Abernathy spoke on the importance of getting a Secretary and the work that could be done. Motion to adjourn. S. W. Driggers acted as Secretary.
