

HOW CP WORKS [IN MISSOURI]

LEGACY CHURCH REPLANTS

“WE ARE JUST AMAZED”

“...at what God has done. Today, there are all generations ... interacting, doing life together, living in community, but also worshiping and digging into Scripture.”

Mark Fugitt, Teaching Pastor, Mountain Grove Family Church

RESOURCES

“The vibrant growth of Mountain Grove Family Church is made possible, in part, because people give to their local church, which then gives to the Cooperative Program.”

Rick Hedger
Multiplying Churches Catalyst
Missouri Baptist Convention

NEEDS

“There are more needs out there than we currently have the resources to help. But, with generous giving through CP, we have the opportunity to help more churches in the coming year.”

Spencer Hutson
Liaison
Missouri Baptist Convention

HOPE

A legacy church replant happens when a healthy, disciple-making church partners with a struggling church in its community. The result is more than a church death averted; it's transformational hope reborn.
